But I Don ' t Want to Be the President: Were the American People Listening? By: Rev. Dr. McNair Ramsey When children say, "But I don't want to!", their words are sometimes accompanied by temper tantrums and other nonverbal cues that prove their stubbornness. When the 45th President of the United States exhibited these same nonverbal cues, he too was telling us, "I don't want to!" Through an examination of the character, lifestyle, and actions of the 45th President, this book breaks down how he showed the American public that he did not want to be the President at all. This book emphasizes the importance of maintaining a democracy and the need to vote for capable individuals who will respect the laws and documents that govern our nation. Voters will be reminded of what can occur when we do not elect capable, moral, and proven individuals to leadership roles. If the

American people were not listening when the 45th President was elected, they should listen now.

Do you feel all the feels—all the time? Are you fed up with the mainstream spiritual "love and light" scene that calls for constant positivity, even in the face of true loss, trauma, and pain? If so, this book is for you. I Don't Want to Be an Empath Anymore is a gift for the jaded empath searching for authenticity in spirituality, and spirituality in being authentic—something beyond the clichéd, positive affirmations that seem to invalidate our anger, sadness, and pain. When we feel broken—and when real damage has been done, it's not always helpful to ignore our feelings and tell ourselves that we are perfect and whole. In this refreshingly honest guide, shamanic practitioner Ora North offers practical

exercises to help you navigate your intuition and empathic sensitivities, create much-needed boundaries, and build confidence. You'll also learn to balance your emotions and energy, and harness the strength of your shadow side to embrace your whole self and live your best life. Like the Japanese craft known as Kintsugi—the art of repairing broken pottery using a lacquer dusted with powdered gold—the process of acknowledging and repairing our fragmented selves can make us even more beautiful than before, cracks and all. In this book, you won't find platitudes or attempts to whitewash your experiences. What you will find are real, practical tools and guidance to help you make the most of your unique abilities.

One of NPR ’ s Best Books of 2020 One of Time ’ s 100 Must-Read Books of 2020 From the New York Times bestselling author of I Can ’ t Date Jesus, which Vogue called “ a piece of personal and cultural storytelling that is as fun as it is illuminating, ” comes a wry and insightful essay collection that explores the financial and emotional cost of chasing your dreams. Ever since Oprah Winfrey told the 2007 graduating class of Howard University, “ Don ’ t be afraid, ” Michael Arceneaux has been scared to death. You should never do the opposite of what Oprah instructs you to do, but when you don ’ t have her pocket change, how can you not be terrified of the consequences of pursuing your dreams? Michael has never shied away from discussing his struggles with debt, but in I Don ’ t Want to Die Poor, he reveals the extent to which it has an impact on every facet of his life—how he dates; how he seeks medical care (or in some cases, is unable to); how he wrestles with the question of whether or not he should

have chosen a more financially secure path; and finally, how he has dealt with his “dream” turning into an ongoing nightmare as he realizes one bad decision could unravel all that he’s earned. You know, actual “economic anxiety.” *I Don’t Want to Die Poor* is an unforgettable and relatable examination about what it’s like leading a life that often feels out of your control. But in Michael’s voice that’s “as joyful as he is shrewd” (BuzzFeed), these razor-sharp essays will still manage to make you laugh and remind you that you’re not alone in this often intimidating journey.

I Don't Want to Wait! AuthorHouse The pages of this book tell of our predestination, which was planned by God from the beginning of time. No doubt about it, God has a purpose for everyone. His purpose for us existed before we even hit planet earth. "I chose you before I formed you in the womb; I set you apart before you were born. I appointed you a prophet to the nations" (Jeremiah 1:5 HCSB). God forms each person. Then, He strategically configures each person's trials, situations, and circumstances, tailor-made for

them. Each is to accomplish His divine purpose—even the fragmented pieces that are affected by our own choices. He throws nothing away! It all works for our good. "For I know the plans I have for you'-this is the Lord's declaration-'plans for your welfare, not for disaster, to give you a future and a hope'" (Jeremiah 29:11 HCSB). Author Phyllis Matthews allows you to witness her personal transformation in action. She put God to the challenge. She was clueless in her life until she allowed God to navigate her steps. "A man's heart plans his way, but the Lord determines his steps" (Proverbs 16:9 HCSB). Her perception of her life was her reality; it was not God's interpretation. In other words, God had a different picture than what she was seeing or viewing.
