Greek Angels in the Lion's Den is a candid and passionately written memoir, eight years in the making, introducing the reader to a motherless daughter. Nicolette worked hard to discover her roots and identity while living with a mean-spirited and abusive Greek "stepmother" and an aloof, womanizing Greek father. This memoir addresses more than what one thinks exists in Greek households and what has been portrayed in a popular Greek film and its sequel. On the contrary, this memoir delves deeply into spousal and child abuse, alcoholism, ethnocentrism, racism, poverty, sports fame, health issues, the Greek underworld, sexism, arranged Greek marriages, and the effects these issues have had on the mental and physical health of those family members and friends.

The Greek's Christmas Baby Harlequin

Consumed by a myth about Zeus, a magic sword, and soul mates, Greek-American professor Thair Mylopoulos-Wright has spent much of her life searching for her Other Half. At thirty-one, she spends a summer in Greece; there, alone on a tranquil island, she begins writing stories about her grandmother's experiences in 1940s Egypt, her mother's youth in 1960s Greece, and finally, her own life in contemporary America—trying to make sense of her future by exploring the past. Spanning Thair's life from thirty-one to thirty-six, *The Greek Persuasion* explores human sexuality, the complexity of mother-daughter relationships, and the choices women of different generations make when choosing—or settling—for “Mr. (or Ms.) Good Enough.” Will Thair ever find that missing part of her that Zeus chopped off with his magic sword? Or is the concept of *The One* just one big fairy tale that has left her searching for someone who doesn't exist?

It Was Greek to Me is the story of a young American diplomat in the 1970s. Pat Ferguson served as the Assistant Cultural Attaché at the U.S. Embassy in Athens, Greece. She also fell in love with a writer known as Greece's Hemingway. Pat came of age in a very exotic locale, far removed from the influences of her home, her family and her church. Debbie Matenopoulos, the first member of

her family born in America, grew up in a traditional Greek household, eating delicious, authentic Greek cooking that her family had passed down for generations. By the time Debbie had started her television career in New York on The View, she began eating a standard American diet. But despite carefully limiting how much she ate, she found herself gaining weight and lacking energy. As Debbie's career as an entertainment news reporter and television host on BS, MTV, E!, and other networks had her constantly on the go, she was grabbing whatever food was readily available. It was only when she returned to her traditional Greek diet that she found herself easily—and healthily—realizing her natural weight and regaining her natural energy, stamina, and physique. Now, in It's All Greek to Me, Debbie shares 120 of her family's traditional Greek recipes and adds her own touch to make them even healthier and easier to prepare. After tasting Debbie's dishes, such as her mouthwatering version of Spanakopita (Spinach Feta Pie), Kalamaria Kaftera (Spicy Calamari), her family's secret recipe for Baklava, and, of course, Arni kai Patates (Classic Roasted Leg of Lamb with Potatoes)—you'll be amazed these delicious foods are good for you. With a foreword by Dr. Michael Ozner, one of the nation's leading cardiologists, the recipes in It's All Greek to Me adhere to the healthiest diet on the planet: the traditional Mediterranean Diet. Modern science is catching up to what Greeks have known for millennia: health comes from eating natural, whole-food ingredients that haven't been processed or pumped full of hormones, antibiotics, or preservatives. Let It's All Greek to Me bring your friends and family together to share in the experience of a Greek meal and way of

life. Opa! A portion of all proceeds will benefit the ALS Association.

The Girl of His Dreams & Playing by the Greek's Rules Harlequin

In Greece, women speak of mothering as "within the nature" of a woman. But this durable association of motherhood with femininity exists in tension with the highest incidence of abortion and one of the lowest fertility rates in Europe. In this setting, how do women think of themselves as proper individuals, mothers, and Greek citizens? In this anthropological study of reproductive politics and ethics in Athens, Greece, Heather Paxson tracks the effects of increasing consumerism and imported biomedical family planning methods, showing how women's "nature" is being transformed to meet crosscutting claims of the contemporary world. Locating profound ambivalence in people's ethical evaluations of gender and fertility control, Paxson offers a far-reaching analysis of conflicting

assumptions about what it takes to be a good mother and a good woman in modern Greece, where assertions of cultural tradition unfold against a backdrop of European Union integration, economic struggle, and national demographic anxiety over a falling birth rate.
