The Extraordinary True Story of One Man's Survival in Warsaw, 1939-1945 Penguin
Stasiland tells true stories of people who heroically resisted the communist dictatorship of East Germany, and of people who worked for its secret police, the Stasi. Internationally hailed as a classic, it is ‘ fascinating, entertaining, hilarious, horrifying and very important ’ (Tom Hanks) and ‘ a heartbreaking, beautifully written book. ’ (Claire Tomalin). East Germany was one of the most intrusive surveillance states of all time. One in 7 people spied on their friends, family and colleagues. In ‘ the most humane and sensitive way ’ (J.M. Coetzee) Funder tells the true stories of four people who had the extraordinary courage to refuse to collaborate with the Stasi, and the price they paid. She meets Miriam Weber, who was imprisoned at 16 after scaling the Berlin Wall. She drinks with the legendary “ Mik Jegger ” of the Eastern Bloc who was ‘ disappeared ’. And she finds former Stasi men who defend their regime long past its demise, and yearn for the second coming of Communism. Stasiland won the Samuel Johnson Prize for best non-fiction published in English in 2004. It was a finalist for the Guardian First Book Award, the W.H. Heinemann Award, the Index Freedom of Expression Awards, The Age Book of the Year Awards, the Queensland Premier ’ s Literary Award and the Adelaide Festival Awards for Literature (Innovation in Writing). It is read in schools and universities in many countries, and has been adapted for CD and the stage by The National Theatre, London.

[I Love Toy Trains](#) Odyssey Editions
American transportation has undergone many technological revolutions: from sailing ships to steam ships; from canals to railroads; from steam to Diesels; from horse cars to electric streetcars; from passenger trains and urban rail transit to airplanes and automobiles. Normally, the government has allowed and even encouraged these revolutions, but for some reason the federal government is spending billions of dollars trying to preserve and build obsolete rail transit and passenger train lines, including high-speed trains that cost more but are less than half as fast as flying. In Romance of the Rails, rail fan and transportation policy expert Randal O'Toole asks why passenger trains have been singled out and whether this policy makes sense. To answer this question, the book looks at the history of both intercity and urban rail transportation going back to 1825. The Golden Age of rail passenger travel, from about 1890 to 1920, depended on job and population concentrations that no longer exist today. Moreover, even during that Golden Age, most rail travel was confined to the elites, while a majority of Americans rarely if ever rode a streetcar or intercity train. Federally subsidized efforts to return to that Golden Age, through subsidies to Amtrak and local transit agencies, are doing more harm than good to personal mobility. Instead, the transportation of the future will rely on America's 4 million miles of roads and air travel that requires minimal infrastructure.

[Love and Other Train Wrecks](#) HarperCollins
“The innocence of childhood collides with the stark aftermath of war in this wrenching and ultimately redemptive tale of family, seemingly impossible choices, and the winding paths to destiny, which sometimes take us to places far beyond our imaginings.” – Lisa Wingate, #1

New York Times Bestselling Author of Before We Were Yours and The Book of Lost Friends
"Ardone’s beautifully crafted story explores the meaning of identity and belonging...recommended to fans of Elena Ferrante’s Neapolitan novels." – The Library Journal “[The Children’s Train] leaves you with a great sense of the importance of family and the tough decisions that must be faced as a result of that love.” – Shelf Awareness Based on true events, a heartbreaking story of love, family, hope, and survival set in post-World War II Italy—written with the heart of Orphan Train and Before We Were Yours—about poor children from the south sent to live with families in the north to survive deprivation and the harsh winters. Though Mussolini and the fascists have been defeated, the war has devastated Italy, especially the south. Seven-year-old Amerigo lives with his mother Antonietta in Naples, surviving on odd jobs and his wits like the rest of the poor in his neighborhood. But one day, Amerigo learns that a train will take him away from the rubble-strewn streets of the city to spend the winter with a family in the north, where he will be safe and have warm clothes and food to eat. Together with thousands of other southern children, Amerigo will cross the entire peninsula to a new life. Through his curious, innocent eyes, we see a nation rising from the ashes of war, reborn. As he comes to enjoy his new surroundings and the possibilities for a better future, Amerigo will make the heartbreaking choice to leave his mother and become a member of his adoptive family. Amerigo’s journey is a moving story of memory, indelible bonds, artistry, and self-exploration, and a soaring examination of what family can truly mean. Ultimately Amerigo comes to understand that sometimes we must give up everything, even a mother's love, to find our destiny. Translated from the Italian by Clarissa Botsford

An award-winning account of a crisis in railroad history: “This absorbing book takes you on an entertaining ride.” —Chicago Tribune A saga about one of the oldest and most romantic enterprises in the land—America’s railroads—The Men Who Loved Trains introduces the chieftains who have run the railroads, both those who set about grabbing power and big salaries for themselves, and others who truly loved the industry. As a journalist and associate editor of Fortune magazine who covered the demise of Penn Central and the creation of Conrail, Rush Loving often had a front-row seat to the foibles and follies of this group of men. He uncovers intrigue, greed, lust for power, boardroom battles, and takeover wars and turns them into a page-turning story. He recounts how the chairman of CSX Corporation, who later became George W. Bush’s Treasury secretary, managed to make millions for himself while his company drifted in chaos. Yet there were also those who loved trains and railroading—and who played key roles in reshaping transportation in the northeastern United States. This book will delight not only the rail fan, but anyone interested in American business and history. Includes photographs
Barefoot Books

A rhyming story about noses of all kinds.

#1 New York Times Bestseller - Winner of the Pulitzer Prize - Winner of the National Book Award - Winner of the Andrew Carnegie Medal for Excellence in Fiction - Longlisted for the Man Booker Prize One of the Best books of the Year: The New York Times, The Washington Post, NPR, The Boston Globe, The Seattle Times, HuffPost, Esquire, Minneapolis Star Tribune Look for Whitehead's acclaimed new novel, The Nickel Boys, available now Cora is a young slave on a cotton plantation in Georgia. An outcast even among her fellow Africans, she is on the cusp of womanhood--where greater pain awaits. And so when Caesar, a slave who has recently arrived from Virginia, urges her to join him on the Underground Railroad, she seizes the opportunity and escapes with him. In Colson Whitehead's ingenious conception, the Underground Railroad is no mere metaphor: engineers and conductors operate a secret network of actual tracks and tunnels beneath the Southern soil. Cora embarks on a harrowing flight from one state to the next, encountering, like Gulliver, strange yet familiar iterations of her own world at each stop. As Whitehead brilliantly re-creates the terrors of the antebellum era, he weaves in the saga of our nation, from the brutal abduction of Africans to the unfulfilled promises of the present day. The Underground Railroad is

both the gripping tale of one woman's will to escape the horrors of bondage--and a powerful meditation on the history we all share.
[The Pianist](#) I Love Trains!
Do you love trains? Do you love adventure? If so, join Tom Chesshyre on his meandering rail journey across Europe from London to Venice. Escaping the rat race for a few happy weeks, Chesshyre indulges in the freedom of the tracks. From France (dogged by rail worker strikes), through Belgium, the Netherlands, Germany and Poland he goes, travelling as far east as Odessa by the Black Sea in Ukraine. With no set plans, simply a desire to let the trains lead the way, his trip takes him onwards via Hungary, the Balkans and Austria. Along the way he enjoys many an encounter, befriending fellow travellers as well as a conductor or two. This is a love letter to Europe, written from the trackside.

A People-powered Campaign to Electrify America's Railroads and Open Corridors to a Clean Energy Future Metropolitan Books
A BEST BOOK OF 2021 FOR THE GUARDIAN * FINANCIAL TIMES * TIMES LITERARY SUPPLEMENT * MINNEAPOLIS STAR TRIBUNE * THE TIMES Hailed as a remarkable literary discovery, a lost novel of heart-stopping intensity and harrowing absurdity about flight and persecution in 1930s Germany Berlin, November 1938. Jewish shops have been ransacked and looted, synagogues destroyed. As storm troopers pound on his door, Otto Silbermann, a respected businessman who fought for Germany in the Great War, is forced to sneak out the back of his own home. Turned away from establishments he had long patronized, and fearful of being exposed as a Jew despite his Aryan looks, he boards a train. And then another. And another . . . until his flight becomes a frantic odyssey across Germany, as he searches first for information, then for help, and finally for escape. His travels bring him face-to-face with waiters and conductors, officials and fellow outcasts, seductive women and vicious thieves, a few of whom disapprove of the regime while the rest embrace it wholeheartedly. Clinging to his existence as it was just days before, Silbermann refuses to believe what is happening even as he is beset by opportunists, betrayed by associates, and bereft of family, friends, and fortune. As his world collapses around him, he is forced to concede that his nightmare is all too real. Twenty-three-year-old Ulrich Boschwitz wrote The Passenger at breakneck speed in 1938, fresh in the wake of the Kristallnacht pogroms, and his prose flies at the same pace. Taut, immediate, infused with acerbic Kafkaesque humor, The Passenger is an indelible portrait of a man and a society careening out of control.

The Goodnight Train Random House Books for Young Readers
The Solutionary Rail vision draws unlikely allies together. It provides common cause to workers, farmers, tribes, urban and rural communities via the tracks and corridors that connect them. Part action plan and part manifesto, this book launches a new people-powered campaign to transform the way we use trains and the corridors they travel through.

The Underground Railroad HarperCollins

[A Novel](#) Anchor Books
Readers will say, "Yes, yes, yes!" From the moment Bella wakes up, her day goes wrong. She hates her breakfast egg, she won't share, she has a hurting foot, her supper is too hot, and her bath is too cold. And then it's no, no, no to bedtime. But at last a yawn, a story, and a kiss from mother end the day, with the promise of a cheerful tomorrow. Every parent, teacher, and caregiver will respond to this hilariously accurate portrait of one toddler with a case of the Terrible Twos!
A Novel HarperCollins
Transit expert Christof Spieler has fully updated and expanded his popular book Trains, Buses, People to include eight Canadian cities and two new US cities (Indianapolis and San Juan, Puerto

Rico). In *Trains, Buses, People*, Second Edition: An Opinionated Atlas of US and Canadian Transit, Spieler profiles the 49 metropolitan areas in the US and eight metropolitan areas in Canada that have rail transit or BRT, using data, photos, and maps for easy comparison. The best and worst systems are ranked and Spieler offers analysis of how geography, politics, and history complicate transit planning. *Trains, Buses, People*, Second Edition will help any citizen, professional, or policymaker with a vested interest evaluate a transit proposal and understand what makes transit effective and how to make it inclusive.

My No No No Day HarperCollins

A long-suppressed and moving true testament to the strength of the human spirit and the power of music recounts the World War II experiences of a professional Warsaw pianist who, though losing his family, survives the Holocaust in hiding. Reprint. 25,000 first printing.
