Dante Liakos had yet another challenge to overcome in securing his business empire's future, but this one was much more personal in nature – the need for a wife and an heir. Without them, he could lose control of the empire he had worked so hard to rebuild and expand. However, as he had found so many times before, turning a challenge into a success was about recognizing the right opportunity and acting upon it decisively. In Jayden Hart, he saw such an opportunity, enclosed in the rare combination of innocence, beauty and brilliance - a combination he couldn't resist despite his attempts to remain aloof from the relationship! Normally poised and self-assured, Jayden's world had taken an alarming turn. What initially had seemed like a nuisance was quickly becoming a significant threat to her business, her family, and her whole way of life! And she had no idea how to avoid catastrophe. Dante's suggested solution presented a potential lifeline, but with what strings attached? Would the solution be worse than the crisis that had required it? And how was she to avoid falling in love with her secret husband?

married. I am the head of StormFronts. A company I built literally from nothing. My friend and father think It's time for me to settle down and start a family. They are right. Jorge leaving the country meant one thing for me. A huge heartbreak. I wanted to take all of our annoying memories and trash them. And I wanted to help when his company financials looked shady. Look, Jorge is a smart man. But he's still a... man. Which means that he slept with his business partner and regretted it. And that one decision landed him in trouble. Well, now... pretending that he has a fake wife is the only way out. I've been many things to him. But a fake wife? That one's going to be hard, mostly for one reason. I just wish he'd admit that we're way more than just fake. But knowing him, he'll give me another real heartbreak instead of a real engagement ring.

I've hated him since middle school. The effortlessly popular, lacrosse superstar, beautiful, blue-eyed nightmare Emerson Sawyer. Funny thing is, he didn't even know I existed until our senior year, when his mom started hooking up with my dad. Now he torments me in the hallways, calling me "Sis" whenever he gets the chance, relishing in the fact that I can't hide my blushing whenever he's around. Even though I can't stand him, my body betrays me-and he loves it. Emerson and his mom just moved in with us, and as if crushing on him wasn't weird enough, now our bedrooms share a wall. The sexual tension keeps building between us, but I know nothing can ever happen...especially now that our parents are engaged. I try to tell myself that I hate him, that he's wrong for me, that we'll never be together...So why did I agree to play Seven Minutes in Heaven at his girlfriend's high school party? And why does Emerson suddenly have my panties in his hands? Stepbrother Billionaire is a Stand-alone novel. It contains adult themes, harsh language, and graphic sexual content.

Continuing the story between Richard and Elizabeth, Beth, this book takes place over the course of their honeymoon. They each give the other gifts that enhance their kinky lifestyle. While money is no object for Richard, and now Beth as his wife, they still prove the best gifts don't cost a financial dime. The cost lies in the trust placed in the intimate acts between two people. While toys enhance the experiences, only the raw vulnerability of giving over your most innermost self to another is priceless." JustAnotherPerson 5 stars

"Thanks for another great story Another fast, hot, party melting read by Simone Leigh. I enjoy all her stories but I have to say I have a soft spot for Elizabeth and Richard because even though they practice BDSM they are still so sweet about it. Not as hardcore as some of her stories that I love too."
