BAYARD RUSTIN POSTHUMOUSLY
AWARDED THE 2013
PRESIDENTIAL MEDAL OF

FREEDOM A master strategist and tireless activist, Bayard Rustin is best remembered as the organizer of the 1963 March on Washington, one of the largest nonviolent protests ever held in the United States. He brought Gandhi's protest techniques to the American civil rights movement and played a deeply influential role in the life of Martin Luther King, Jr., helping to mold him into an international symbol of nonviolence. Despite these achievements, Rustin often remained in the background. He was silenced,

threatened, arrested, beaten, imprisoned, and fired from important leadership positions, largely because he was an openly gay man in a fiercely homophobic era. Here we have Rustin in his own words in a collection of over 150 of his eloquent, impassioned letters; his correspondents include the major progressives of his day — including Eleanor Holmes Norton, A Philip Randolph, Roy Wilkins, Ella Baker, and of course, Martin Luther King Jr. Bayard Rustin's ability to chart the path "from protest to

politics" is both timely and deeply informative. Here, at last, is direct access to the strategic thinking and tactical planning that led to the successes of one of America's most transformative and historic social movements. "Rustin was a life-long agitator for justice. He changed America — and the world — for the better. This collection of his letters makes his life and his passions come vividly alive, and helps restore him to history, a century after this birth. *I Must Resist* makes for inspiring reading." —John D'Emilio, author of *Lost Prophet: The Life and Times of Bayard Rustin* "A vital addition to the history of the civil rights movement by an exceptionally determined, vital and creative force who was invaluable to Martin Luther King Jr and A. Philip Randolph among many others." -- Nat Hentoff "Bayard Rustin's courageously candid letters, most of which have never before been available to researchers, provide fascinating glimpses into the private life of one of history's most reticent public figures." -- Clayborne Carson, Founding Director of the Martin Luther King Jr.

Research and Education Institute at Stanford University "Bayard Rustin was a committed but very complicated person. This marvelously annotated collection of letters explain the spirit, and evolution of the thoughts and actions of an often overlooked key figure in the 20th century civil and human rights movement." -- Mary Frances Berry, Geraldine Segal Professor of American Social Thought, University of Pennsylvania, and former Chair United States Commission on Civil Rights "All aspects of Rustin's experiences are captured in these letters, including his struggles with opponents dedicated to silencing him as an international symbol of nonviolent protests against racial injustice. This remarkable and deeply moving publication is a must-read." -- William Julius Wilson, Lewis P. and Linda L. Geyser University Professor, Harvard University Bayard Rustin (March 17, 1912 – August 24, 1987) was an American leader in social movements for civil rights, socialism, pacifism and non-violence, and gay rights. *I Must Resist* Cleis Press Start

The writings of the openly gay advisor to Martin Luther King cover five decades of insights into Ghandi's influence on African Americans, white supremacists in Congress, the anti-war movement, and the assassination of Martin Luther King. *Remembering Medgar Evers* Cleis Press From Pulitzer Prize-winning author Taylor Branch, the second part of his epic trilogy on the American Civil Rights Movement. In the second volume of his three-part history, a monumental trilogy that began with *Parting the Waters*, winner of the Pulitzer Prize and the National Book Critics Circle Award, Taylor Branch portrays the Civil Rights Movement at its zenith, recounting the climactic struggles as they commanded the national stage. *The Riot Within* Hyperion Chronicles the Montgomery, Alabama bus boycott sparked by Mrs. Rosa Park's refusal to give up her seat to a white male, describing the plans and problems of a nonviolent campaign, reprisals by the white community, and the eventual attainment of desegregated [Martin Luther King Jr., Homosexuality, and the Early Gay Rights Movement](#) Springer A biography of Bayard Rustin, a skillful organizer behind the scenes of the American civil rights movement whose ideas stongly influenced Martin

Luther King, Jr.

The Historic Unfulfilled Promise Calkins
Creek Books

Martin Luther King, Jr., was not an advocate of homosexual rights, nor was he an enemy; however both sides of the debate have used his words in their arguments, including his widow, in support of gay rights, and his daughter, in rejection. This fascinating situation poses the problem that Michael G. Long seeks to address and resolve.

Stride Toward Freedom City Lights

Publishers

A biography for younger readers about one of the most influential activists of our time, who was an early advocate for African Americans and for gay rights. "Bayard had an unshakable optimism, nerves of steel, and, most importantly, a faith that if the cause is just and people are organized, nothing can stand in our way."—President Barack Obama "Bayard Rustin was one of the great organizers and activists of the Civil Rights Movement. Without his skill and vision, the historic impact of the March on Washington might not have been possible. I am glad this biography will make young people aware of his life and his incredible contribution to American history.—Congressman John Lewis "'We need, in every community, a group of angelic troublemakers,' declared Bayard Rustin in the late 1940s. A proponent of nonviolent resistance and a stalwart figure in the civil rights movement, Rustin organized a profound and peaceful milestone in American history—the 1963 March on Washington. . . . Troublemaker for Justice describes not only how Rustin orchestrated the March on Washington in

two months but also how he stood up for his Quaker principles throughout his life. The three authors, Jacqueline Houtman, Walter Naegle and Michael G. Long, show the difficulties Rustin faced as a gay black man in 20th-century America, and that he shouldered them with strength, intelligence, and a quest for peace and justice."—Abby Nolan, The Washington Post "An excellent biography that belongs in every young adult library. Readers will find Rustin ' s story captivating; his story could encourage young people to fight for change."—Michelle Kornberger, Library Journal,*Starred Review "In today's political landscape, this volume is a lesson in the courage to live according to one's truth and the dedication it takes to create a better world."—Kirkus Reviews, *Starred Review "A long-overdue introduction to a fascinating, influential change maker."—Publishers Weekly, *Starred Review "This biography is an indispensable addition to the literature of both civil and gay rights."—Michael Cart, Booklist, *Starred review Bayard Rustin was a major figure in the Civil Rights movement. He was arrested on a bus 13 years before Rosa

Parks and he participated in integrated bus rides throughout the South 14 years before the Freedom Riders. He was a mentor to Dr. Martin Luther King, Jr., teaching him the techniques and philosophy of Gandhian nonviolent direct action. He organized the March on Washington in 1963, one of the most impactful mobilizations in American history. Despite these contributions, few Americans recognize his name, and he is absent from most history books, in large part because he was gay. This biography traces Rustin's life, from his childhood and his first arrest in high school for sitting in the "whites only" section of a theater, through a lifetime of nonviolent activism. Praise for *Troublemaker for Justice*: "In *Troublemaker for Justice* children and teens can finally discover the story of the man who possibly was the most influential person in the struggle for Civil Rights—Bayard Rustin."—Rob Sanders, author of *Pride: The Story of Harvey Milk and the Rainbow Flag Teachers: Discussion Guide Available! Bayard Rustin City Lights Books

In the first-ever *Seven Seas* history of the world's female buccaneers, *Pirate Women: The Princesses, Prostitutes, and Privateers Who Ruled the Seven Seas* tells the story of women, both real and legendary, who through the ages sailed alongside—and sometimes in command of—their male counterparts. These women came from all walks of life but had one thing in common: a desire for freedom. History has largely ignored these female swashbucklers, until now. Here are their stories, from ancient Norse princess Alfhild and warrior Rusla to Sayyida al-Hurra of the Barbary corsairs; from Grace O'Malley, who terrorized shipping operations around the British Isles during the reign of Queen Elizabeth I; to Cheng I Sao, who commanded a fleet of four hundred ships off China in the early nineteenth century. Author Laura Sook Duncombe also looks beyond the stories to the storytellers and mythmakers. What biases and agendas motivated them? What did they leave out? *Pirate Women* explores why and how these stories are told and passed down, and how history changes depending on who is recording it. It's the most comprehensive overview of women pirates in one volume and chock-full of swashbuckling adventures that pull these unique women from the shadows into the spotlight that they deserve.

Who Speaks for the Negro? Rutgers

University Press

From youth violence, to the impact of high stakes educational testing, to editorial hand wringing over the moral failures of hip-hop culture, young people of color are often portrayed as gang affiliated, "troubled," and ultimately, dangerous. *The Hip-Hop Generation Fights Back* examines how youth activism has emerged to address the persistent inequalities that affect urban youth of color. Andreana Clay provides a detailed account of the strategies that youth activists use to frame their social justice agendas and organize in their local communities. Based on two years of fieldwork with youth affiliated with two non-profit organizations in Oakland, California, *The Hip-Hop Generation Fights Back* shows how youth integrate the history of social movement activism of the 1960s, popular culture strategies like hip-hop and spoken word, as well as their experiences in the contemporary urban landscape, to mobilize their peers. Ultimately, Clay's comparison of the two youth organizations and their participants expands our understandings of youth culture, social movements, popular culture, and race and

ethnic relations.

How Cancer Crossed the Color Line I Must Resist

"A highly relevant, inclusive collection of voices from the roots of resistance. . . . Empowering words to challenge, confront, and defy."--Kirkus Reviews "This book fights fascism. This book offers hope. We The Resistance is essential reading for those who wish to understand how popular movements built around nonviolence have changed the world and why they retain the power to do so again."—Jonathan Eig, author of *Ali: A Life* "This comprehensive documentary history of non-violent resisters and resistance movements is an inspiring antidote to any movement fatigue or pessimism about the value of protest. It tells us we can learn from the past as we confront the present and hope to shape the future. Read, enjoy and take courage knowing you are never alone in trying to create a more just world. Persevere and persist and win, but know that even losing is worth the fight and teaches lessons for later struggles."—Mary Frances Berry, author of *History Teaches Us to Resist: How Progressive Movements Have Succeeded in Challenging Times* "We the Resistance illustrates the deeply rooted, dynamic, and multicultural history of nonviolent resistance and progressive activism

in North America and the United States. With a truly comprehensive collection of primary sources, it becomes clear that dissent has always been a central feature of American political culture and that periods of quiescence and consensus are aberrant rather than the norm. Indeed, the depth and breadth of resistant and discordant voices in this collection is simply outstanding."—Leilah Danielson, author of *American Gandhi: A.J. Muste and the History of American Radicalism in the Twentieth Century* While historical accounts of the United States typically focus on the nation's military past, a rich and vibrant counterpoint remains basically unknown to most Americans. This alternate story of the formation of our nation—and its character—is one in which courageous individuals and movements have wielded the weapons of nonviolence to resist policies and practices they considered to be unjust, unfair, and immoral. *We the Resistance* gives curious citizens and current resisters unfiltered access to the hearts and minds—the rational and passionate voices—of their activist predecessors. Beginning with the pre-Revolutionary era and continuing through the present day, readers will directly encounter the voices of protesters sharing instructive stories about their methods (from sit-ins to tree-sitting) and opponents (from Puritans to Wall Street

bankers), as well as inspirational stories about their failures (from slave petitions to the fight for the ERA) and successes (from enfranchisement for women to today's reform of police practices). Instruction and inspiration run throughout this captivating reader, generously illustrated with historic graphics and photographs of nonviolent protests throughout U.S. history.

Pirate Women Harper Collins

BAYARD RUSTIN POSTHUMOUSLY AWARDED THE 2013 PRESIDENTIAL MEDAL OF FREEDOM Bayard Rustin's life story told in his own words through his intimate correspondence, published on the centennial of his birth.

[Troublemaker for Justice](#) Simon and Schuster
The New Negro Artist in Paris analyzes the experiences and works of six African American artists who lived and worked in Paris during the Jazz Age sculptors Elizabeth Prophet and Augusta Savage, and painters Palmer Hayden, Hale Woodruff, Archibald J. Motley, Jr., and Albert Alexander Smith. More than 120 works of art are analyzed, many never before published. These artists exhibited the works they created in Paris at prestigious salons in France and in the United States, winning fellowships, grants, and awards. Leininger-Miller argues that it was study abroad that won these artists critical acclaim, establishing their reputations as some of the most significant

leaders of the New Negro movement in the visual arts. She begins her study with a history of the debut of African American artists in Paris, 1830 – 1914, then provides readers with rarely seen profiles of each of the six artists from their birth through the end of their time abroad. Finally, Leininger-Miller examines patterns and differences in these individuals' backgrounds and development, their patronage in the United States and France, their shared experiences abroad, and the impact their study in Paris had on the rest of their careers. This Nonviolent Stuff'll Get You Killed Simon and Schuster

NEW YORK TIMES BESTSELLER • “ A powerful study of how to bear witness in a moment when America is being called to do the same. ” —Time James Baldwin grew disillusioned by the failure of the civil rights movement to force America to confront its lies about race. What can we learn from his struggle in our own moment? Named one of the best books of the year by Time, The Washington Post, and the Chicago Tribune • Winner of the Stowe Prize • Shortlisted for the Goddard Riverside Stephan Russo Book Prize for Social Justice “ Not everything is lost. Responsibility cannot be lost, it can only be abdicated. If one refuses abdication, one begins again. ” —James Baldwin Begin Again is one of the great books on James Baldwin and a powerful reckoning with America ’ s ongoing

failure to confront the lies it tells itself about race. Just as in Baldwin ’ s “ after times, ” argues Eddie S. Glaude Jr., when white Americans met the civil rights movement ’ s call for truth and justice with blind rage and the murders of movement leaders, so in our moment were the Obama presidency and the birth of Black Lives Matter answered with the ascendance of Trump and the violent resurgence of white nationalism. In these brilliant and stirring pages, Glaude finds hope and guidance in Baldwin as he mixes biography—drawn partially from newly uncovered Baldwin interviews—with history, memoir, and poignant analysis of our current moment to reveal the painful cycle of Black resistance and white retrenchment. As Glaude bears witness to the difficult truth of racism ’ s continued grip on the national soul, *Begin Again* is a searing exploration of the tangled web of race, trauma, and memory, and a powerful interrogation of what we must ask of ourselves in order to call forth a new America. *Lost Prophet* Basic Books

Looks at the life of Bayard Rustin, an organizer behind the scenes of the civil rights movement whose ideas influenced Martin Luther King, Jr. [The Harder You Work, the Luckier You Get](#) NYU Press

The award-winning national bestseller,

Walking with the Wind, is one of the most important records of the American civil rights movement as told by a true American hero, John Lewis, who Cornel West called a “ national treasure. ” An eloquent and gripping first-hand account of the turbulent struggle for civil rights and the willingness and courage to change the course of history. Forty years ago, a teenaged boy named John Lewis stepped off a cotton farm in Alabama and into the epicenter of the struggle for civil rights in America. The ideals of nonviolence which guided that critical time of American history established him as one of the movement's most charismatic and courageous leaders. Lewis's leadership in the Nashville Movement—a student-led effort to desegregate the city of Nashville using sit-in techniques based on the teachings of Gandhi—established him as one of the movement's defining figures and set the tone for the major civil rights campaigns of the 1960s. During this decade, he was repeatedly a victim of violence and intimidation, but his singular belief in non-violent action, inspired by his mentor, Dr. Martin Luther King, was a defining characteristic of his leadership and vision. In

1986, he ran and won a congressional seat in Georgia, and remains in office to this day. *Walking with the Wind* is the story of an American hero. A boy from rural Alabama whose journey led him to Washington, and whose vision and perseverance changed a nation.

I Must Resist Simon and Schuster New York Times Bestseller What J. D. Vance did for Appalachia with *Hillbilly Elegy*, CNN analyst and one of the youngest state representatives in South Carolina history Bakari Sellers does for the rural South, in this important book that illuminates the lives of America's forgotten black working-class men and women. Part memoir, part historical and cultural analysis, *My Vanishing Country* is an eye-opening journey through the South's past, present, and future. Anchored in Bakari Seller's hometown of Denmark, South Carolina, *Country* illuminates the pride and pain that continues to fertilize the soil of one of the poorest states in the nation. He traces his father's rise to become, friend of Stokely Carmichael and Martin Luther King, a civil rights hero, and member of the

Student Non-Violent Coordinating Committee (SNCC), to explore the plight of the South's dwindling rural, black working class—many of whom can trace their ancestry back for seven generations. In his poetic personal history, we are awakened to the crisis affecting the other “Forgotten Men & Women,” who the media seldom acknowledges. For Sellers, these are his family members, neighbors, and friends. He humanizes the struggles that shape their lives: to gain access to healthcare as rural hospitals disappear; to make ends meet as the factories they have relied on shut down and move overseas; to hold on to precious traditions as their towns erode; to forge a path forward without succumbing to despair. *My Vanishing Country* is also a love letter to fatherhood—to Sellers' father, his lodestar, whose life lessons have shaped him, and to his newborn twins, who he hopes will embrace the Sellers family name and honor its legacy.

Panther HarperCollins
"Examining a century of twists and turns in anti-cancer campaigns, this path-breaking study shows how American cancer awareness, prevention, treatment, and survival have been

refracted through the lens of race. As cancer went from being a white woman's nemesis to a "democratic disease" to a fearsome threat in communities of color, experts and the lay public interpreted these trends as lessons about women, men, and the color line. Drawing on film and fiction, on medical and epidemiological evidence, and on patients' accounts, Keith Wailoo tracks cancer's transformation--how theories of risk evolved with changes in women's roles and African-American and new immigrant migration trends, with the growth of federal cancer surveillance, economic depression and world war, and with diagnostic advances, racial protest, and contemporary health activism. A pioneering study of health communication in America, the book skillfully documents how race and gender became central motifs in the birth of cancer awareness, how patterns and perceptions changed, and how the "war on cancer" continues to be waged along the color line"--Provided by publisher.

Why Gold? Why Now? Harper San Francisco
In honor of the fiftieth anniversary of Robert Francis Kennedy's death, an inspiring collection of his most famous speeches accompanied by commentary from notable historians and public figures. Twenty-five years after Bobby Kennedy was assassinated, RFK:

His Words for Our Times, a celebration of Kennedy ' s life and legacy, was published to enormous acclaim. Now, a quarter century later, this classic volume has been thoroughly edited and updated. Through his own words we get a direct and intimate perspective on Kennedy ' s views on civil rights, social justice, the war in Vietnam, foreign policy, the desirability of peace, the need to eliminate poverty, and the role of hope in American politics. Here, too, is evidence of the impact of those he knew and worked with, including his brother John F. Kennedy, Lyndon Johnson, Martin Luther King, Jr., and Cesar Chavez, among others. The tightly curated collection also includes commentary about RFK ' s legacy from major historians and public figures, among them Barack Obama, Bill Clinton, Eric Garcetti, William Manchester, Elie Wiesel, and Desmond Tutu. Assembled with the full cooperation of the Kennedy family, RFK: His Words for Our Times is a potent reminder of Robert Kennedy ' s ability to imagine a greater America—a faith and vision we could use today.
