Caught in the everyday reality of household life, fifteen-year-old Tsomo is suddenly called upon to travel when her mother dies. She makes her first journey to a faraway village to light the ritual butter lamps in her mother's memory. Beginning here, her travels take her to distant places, across Bhutan and into India. As she faces the world, a woman alone, Tsomo embarks on what becomes a life journey, in which she begins to find herself, and to grow as a person and a woman. The first novel by a woman to come out of the Himalayan kingdom of Bhutan, *The Circle of Karma*, written in English, is rich in detailed descriptions of ritual life in Bhutan. The measured pace of its prose, the many

nuances of the story, the different levels at which the narrative works, weave a complex tapestry of life in which the style and content are closely interwoven, each informing and enriching the other.

This book addresses the issue of trauma and psychic wounds to stage a confrontation between psychoanalysis and contemporary neurobiology. In so doing, it reevaluates the brain as an organ that is not separated from psychic life but rather appears as its very locus. A philosophical approach of the "new wounded" (brain lesion patients) forms the matter of the confrontation.

Don Juan of Austria, one of history's most triumphant and inspiring heroes, is reborn in this opulent novel by Louis de Wohl. Because of the circumstances of his birth, this last son of Emperor Charles the Fifth spent his childhood in a Spanish peasant's

hut. Acknowledged by King Philip as his half-brother, the attractive youth quickly became a central figure in a Court where intrigues and romances abounded. Don Juan's intelligence, kindness and devout attachment to the Church enabled him to live in an environment of unscathed luxury, violence and treachery. De Wohl paints in brilliant color scenes at the Court of King Philip, Juan's campaign against barbaric Moriscos in Andalusia and the climatic victory at Lepanto where he saved the Christian world from Islamic dominance. *The Last Crusader* abounds in vivid scenes and characters. Who can forget the sadistic nature of the Prince of Asturias, the spirituality of Fray Juan de Calahorra, the scheming of beautiful Princess Ana of Eboli, the barbaric siege of Malta, or Emperor Charles the Fifth waiting for death, in

his stygian throne room? Here is a novel of high adventure which brings to life the turbulence of the sixteenth century with its extremities of the wickedness and piety, its sins of pride and conquest, its seething heresies. With his strong talent for exciting historical narrative, Louis de Wohl adds another great dynamic novel to his already lustrous career.

Berk 0205957609 / 9780205957606 Development Through the Lifespan Family Dancing Forms of Living Since the emergence of rock'n'roll in the early 1950s, there have been a number of live musical performances that were not only memorable in themselves, but became hugely influential in the way they shaped the subsequent trajectory and development of popular music. Each, in its own way, introduced new styles, confronted existing practices, shifted accepted definitions, and provided templates for others to follow. Performance and Popular Music explores these processes by focusing on some of the specific occasions when such transformations occurred. An international array of scholars reveal that it is through the (often disruptive) dynamics of performance - and the interaction between performer and audience - that patterns of musical change and innovation can best be recognised. Through multi-disciplinary analyses which consider the history, place and

time of each event, the performances are located within their social and professional contexts, and their immediate and long-term musical consequences considered. From the Beatles and Bob Dylan to Michael Jackson and Madonna, from Woodstock and Monterey to Altamont and Live Aid, this book provides an indispensable assessment of the importance of live performance in the practice of popular music, and an essential guide to some of the key moments in its history.

This is a historical and theoretical examination of French baroque court ballet from approximately 1573 until 1670. Spanning the late Renaissance and the Baroque, it brings aesthetic and ideological criteria to bear on court ballet libretti, period accounts, contemporaneous performance theory, and

related commentary on dance and movement in literature. It studies the formal choreographic apparatus that characterises late Valois and early Bourbon ballet spectacle and how its changing aesthetic ultimately reflected the political situation of the nobles who devised et performed court ballets.

But first, I have to ignore the urge to kiss and touch and make Mira mine again.

--EXCERPT-- I grab her waist, guiding her back against the shelves. She kisses my cheekbone, nibbles my earlobe. "We can't do this here." That nibble shoots straight to my groin. "I beg to differ. Thirty years ago, David Leavitt first appeared on the literary scene with a gutsy story collection that stunned readers and reviewers. Just twenty-

three, he was hailed as a prodigy of sorts: "remarkably gifted" (The Washington Post), with "a genius for empathy" (The New York Times Book Review) and "a knowledge of others' lives . . . that a writer twice his age might envy" (USA Today). "Regardless of age," wrote the New York Times, "few writers so effortlessly achieve the sense of maturity and earned compassion so evident in these pages." In "Territory," a well-intentioned, liberal mother, presiding over her local Parents of Lesbians and Gays chapter, finds her acceptance of her son's sexuality shaken when he arrives home with a lover. In the title story, a family extended through divorce and remarriage dances together at the end of a summer party-in the recognition that they are still bound by the very forces that split them apart. Tender and funny, these stories reveal the intricacies and subtleties of the dances in which we all engage.
