The International Association of Fire Chiefs (IAFC) represents the leadership of firefighters and emergency responders worldwide; our members are the world's leading experts in firefighting, emergency medical services, terrorism response, hazardous materials spills, natural disasters, search and rescue, and public safety policy.

*Curriculum Skills Manual, Chapter 6 - Hazardous Materials*

The IAFF's Hazardous Materials Training programs offer high level training to first responders by focusing on common-sense strategies to recognize hazardous materials, prevent or minimize exposure and defensively control the incident. These strategies can help lower incidents of injuries and fatalities.

Chapters 24-26 - Hazardous Materials Awareness and Operations (FFI JPR's) Chapter 27 - NIMS-ICS (FF I, FF II, and Hazmat JPR's) IFSTA worked with the UL Firefighter Safety Research Institute (UL-FSRI) staff to incorporate the latest research on fire behavior and fire attack. This updated research is found throughout the text.
