Written by two practising Business and Management teachers, Peter Stimpson and Alex Smith, it features the following topics: Business organisation and environment; Human resource management; Finance and accounts; Marketing; Operations management.

## Oxford IB Diploma Programme: IB Prepared:

**Business Management** Hodder Education  
Offering an unparalleled level of assessment support, IB Prepared: Business Management has been developed directly with the IB to provide the most up-to-date, authentic and authoritative guidance on DP assessment.

**Interview Questions and Answers** Oxford University Press, USA  
This brand new textbook covers all of the core topics found on Introduction to Management modules, and the author's clear, accessible writing style guides students through the world of management. The book also goes a step further to encourage students to develop a critical mindset and think about academic debates around the subject. Innovative Skillsets linked to each substantive chapter integrate practical skills with the topics. Skills such as time management, critical analysis, referencing, personal development planning and reviewing literature are included. Clear, step-by-step guidance helps students develop each skill, understand why it is important, and see how the topic is relevant to practical applications in the real world of business. A truly international range of case studies broadens students' horizons and encourages them to look beyond the standard examples from the UK and America. Emerging markets are becoming ever more important in the rapidly changing

business environment, a fact reflected by the inclusion of case studies from the Middle East, Latin America and Africa. Key features  
Designed to help boost students' academic grades and employability through the provision of integrated Skillsets, which link practical skills with topics in the textbook. These innovative features also clearly demonstrate the relevance of the theoretical material to the real world. A truly international range of case studies broadens students' horizons and encourages them to look beyond the standard set of UK and American examples. Emerging economies are given more attention with detailed analysis of case studies from the Middle East, Latin America and Africa. Case studies analyse service and manufacturing industries, not-for-profit organisations as well as public and private companies. Entrepreneurs, managers and leaders are also covered to provide students with management insights from key practitioners from a range of sectors. Critical reflection boxes encourage students to develop a critical mindset and consider the academic debates behind the theories. A range of online resources to give students more insight into management. Detailed podcast interviews with practitioners expand upon the features in the textbook, and a library of video links offers a variety of contemporary and stimulating material to engage students.

## Contemporary international business in the Asia-Pacific region OUP Oxford

This book approaches strategy-making in a way that is designed to assist most organizations develop strategy appropriate to their size, purpose and resources. It provides a much-needed guide to the strategy-making process by: elaborating the key concepts and theories of strategic management; by illustrating through case vignettes the issues inherent in the process of strategy-making; and by providing extensive and detailed practical guidelines on the methods, techniques and tools employed in the case vignettes. Key themes explored are: the crucial significance of political feasibility; the role of participation; emphasis on stakeholder

management; thinking about alternative futures within the overall process of strategy development.

For this reason, a sound understanding of regional economies, communities and operational challenges is critical for any international business manager working in a global context. With an emphasis on 'doing business in Asia', Contemporary International Business in the Asia-Pacific Region addresses topics that are driving international business today. Providing content and research that is accessible to local and international students, this text introduces core business concepts and

comprehensively covers a range of key areas, including trade and economic development, dimensions of culture, business planning and strategy development, research and marketing, and employee development in cross-cultural contexts. Written by authors with industry experience and academic expertise, Contemporary International Business in the Asia-Pacific Region is an essential resource for students of business and management. Higher Level Hodder Education

Principles of Management is designed to meet the scope and sequence requirements of the introductory course on management. This is a traditional approach to management using the leading, planning, organizing, and controlling approach. Management is a broad business discipline, and the Principles of Management course covers many management areas such as human resource management and strategic management, as well behavioral areas such as motivation. No one individual can be an expert in all areas of management, so an additional benefit of this text is that specialists in a variety of areas have authored individual chapters. For the Ib Diploma Macmillan International Higher Education
