Chemistry for the IB Diploma Coursebook with Free Online Material Hodder Education

Developed in cooperation with the IB, this student-friendly, concept-based Course Book has been comprehensively updated to support all aspects of the new English A: Language and Literature syllabus, for first teaching in September 2019. With in-depth coverage of the new Areas of Exploration, global concerns, concepts and conceptual questions, the resource provides a clear and accessible route through the course - from text selection and analysis to assessment. The IB English A: Language and Literature Course Book is available in print, online and as a print and online pack.

Theory and Policy Taylor & Francis

This comprehensive and engaging text, developed in cooperation with the IB, follows the new curriculum for first assessment in 2022. With accessible, engaging lessons students will actively relate economics to real-world issues and the global economy. The international examples and case studies encourage students to analyse economics in terms of present-day challenges and concerns. Conceptual

links are provided to help students understand the over-arching big questions that relate economics to the multi-faceted challenges of the world economy including how it works and changes over time. Through inquiry-based tasks and links to TOK and ATL activities students will gain a deep understanding of economics. Practice activities will develop the skills required to succeed in the IB assessment including exam-style questions and data response questions. Clear explanations will help students achieve assessment success. About the Series: Oxford's IB Diploma Course Books are essential resource materials designed in cooperation with the IB to provide students with extra support through their IB studies. Course Books provide advice and guidance on specific course assessment requirements, mirroring the IB philosophy and providing opportunities for critical thinking.
