Alternative Assessments With
Gifted and Talented Students
provides a concise and
thorough introduction to
methods for identifying gifted
students in the school setting.
Including overviews of
assessment tools and
alternative methods of
assessment, as well as

pertinent discussions
concerning the need to identify
gifted and talented students,
this book combines research
and experience from top
scholars in the field of gifted
education in a convenient
guide for teachers,
administrators, and gifted
education program directors.
Topics covered include the
need for nonverbal testing with
traditionally unidentified
students; the identification of
students from minority
populations; the value of using
traditional assessments with
students; the role of creativity
tools as a measure of
giftedness; and the use of
portfolios, products, and
performance-based
assessment to document
learning; among others. This
handy guide to assessing and
identifying gifted students is a
necessity for anyone serving
and working with this
population. A service
publication of the National
Association for Gifted Children
(Washington, DC)This
designation indicates that this

book has been jointly developed with NAGC and that this book passes the highest standards of scholarship, research, and practice.
