Americans love talk shows. In a typical week, more than 13 million Americans listen to Rush Limbaugh, whose syndicated radio show is carried by about 600 stations. On television, Oprah Winfrey's syndicated talk show is seen by an estimated 30 million viewers each week. Talk show hosts like Winfrey and Limbaugh have become iconic

figures, frequently quoted and capable of inspiring intense opinions. What they say on the air is discussed around the water cooler at work, or commented about on blogs and fan web sites. Talk show hosts have helped to make or break political candidates, and their larger-than-life personalities have earned them millions of fans (as well as more than a few enemies). Icons of Talk highlights the most groundbreaking exemplars of the talk show genre, a genre that has had a profound influence on American life for over 70 years. Among the featured: • Joe Pyne • Jerry Williams • Herb Jepko • Randi Rhodes • Rush Limbaugh • Larry King • Dr. Laura Schlesinger • Steve Allen • Jerry Springer • Howard Stern. • Oprah Winfrey • Don

---

Francisco • Cristina Saralegui • Tavis Smiley • James Dobson • Don Imus Going behind the scenes, this volume showcases the techniques hosts used to motivate (and sometimes aggravate) audiences, and examines the talk show in all of its various formats, including sports-talk, religious-talk, political-talk, and celebrity-talk. Each entry places the talk format and its hosts into historical context, addressing such questions as: What was going on in society when these talkers were on the air? How did each of them affect or change society? What were the issues they liked to talk about and what reaction did they get from listeners and from critics? How were talk hosts able to persuade people to vote for particular candidates or support certain policies?

Which hosts were considered controversial and why? Complete with photographs, a timeline, and a resource guide of sources and organizations, this volume is ideal for students of journalism and media studies.

Media Studies Weidenfeld & Nicolson  
EBONY is the flagship magazine of Johnson Publishing. Founded in 1945 by John H. Johnson, it still maintains the highest global circulation of any African American-focused magazine.

strikes. Sit back and enjoy the ride.' Peter Frankopan, author of *The Silk Roads* '[An] engaging and well-researched book... Jenner brings his material to vivid life' Observer Celebrity, with its neon glow and selfie pout, strikes us as hypermodern. But the famous and infamous have been thrilling, titillating, and outraging us for much longer than we might realise. Whether it was the scandalous Lord Byron, whose poetry sent female fans into an erotic frenzy; or the cheetah-owning, coffin-sleeping, one-legged French actress Sarah Bernhardt, who launched a violent feud with her former best friend; or Edmund Kean, the dazzling Shakespearean actor whose monstrous ego and terrible alcoholism saw him nearly murdered by his own audience - the list of stars whose careers burned bright before the Age of Television is extensive and thrillingly varied. In this ambitious history, that spans the Bronze Age to the coming of Hollywood's Golden Age, Greg Jenner assembles a vibrant cast of over 125 actors,

---

singers, dancers, sportspeople, freaks, demigods, ruffians, and more, in search of celebrity's historical roots. He reveals why celebrity burst into life in the early eighteenth century, how it differs to ancient ideas of fame, the techniques through which it was acquired, how it was maintained, the effect it had on public tastes, and the psychological burden stardom could place on those in the glaring limelight. DEAD FAMOUS is a surprising, funny, and fascinating exploration of

both a bygone age and how we came to inhabit our modern, fame obsessed society.

---

complexity Allows students to move within the media they know while increasing comprehension  
Subject Guide to Forthcoming Books Oxford University Press

Since her entree to the Hollywood scene in the 1960s, Raquel Welch has been a symbol of glamour and sex appeal whose honesty, high energy, and self-deprecating sense of humor are greatly admired by all her fans. She has won a Golden Globe for her role in *The Three Musketeers*, starred in many films, including *One Million Years, B.C.*, which featured her classic iconic image of a cavewoman clad in a fur bikini, and played the role of a transsexual opposite Mae West in the cult favorite *Myra Breckenridge*. Whether refusing to change her name to Debbie--because producers considered "Raquel" too ethnic--or to lie about her age, even to the detriment of her career, she has

evolved elegantly over time into a true champion for women who defy traditional aging. In *Raquel: Beyond the Cleavage*, Raquel opens up about her internal struggles to age gracefully in the often-harsh spotlight of Hollywood and to make peace with the sometimes uncomfortable mantle of "sex symbol," at the same time dispensing precious tips to all women about staying young in mind and body. She discloses the challenges of hitting forty and suffering all the ensuing stereotypes; how to cope with fifty, menopause, and shifting gears; and continuing into your sixties, sometimes with the challenges of dating and decisions about cosmetic surgery, all the while laying bare her own experiences of aging and maintaining and successful acting career. The book reveals the secrets of diet, exercise, and healthy living--including her early devotion to yoga and fitness--that she devised

---

over the years, as well as the hair, makeup, and dressing tips that have allowed her to remain effortlessly beautiful into her late sixties. While her book will be a must-have for every woman in the baby boomer generation, her warm, often comically irreverent voice and her priceless advice, based on decades of experience in one of the toughest arenas for women, will have wide appeal. Raquel Welch remains one of the most vital and enduring female icons of her day. Cincinnati Magazine Gilad James Mystery School "Unto a Good Land offers a distinctive narrative history of the American people -- from the first contacts between Europeans and North America's native inhabitants, through the creation of a modern nation, to the standing of the United States as a world power. Written by a team of distinguished historians led by David Edwin Harrell, Jr. and Edwin S. Gaustad, this textbook shows how grasping the uniqueness of the

American experiment depends on understanding the role of religion as well as social, cultural, political, and economic factors in shaping U.S. history. A common shortcoming of most United States history textbooks is that while, in recent decades, they have expanded their coverage of social and cultural history, they still tend to shortchange the role of religious ideas, practices, and movements in the American past. "Unto a Good Land addresses this shortcoming in a balanced way. The authors recognize that religion is only one of many factors that have influenced our past -- one, however, that has often been neglected in textbook accounts. This volume gives religion its appropriate place in the story. "Unprecedented coverage of the forces that have shaped the history of the United States While none of America's rich history is left out, this volume is the first U.S. history textbook to give serious attention to the religious dimension of American life. This textbook is not a religious history; instead, it offers an account of

---

American history that includes religious ideas, practices, and movements whenever they played a shaping role. "Comprehensive and current This volume traces the American story from the earliest encounters between the first North American inhabitants and Europeans through the 2004 presidential election. Complete and balanced treatment is also given to issues of gender, race, and ethnicity, as well as cultural, political, and economic forces. "A clear and compelling narrative The authors are more than expert historians; they are also talented writers who recognize history to be the retelling of human life. United by a seamless narrative structure, these chapters restore the bstoryb to history. "Multiple formats specially designed for flexible classroom use "Unto a Good Land is available as a single hardcover edition or as two paperback volumes, offering maximum flexibility when adapting curriculum for one- and two-semester courses in U.S. history. The two paperback volumes can be used for U.S. history

survey courses divided at 1865 or 1900 -- or at any date in between. "Informative special features to complement the text In addition to the book's exceptional narrative, an array of special features enhances the instructional value of the text and points students to resources for further study. "Includes assistance for teaching and test preparation The instructor's manual for "Unto a Good Land provides helpful suggestions for lesson plans and assignments, and the test bank provides multiple-choice and essay questions for use as study aids, quizzes, or tests. "Suitable for instruction at both secular and religious colleges and universities Drawing on their experience in both secular and religious schools, the authors have ensured that this textbook is suitable for U.S. history classes in a wide variety of settings.

Challenging assumptions that have underpinned critiques of globalisation and combining cultural theory with media industry analysis, Keane, Fung and Moran give a groundbreaking account of the evolution of television in the post-broadcasting era, and how programming ideas are creatively redeveloped and franchised in East Asia. In this first comprehensive study of television program adaptation across cultures, the authors argue that adaptation, transfer, and recycling of content are multiplying to the point of marginalising other economic and cultural practices. They also show that significant re-modelling of local TV production practices occur when adaptation is genuinely responsive to local values. Examples of East Asian format adaptations include Survivor, Who Wants

to be a Millionaire?, The Weakest Link, Coronation Street, and Idol.

Over the sixty years of his existence, Batman has encountered an impressive array of cultural icons and has gradually become one himself. This acclaimed book examines what Batman means and has meant to the various audiences,

groups and communities who have tried to control and interpret him over the decades. Brooker reveals the struggles over Batman's meaning by shining a light on the cultural issues of the day that impacted on the development of the character. They include: patriotic propaganda of the Second World War; the accusation that Batman was corrupting the youth of America by appearing to promote a homosexual lifestyle to the fans of his comics; Batman becoming a camp, pop culture icon through the ABC TV series of the sixties; fans' interpretation of Batman in response to the comics and the Warner Bros. franchise of films.

### Icons of Talk Routledge

This three-volume set is a valuable resource for researching the history of American television. An encyclopedic range of information documents how television forever changed the face of media and continues to be a powerful influence on

---

society. What are the reasons behind enduring popularity of television genres such as police crime dramas, soap operas, sitcoms, and "reality TV"? What impact has television had on the culture and morality of American life? Does television largely emulate and reflect real life and society, or vice versa? How does television's influence differ from that of other media such as newspapers and magazines, radio, movies, and the Internet? These are just a few of the questions explored in the three-volume encyclopedia *TV in the USA: A History of Icons, Idols, and Ideas*. This expansive set covers television from 1950 to the present day, addressing shows of all genres, well-known programs and short-lived series alike, broadcast on the traditional and cable networks. All three volumes lead off with a keynote essay regarding the technical and historical features of the decade(s) covered. Each entry on a specific show investigates the narrative, themes, and history of the program; provides comprehensive information about when the show started and ended, and why; and identifies the star players, directors, producers, and other key members of the crew of each television production. The set also features essays that explore how a particular program or type of show has influenced or reflected American society, and it includes numerous sidebars packed with interesting data, related information, and additional insights into the subject matter.
