A Comprehensive Guide Cambridge English

Everything you need to know about IELTS Speaking in one book!
What exactly do you have to do to get a particular band score?
Which easy-to-learn words and phrases can improve your score quickly? What should you include in your answers to impress the examiner? Which aspects of grammar or pronunciation should you focus on? Anyone aiming for band 6 or higher in IELTS Speaking needs targeted practise and easy-to-follow explanations. This book - the result of years of IELTS examination experience - provides the most up-to-date information and an extensive bank of topics and questions with suggestions on how to create impressive answers that demonstrate to the examiner that your English is of a high standard. The first part of the book gives an overview of the IELTS speaking test and its requirements in terms of the test criteria. It includes sections on vocabulary, grammar and parts of speech that students can use to help them meet the requirements for a score of band 6 or above. The second part of the book provides 60 topic areas

for the three parts of the test with questions and suggestions for creating individual answers and for active practice with a partner. These topics and questions are based on actual topics and questions that appear in the IELTS Speaking Module. There is, inevitably, some overlap of topic areas. However, this reflects the situation that students are likely to meet in the real IELTS speaking test. The suggestions provided with the topics and questions are not the only ways to answer the questions, but they provide starting points for candidates who are having difficulty finding ideas. Students should, of course, aim to supplement them with others that they have learnt during their English studies and with their own ideas based on their personal experiences.

How to Prepare for Speaking In Ielts Cambridge English

BIG DISCOUNT - ONLY for this WEEKEND!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!

Most people would agree that an OK score in speaking is 5 or 6. Many students now realise that a score of 5 or 6 for speaking is not enough for their study requirements. Many students spend months preparing for the IELTS speaking test and still find it

difficult to score 7 or higher. In fact some candidates actually score lower than they potentially could have scored. There are a few reasons behind this poor performance and these will be discussed in detail throughout this book, but one major factor is the lack of quality material available for IELTS speaking preparation. There are a number of IELTS speaking books on the market but this book aims to break new ground by focusing on how to prepare for and achieve a speaking score of 7 (or maybe higher). All of the skills and strategies presented in this book are typical of a high scoring speaking candidate. This book is intended for anyone who intends to take the IELTS test; it will also help learners of English improve their speaking skills. It is suitable for both classroom use and self-study.
