Bridging Idealism and Realism Macmillan
Diem 's alliance with Washington has long been seen as a Cold War relationship gone bad, undone by either American arrogance or Diem 's stubbornness. Edward Miller argues that this misalliance was more than just a joint effort to contain communism. It was also a means for each side to shrewdly pursue its plans for nation building in South Vietnam.

Dallas 1963 Rowman & Littlefield Publishers
On two consecutive days in June 1963, in two lyrical speeches, John F. Kennedy pivots dramatically and boldly on the two greatest issues of his time: nuclear arms and civil rights. In language unheard in lily white, Cold War America, he appeals to Americans to see both the Russians and the "Negroes" as human beings. His speech on June 10 leads to the Limited Nuclear Test Ban Treaty of 1963; his speech on June 11 to the Civil Rights Act of 1964. Based on new material -- hours of recently uncovered documentary film shot in the White House and the Justice Department, fresh interviews, and a rediscovered draft speech -- *Two Days in June* captures Kennedy at the high noon of his presidency in startling, granular detail which biographer Sally Bedell Smith calls "a seamless and riveting narrative, beautifully written, weaving together the consequential and the quotidian, with verve and authority." Moment by moment, JFK's feverish forty-eight hours unspools in cinematic clarity as he addresses "peace and freedom." In the tick-tock of the American presidency, we see Kennedy facing down George Wallace over the integration of the University of Alabama, talking obsessively about sex and politics at a dinner party in

Georgetown, recoiling at a newspaper photograph of a burning monk in Saigon, planning a secret diplomatic mission to Indonesia, and reeling from the midnight murder of Medgar Evers. There were 1,036 days in the presidency of John F. Kennedy. This is the story of two of them.

A Dictionary of Arts, Sciences, Literature and General Information Bloomsbury Publishing USA

'It might not be in your lifetime', said the Chief Justice of the United States when asked whether the files on the assassination of President Kennedy would be made public. If the President was killed by a lone gunman, as the first official enquiry claimed, why can we still not see all relevant records? Fifty years on and the murder of the century remains unsolved. Drawing on thirty years of investigation, Anthony Summers examines the case in compelling, forensic detail. He analyses the evidence for Oswald's guilt, the Mafia connection, and the links to Cuba and reveals, for the first time, a plausible admission of involvement. This updated edition of *Not in Your Lifetime* is the most definitive account of one of the most intractable mystery mysteries of our time.
Reclaiming History: The Assassination of President John F. Kennedy Henry Holt and Company

Blood, Money, & Power exposes the secret, high-level conspiracy in Texas that led to President John F. Kennedy's death and the succession of Lyndon B. Johnson as president in 1963. Attorney Barr McClellan, a former member of L.B.J.'s legal team, uses hundreds of newly released documents, including insider interviews, court papers, and the Warren Commission, to illuminate the

maneuvers, payoffs, and power plays that revolved around the assassination of Kennedy and to expose L.B.J.'s involvement in the murder plot. In addition to revealing new information, McClellan answers common questions surrounding the assassination of our thirty-fifth president. Who had the opportunity, motive, and means to assassinate J.F.K.? Who controlled the investigation and findings of the Warren Commission? This historically significant book is proof that absolute power, money, blood, corruption, and deception were at the heart of politics in the early 1960s, and it represents the very best investigative journalism has to offer.

Profiles In Courage Little, Brown
What if Kennedy survived Dallas? President John F. Kennedy has lived through the ambush in Dealey Plaza. America holds its collective breath, seeing its president nearly executed in broad daylight. But as the country marches on, the office of the President finds itself under a much more insidious type of fire. Political scandal, an endless war, and a country coming apart at the seams take the 1960 's in a terrifying new direction, and both John and his attorney-general brother, Bobby, struggle to stay ahead of their enemies, political and otherwise, and steer America toward a greater future. Bryce Zabel is a master of the cover-up and the conspiracy, creating the Emmy-award winning series *DARK SKIES*.

SURROUNDED BY ENEMIES is the first novel in the new Breakpoint series—each book exploring seminal moments in popular history and taking readers on a journey into a mirror world where events are both unexpected yet

startlingly believable. This savvy, fiercely intelligent novel, perfect for readers of Harry Turtledove, brings together elements of political thriller and page-turning history, enthralling readers with a sharply written take on the America that was, and the America that could have been. WINNER OF THE 2013 SIDEWISE AWARD FOR ALTERNATE HISTORY "I have some experience with shattered timelines and altered realities but this one kept me guessing every page." —Damon Lindelof, writer/producer of LOST, STAR TREK INTO DARKNESS "Plausible development, building from what we know about what really did go on, and a whacking good story...SURROUNDED BY ENEMIES delivers on both, big-time. So hold on to your hats, folks. You're in for quite a ride." —Harry Turtledove, alternative history author, HOW FEW REMAIN

Bobby Kennedy Harvard University Press
The New York Times bestseller from Jeff Greenfield, the renowned CBS News senior political correspondent and veteran of CNN and ABC news, offering an alternative history of America. These things are true: * In December 1960, a suicide bomber paused when he saw the young President-elect John F. Kennedy's family come to the door to wave good-bye.... * In June 1968, Robert F. Kennedy declared victory in California, and then instead of heading to another ballroom, as intended, was hustled off through the kitchen.... * In October 1976, President Ford made a critical gaffe in a debate against Jimmy Carter, turning the tide in an election that had been rapidly narrowing. But what if they had gone the other way? In three narratives based on memoirs, oral histories, fresh reporting with key participants, and his own knowledge of the principal players, Jeff Greenfield explores how accidents of fate could have altered the course of history. The scenarios that Greenfield depicts are startlingly realistic, rich in detail, shocking in their projections, but always deeply, remarkably plausible.

The Man Who Killed Kennedy New Amer Library

The Memoirs of John F. Kennedy: A Novel brings to life the tantalizing possibilities of "what might have been" had JFK remained president after November 22, 1963. This book imagines an America where progressive leadership takes hold during the 1960s, where President Kennedy, after a grueling fight for his life in a Dallas hospital, survives his chest wounds and returns to the presidency. He is elected for a second term. He does not mount a ground war in Vietnam. Foreign relations with Cuba, the Soviet Union, South America, and our allies and adversaries around the world follow a very different path. This novel interweaves a two-track story. One takes place in 1963 at Parkland Medical Center and follows Attorney General Robert F. Kennedy, Jackie Kennedy, Lyndon Johnson and J. Edgar Hoover as they cope with the explosive

events of the assassination attempt while the wounded president hovers near death. The other more lighthearted fictional story-line unfolds through the eyes of Patrick Hennessey, the memoirist appointed by JFK during the approaching end of his second term in 1968. Through in-depth talks at the White House, Camp David, Hyannisport, on Air Force One, and golfing on Kennedy's private course at Glen Ora, Patrick gets to know the president as he reviews his decisions regarding the difficult path toward a peaceful resolution of world crises. This well researched alternate history will strike a chord with readers worldwide—those fascinated with the Kennedy mystique and those interested in the potential for politics to be "done right" during challenging times. Considering the current period—and the 50th anniversary of JFK's election—re-imagining a more positive past may enable us to collectively envision a more enlightened future.

Kennedy's Last Days Simon and Schuster
Despite an avalanche of disinfo being dumped by the major media over the decades, the assassination of JFK has finally unraveled. A renegade CIA station working with a Sicilian secret society orchestrated the hit, but their participation would never have been so massively covered-up unless they were working for elements higher up the chain-of-command. Whether you are new to this case, or a longtime researcher, you will find these penetrating essays both entertaining and enlightening.

Misalliance Steerforth
SSuggests that John F. Kennedy was assassinated because military leaders feared his dedication to peace would result in the United States falling to Russia
Robert Kennedy Pickle Partners Publishing
Rule of law and constitutionalist ideals are understood by many, if not most, as necessary to create a just political order. Defying the traditional division between normative and positive theoretical approaches, this book explores how political reality on the one hand, and constitutional ideals on the other, mutually inform and influence each other. Seventeen chapters from leading international scholars cover a diverse range of topics and case studies to test the hypothesis that the best normative theories, including those regarding the role of constitutions, constitutionalism and the rule of law, conceive of the ideal and the real as mutually regulating.

The Humble Roots of an American Dynasty Twelve
He was "Good Bobby," who, as his brother Ted eulogized him, "saw wrong and tried to right it . . . saw suffering and tried to heal it." And "Bad Bobby," the ruthless and manipulative bully of countless conspiracy theories. Thomas's unvarnished but sympathetic and fair-minded portrayal is packed with new details about Kennedy's early life and his behind-the-scenes machinations, including new revelations about the

1960 and 1968 presidential campaigns, the Cuban Missile Crisis, and his long struggles with J. Edgar Hoover and Lyndon Johnson.
An Alternate History Of 1964 Random House Trade Paperbacks
A Kirkus Best Book of 2013 A revelatory, minute-by-minute account of JFK's last hundred days that asks what might have been Fifty years after his death, President John F. Kennedy's legend endures. Noted author and historian Thurston Clarke argues that the heart of that legend is what might have been. As we approach the anniversary of Kennedy's assassination, JFK's Last Hundred Days reexamines the last months of the president's life to show a man in the midst of great change, finally on the cusp of making good on his extraordinary promise. Kennedy's last hundred days began just after the death of two-day-old Patrick Kennedy, and during this time, the president made strides in the Cold War, civil rights, Vietnam, and his personal life. While Jackie was recuperating, the premature infant and his father were flown to Boston for Patrick's treatment. Kennedy was holding his son's hand when Patrick died on August 9, 1963. The loss of his son convinced Kennedy to work harder as a husband and father, and there is ample evidence that he suspended his notorious philandering during these last months of his life. Also in these months Kennedy finally came to view civil rights as a moral as well as a political issue, and after the March on Washington, he appreciated the power of Reverend Martin Luther King, Jr., for the first time. Though he is often depicted as a devout cold warrior, Kennedy pushed through his proudest legislative achievement in this period, the Limited Test Ban Treaty. This success, combined with his warming relations with Nikita Khrushchev in the wake of the Cuban missile crisis, led to a d é tente that British foreign secretary Sir Alec Douglas-Home hailed as the "beginning of the end of the Cold War." Throughout his presidency, Kennedy challenged demands from his advisers and the Pentagon to escalate America's involvement in Vietnam. Kennedy began a reappraisal in the last hundred days that would have led to the withdrawal of all sixteen thousand U.S. military advisers by 1965. JFK's Last Hundred Days is a gripping account that weaves together Kennedy's public and private lives, explains why the grief following his assassination has endured so long, and solves the most tantalizing Kennedy mystery of all—not who killed him but who he was when he was killed,

and where he would have led us.

A Cruel and Shocking Act W. W. Norton & Company

What if Lee Harvey Oswald's bullet had missed on that fateful day in Dallas? What if John F. Kennedy had lived to run again in 1964? Find out the answers in *All the Way with JFK*, which details a history far different than the one we know. Learn what happens when an investigation into the assassination attempt uncovers a direct link between Oswald and Castro's Cuba. A revelation that sets off an international crisis which brings the super powers to the brink of World War III yet again as American forces prepare to invade Cuba while Moscow plots a countermove. Meanwhile racial tensions rise as Black Americans demand their equal rights under the Constitution and an end to segregation as those determined to forever deny them vow to fight a second Civil War. And all the while, Texas oilmen conspire to bring down John F. Kennedy before he can win a second term by exposing his most hidden secrets, including an affair with an East German spy. *All the Way with JFK* is alternate history at its best and a thriller filled with twists and turns, including the shocking finale where it is revealed just who was really pulling Oswald's strings. For those who love alternate history stories, *All the Way with JFK* is a must read as it lays out a counterfactual 1960's, where John F. Kennedy returned from that trip to Texas in November of 1963 alive. Told through the eyes of individuals swept up in events where the history of Vietnam, Cuba, the struggle for Civil Rights, and the Cold War itself is far different than the one we know. Go into the Oval Office and the basement of the White House, the halls of Capital Hill and DC's finest restaurants, Dallas strip clubs and luxury hotel suites, the backrooms of the Kremlin and a Cuban sugar plantation, the Governor's mansion in Alabama and a barbeque joint in Louisiana, where men and women of both good and very bad will make history. And all with a cast of characters straight out of the six o'clock news: Bobby Kennedy, Lyndon Johnson, Barry Goldwater, Richard Nixon, Martin Luther King, George Wallace, Howard Hughes, Jimmy Hoffa, Chou En Lai, Nikita Khrushchev, Curtis LeMay, Robert MacNamara, Carlos Marcello, Santos Trafficante, Jackie Kennedy, Leonid Brezhnev, Hubert Humphrey, Richard Russell, The Beatles, James Eastland, Ronald Reagan, H.L. Hunt, and a cameo by Angie Dickenson, along with appearances by John Wayne, Stanley Kubrick and Sam Peckinpah. Towering over them all is John F. Kennedy himself, a master politician and very fallible man.

The Case Against LBJ Simon and Schuster
In this classic novel, James A. Michener brings his grand epic tradition to bear on the four-hundred-year saga of America's Eastern Shore, from its Native American roots to the modern age. In the early 1600s, young Edmund Steed is desperate to escape religious persecution in England. After joining Captain John Smith on a harrowing journey across the Atlantic, Steed makes a life for himself in the New World, establishing a remarkable dynasty that parallels the emergence of America. Through the extraordinary tale of one

man's dream, Michener tells intertwining stories of family and national heritage, introducing us along the way to Quakers, pirates, planters, slaves, abolitionists, and notorious politicians, all making their way through American history in the common pursuit of freedom. **BONUS:** This edition includes an excerpt from James A. Michener's *Hawaii*. Praise for *Chesapeake* "Another of James Michener's great mines of narrative, character and lore." —*The Wall Street Journal* "[A] marvelous panorama of history seen in the lives of symbolic people of the ages . . . An emotionally and intellectually appealing book." —*The Atlanta Journal-Constitution* "Michener's most ambitious work of fiction in theme and scope." —*The Philadelphia Inquirer* "Magnificently written . . . one of those rare novels that is enthusiastically passed from friend to friend." —*Associated Press*

Four days Harlequin

Based on genealogical breakthroughs and previously unreleased records, this is the first book to explore the inspiring story of the poor Irish refugee couple who escaped famine, created a life together in a city hostile to Irish, immigrants, and Catholics, and launched the Kennedy dynasty in America. Their Irish ancestry was a hallmark of the Kennedys' initial political profile, as JFK leveraged his working-class roots to connect with blue-collar voters. Today, we remember this iconic American family as the vanguard of wealth, power, and style rather than as the descendants of poor immigrants. Here at last, we meet the first American Kennedys, Patrick and Bridget, who arrived as many thousands of others did following the Great Famine—penniless and hungry. Less than a decade after their marriage in Boston, Patrick's sudden death left Bridget to raise their children single-handedly. Her rise from housemaid to shop owner in the face of rampant poverty and discrimination kept her family intact, allowing her only son P.J. to become a successful saloon owner and businessman. P.J. went on to become the first American Kennedy elected to public office—the first of many. Written by the grandson of an Irish immigrant couple and based on first-ever access to P.J. Kennedy's private papers, *The First Kennedys* is a story of sacrifice and survival, resistance and reinvention: an American story.

If Kennedy Lived The First and Second Terms of President John F. Kennedy: An Alternate History Penguin

and the Murder of John F. Kennedy Scholastic Inc.

John F. Kennedy is the president that everyone knows. He was a rich man's son, an athlete, a war hero, a ladies' man, an author, a president, his face rendered forever young because the last time Americans saw him, he was riding in a convertible in Dallas, his glamorous wife at his side. Then the bullets struck, and the assassinated president became a legend, the truth of his life obscured by his tragic and untimely death. But JFK had more depth to his character than the magazine covers indicated. Inside you will read about... *No Irish Need Apply* War and the Kennedys Kennedy in Congress Kennedy for President Kennedy Women The Presidency And much more! The rich man's son was the grandson of Irishmen who knew what it was to be denied jobs because Irish weren't welcome in Boston. The athlete suffered from poor health all his life, from a bad back to Addison's disease. The war hero whose PT-109 boat became part of his campaign legend was the son who survived; elder brother Joe, flying on a secret mission, was killed for his heroism. The ladies' man loved his wife, but fidelity was not a concept revered by the Kennedy men. The Pulitzer Prize that he was awarded for *Profiles in Courage* should have gone to the person who actually wrote it. In 1963, death in Dallas ended his first term as president, bringing an end to the optimism that he inaugurated when he narrowly defeated Vice President Richard Nixon in the 1960 election. But the Kennedy legend, like Camelot, lives forever.

Constitutionalism and the Rule of Law Random House

Drawing on previously unavailable material and never-before-opened archives, *An Unfinished Life* is packed with revelations large and small -- about JFK's health, his love affairs, RFK's appointment as Attorney General, what Joseph Kennedy did to help his son win the White House, and the path JFK would have taken in the Vietnam entanglement had he survived. Robert Dallek succeeds as no other biographer has done in striking a critical balance -- never shying away from JFK's weaknesses, brilliantly exploring his strengths -- as he offers up a vivid portrait of a bold, brave, complex, heroic, human Kennedy.

A Life From Beginning to End Simon and Schuster

"A multilayered, inspiring portrait of RFK . . . [the] most in-depth look at an extraordinary figure whose transformational story shaped America." —Joe Scarborough, *The Washington Post* **NEW YORK TIMES BESTSELLER** •

Soon to be a Hulu original series starring Chris Pine. Larry Tye appears on CNN's American Dynasties: The Kennedys. "We are in Larry Tye's debt for bringing back to life the young presidential candidate who . . . almost half a century ago, instilled hope for the future in angry, fearful Americans." —David Nasaw, The New York Times Book Review

Bare-knuckle operative, cynical White House insider, romantic visionary—Robert F. Kennedy was all of these things at one time or another, and each of these aspects of his personality emerges in the pages of this powerful and perceptive biography. History remembers RFK as a racial healer, a tribune for the poor, and the last progressive knight of a bygone era of American politics. But Kennedy's enshrinement in the liberal pantheon was actually the final stage of a journey that began with his service as counsel to the red-baiting senator Joseph McCarthy. In Bobby Kennedy, Larry Tye peels away layers of myth and misconception to capture the full arc of his subject's life. Tye draws on unpublished memoirs, unreleased government files, and fifty-eight boxes of papers that had been under lock and key for forty years. He conducted hundreds of interviews with RFK intimates, many of whom have never spoken publicly, including Bobby's widow, Ethel, and his sister, Jean. Tye's determination to sift through the tangle of often contradictory opinions means that Bobby Kennedy will stand as the definitive biography about the most complex and controversial member of the Kennedy family. Praise for Bobby Kennedy

"A compelling story of how idealism can be cultivated and liberalism learned . . . Tye does an exemplary job of capturing not just the chronology of Bobby's life, but also the sense of him as a person." —Los Angeles Review of Books

"Captures RFK's rise and fall with straightforward prose bolstered by impressive research." —USA Today

"[Tye] has a keen gift for narrative storytelling and an ability to depict his subject with almost novelistic emotional detail." —Michiko Kakutani, The New York Times

"Nuanced and thorough . . . [RFK's] vision echoes through the decades." —The Economist

[Killing Kennedy](#) Castlefin Press LLC

NOW A NATIONAL BESTSELLER New York Times bestselling authors Dan Abrams and David Fisher bring to life the incredible story of one of America's most publicized—and most surprising—criminal trials in history. No crime in history had more eyewitnesses. On November 24, 1963, two days after the killing of President Kennedy, a troubled nightclub owner named Jack Ruby quietly slipped into the Dallas police station and assassinated the assassin, Lee Harvey Oswald. Millions of Americans witnessed the killing on live television, and yet the event would lead to questions for years to come. It also would help to spark the conspiracy theories that have continued to resonate today. Under the long shadow cast by the assassination of America's beloved president, few would remember the bizarre trial that followed three months later in Dallas, Texas. How exactly does one defend a man who was seen pulling the trigger in front of millions? And, more important, how did Jack Ruby, who fired point-blank into Oswald live on television, die an innocent man? Featuring a colorful cast of characters, including the nation's most flamboyant lawyer pitted

against a tough-as-Texas prosecutor, award-winning authors Dan Abrams and David Fisher unveil the astonishing details behind the first major trial of the television century. While it was Jack Ruby who appeared before the jury, it was also the city of Dallas and the American legal system being judged by the world.
