American Lumberman Penguin

A new adult novel from Entangled's Embrace imprint...

Sometimes it takes letting go of the past to find out who you want to be. During his semester abroad, Griffin Reed almost gave his heart to a girl who loved someone else. Lesson learned. Now he's home, where following in his father's footsteps may not be what he wants, but it's what his parents expect. It might be taking the easy road, but he doesn't see a way out. Something that could have killed Maggie Kendall took away the person she used to be instead. Her condition makes her dependent on sticky notes, photos, and medication just to get through each day. The last thing she needs is a distraction—or someone new to disappoint. What they refuse to see is they are perfect for each other. Maggie makes Griffin want to be a better man, and he makes her believe a future is possible. But these two have to find a way to share the secrets ripping them apart, if they're ever going to have a chance at happiness.

For Whom the Bell Tolls Penguin

Based on Stanford University psychologist Kelly McGonigal's wildly popular course "The Science of Willpower," *The Willpower Instinct* is the first book to explain the science of self-control and how it can be harnessed to improve our health, happiness, and productivity. Informed by the latest research and combining cutting-edge insights from psychology, economics, neuroscience, and medicine, *The Willpower Instinct* explains exactly what willpower is, how it works, and why it matters. For example, readers will learn: • Willpower is a mind-body response, not a virtue. It is a biological function that can be improved through mindfulness, exercise, nutrition, and sleep. • Willpower is not an unlimited resource. Too much self-control can

actually be bad for your health. • Temptation and stress hijack the brain's systems of self-control, but the brain can be trained for greater willpower • Guilt and shame over your setbacks lead to giving in again, but self-forgiveness and self-compassion boost self-control. • Giving up control is sometimes the only way to gain self-control. • Willpower failures are contagious—you can catch the desire to overspend or overeat from your friends—but you can also catch self-control from the right role models. In the groundbreaking tradition of *Getting Things Done*, *The Willpower Instinct* combines life-changing prescriptive advice and complementary exercises to help readers with goals ranging from losing weight to more patient parenting, less procrastination, better health, and greater productivity at work.

A small-town woman is swept off her feet by a caring stranger in this charming western romance from a "fabulous storyteller" (Carolyn Brown, *New York Times* bestselling author). Forty candles, and one for luck. Jenna Owens wants one thing for her birthday this year: a fairy-tale ending of her own and a little relaxation at a quaint California ranch. What she didn't want was to get caught in a storm on her way to Meadow Valley. Or to get stuck with a ridiculously hot, too-charming-for-his-own-good cowboy—one who makes Jenna reconsider her "I don't date younger guys" rule. But a little vacation flirtation might be just what she needs. Colt Morgan isn't interested in long-term relationships. Not since his last one crashed and burned after his fiancée found out he wanted a big family. So when he learns that Jenna has a list of items to accomplish on her trip—including having fling—Colt is all too happy to oblige. Yet the more he and Jenna get to know each other, the more Colt starts to wonder if maybe they have a chance at a real future. But when Jenna's past upends everything Colt thought he wanted, are all bets off? Or will they find a way to make both their dreams come true? Includes the bonus novella *Sealed with a Kiss* by Melinda Curtis!

What If Ballantine Books

Something is wrong in Niceville. . . A boy literally disappears from Main Street. A security camera captures the moment of his instant, inexplicable vanishing. An audacious bank robbery goes seriously wrong: four cops are gunned down; a TV news helicopter is shot and spins crazily out of the sky, triggering a disastrous cascade of events that ricochet across twenty different lives over the course of just thirty-six hours. Nick Kavanaugh, a cop with a dark side, investigates. Soon he and his wife, Kate, a distinguished lawyer from an old Niceville family, find themselves struggling to make sense not only of the disappearance and the robbery but also of a shadow world, where time has a different rhythm and where justice is elusive. . . .Something is wrong in Niceville, where evil lives far longer than men do.

Compulsively readable, and populated with characters who leap off the page, Niceville will draw you in, excite you, amaze you, horrify you, and, when it finally lets you go, make you sorry you have to leave. Read the first thirty-five pages. Find out why Harlan Coben calls Carsten Stroud the master of “the nerve-jangling thrill ride.” Now with an excerpt from Carsten Stroud’s next book, *The Homecoming*. **Managing Cover Crops Profitably (3rd Ed.)** Clarkson Potter Get double the feel-good fun with an all-new book from the Queen of Cowboy Romance, plus a bonus novel by A.J. Pine. This city girl’s about to get a dose of cowboy charm. Emily Baker doesn’t rough it -- anymore. Born and raised on a farm, she’s worked hard to distance herself from that life, thank you very much. But when the seniors at the nursing home where she works beg for a ranch retreat, she caves and heads up to the Longhorn Canyon spread. With one glance at the sexy cowboy who opens the door, she’s suddenly thinking a week with him might not be so bad after all. Justin Maguire doesn’t quite know what to do with the gorgeous woman who shows up on his doorstep. She’s all curves and confidence—even after stepping in a cow pile. Too bad she’s determined not to fall for a cowboy. But with the help of five nosy, matchmaking seniors, he might just convince her he’s worth the risk. **SECOND CHANCE COWBOY** by A.J. Pine Once a cowboy, always a cowboy! Jack Everett can handle working on the ranch, but turning around the failing vineyard he’s also inherited? That requires working with the woman he never expected to see again.

The Dry Grass of August Hachette UK

Now available in an affordable softcover edition, this classic in Springer’s acclaimed Virtual Laboratory series is the first comprehensive account of the computer simulation of plant development. 150 illustrations, one third of them in colour, vividly demonstrate the spectacular results of the algorithms used to model plant shapes and developmental processes. The latest in computer-generated images allow us to look at plants growing, self-replicating, responding to external factors and even mutating, without becoming entangled in the underlying mathematical formulae involved. The authors place particular emphasis on Lindenmayer systems - a notion conceived by one of the authors, Aristid Lindenmayer, and internationally recognised for its exceptional elegance in modelling biological phenomena. Nonetheless, the two authors take great care to present a survey of alternative methods for plant modelling.

Only a Cowboy Will Do DIANE Publishing

In the tradition of New Adult superstar Jessica Sorensen, Ellie Cahill’s debut novel is a charming friends-with-benefits story . . . with a twist! What if after every bad breakup, there was someone to help “cleanse your palate”—someone who wouldn’t judge you, who was great in bed, someone you were sure not to fall in love with? “Sorbet sex” could solve everything—as long as it never got too sweet. Joss and Matt have been friends since freshman year of college, meeting one night after Joss is

dumped by her boyfriend. After a few drinks, Matt humors her with a proposition: that he’ll become her go-to guy whenever she needs to heal a broken heart. In return, she’ll do the same for him. The #1 Rule: They’ll never fall in love with each other. People scoff at the arrangement. But six years later, Joss and Matt are still the best of friends . . . with benefits. Through a string of boyfriends and girlfriends—some almost perfect, some downright wrong—Joss and Matt are always there for each other when the going gets tough. No strings. No attachments. Piece of cake. No problem. After all, since they wrote the rules, surely they can play by them. Or can they? Advance praise for *When Joss Met Matt* “Hands down, one of my favorite New Adult reads . . . Ellie Cahill is definitely one to watch!”—New York Times bestselling author Cora Carmack “This is one of those books that make you forget everything around you. Prepare to be consumed by this story.”—Sophie Jordan, New York Times bestselling author of *Wild* “Fun, sexy, and full of amazing chemistry, *When Joss Met Matt* is an entertaining escape that will leave you smiling with every turn of the page.”—Cassie Mae, author of *The Real Thing*

A NEW YORK TIMES BESTSELLER Another thrilling domestic suspense novel from the New York Times bestselling author of *Not a Happy Family* “The twists come as fast [as] you can turn the pages.”—People “I read this novel at one sitting, absolutely riveted by the storyline. The suspense was beautifully rendered and unrelenting!”—Sue Grafton It all started at a dinner party. . . A domestic suspense debut about a young couple and their apparently friendly neighbors—a twisty, rollercoaster ride of lies, betrayal, and the secrets between husbands and wives. . . Anne and Marco Conti seem to have it all—a loving relationship, a wonderful home, and their beautiful baby, Cora. But one night, when they are at a dinner party next door, a terrible crime is committed. Suspicion immediately lands on the parents. But the truth is a much more complicated story. Inside the curtained house, an unsettling account of what actually happened unfolds. Detective Rasbach knows that the panicked couple is hiding something. Both Anne and Marco soon discover that the other is keeping secrets, secrets they’ve kept for years. What follows is the nerve-racking unraveling of a family—a chilling tale of deception, duplicity, and unfaithfulness that will keep you breathless until the final shocking twist.

Cowboy to the Rescue Kensington

From this “fabulous storyteller” (Carolyn Brown, New York Times bestselling author) comes the first book in an all-new western romance series. Delaney Harper thought she’d seen the last of Meadow Valley after her deadbeat husband left her brokenhearted and, well, just flat broke. But news that her ex sold their land means she’s heading back to reclaim her share of the property and the dreams she was forced to put on hold. Only one thing stands in her way now: a smoking hot cowboy. Sam Callahan is too busy trying to keep his new guest ranch afloat to spend any time on serious relationships—at least, that’s what he tells himself. But when a gorgeous blonde shows up insisting she owns half his property, Sam quickly realizes he’s got bigger problems than Delaney’s claim on the land—she could also claim his heart. /-B~Includes the bonus novel *The Toughest Cowboy in Texas* by New York Times bestselling author Carolyn Brown!

When Joss Met Matt Kensington Books

From this "fabulous storyteller" (Carolyn Brown, New York Times bestselling author) comes the next Meadow Valley western romance series. Dr. Charlotte North has no time for a player, not even one as tempting as Ben Callahan. Besides, Charlotte is only in Meadow Valley for a few months to help her grandmother. After that, it's back to New York and the career she loves. But when her gran starts to meddle in her personal life, Charlotte knows just the man to help her out. Ben's the perfect no-strings boyfriend, until Charlotte discovers that beneath that rugged, charming exterior lies a sweet and bighearted cowboy. Ben Callahan is tired of people assuming he's an immature playboy, so when the smart and sexy Charlotte asks him to be her pretend boyfriend, he jumps at the chance to show everyone that he's changed his ways. Though he and Charlotte are calling their relationship fake, Ben's heart says otherwise. Two months with Charlotte isn't nearly enough. Will Ben be able to prove he's worthy of her for real before their time together is up, or will she leave Meadow Valley -- and him -- forever? Includes the bonus novel *Hometown Cowboy* by Sara Richardson!

The Algorithmic Beauty of Plants Hachette UK

New York Times bestselling author Maisey Yates enthralls again when a cowboy returns to Copper Ridge, Oregon, to keep a promise—even if it means losing his heart... Putting down roots in Copper Ridge was never Alex Donnelly's intention. But if there's one thing the ex-military man knows, it's that life rarely unfolds as expected. If it did, his best friend and brother-in-arms would still be alive. And Alex wouldn't have inherited a ranch or responsibility for his late comrade's sister—a woman who, despite her inexperience, can bring tough-as-iron Alex to his knees. Clara Campbell didn't ask for a hero to ride in and fix her ranch and her life. All she wants is the one thing stubborn, honorable Alex is reluctant to give: a chance to explore their intense chemistry. But Clara has a few lessons to teach him, too...about trusting his heart and his instincts, and letting love take him on the wildest adventure of all.

Another New Life Forever

Mirror symmetry is a phenomenon arising in string theory in which two very different manifolds give rise to equivalent physics. Such a correspondence has significant mathematical consequences, the most familiar of which involves the enumeration of holomorphic curves inside complex manifolds by solving differential equations obtained from a "mirror" geometry. The inclusion of D-brane states in the equivalence has led to further conjectures involving calibrated submanifolds of the mirror pairs and new (conjectural) invariants of complex manifolds: the Gopakumar Vafa invariants. This book aims to give a single, cohesive treatment of mirror symmetry from both the mathematical and physical viewpoint. Parts 1 and 2 develop the necessary mathematical and physical background "from

scratch," and are intended for readers trying to learn across disciplines. The treatment is focussed, developing only the material most necessary for the task. In Parts 3 and 4 the physical and mathematical proofs of mirror symmetry are given. From the physics side, this means demonstrating that two different physical theories give isomorphic physics. Each physical theory can be described geometrically, and thus mirror symmetry gives rise to a "pairing" of geometries. The proof involves applying R -circle duality to the phases of the fields in the gauged linear sigma model. The mathematics proof develops Gromov-Witten theory in the algebraic setting, beginning with the moduli spaces of curves and maps, and uses localization techniques to show that certain hypergeometric functions encode the Gromov-Witten invariants in genus zero, as is predicted by mirror symmetry. Part 5 is devoted to advanced topics in mirror symmetry, including the role of D-branes in the context of mirror symmetry, and some of their applications in physics and mathematics: topological strings and large N Chern-Simons theory; geometric engineering; mirror symmetry at higher genus; Gopakumar-Vafa invariants; and Kontsevich's formulation of the mirror phenomenon as an equivalence of categories. This book grew out of an intense, month-long course on mirror symmetry at Pine Manor College, sponsored by the Clay Mathematics Institute. The lecturers have tried to summarize this course in a coherent, unified text.

In a blistering scenario almost too close to the headlines, former Brigadier General Anthony J. Tata delivers a chillingly authentic glimpse of tomorrow's wars—and the anonymous hackers who hold the fate of the world at their fingertips . . . By the time anyone realizes what's happening, it is too late. A dark network of hackers has infiltrated the computers of the U.S. military, unleashing chaos across the globe. U.S. missiles strike the wrong targets. Defense systems fail. Power grids shut down. Within hours, America's enemies move in. Russian tanks plow through northern Europe. Iranian troops invade Iraq. North Korea destroys Seoul and fires missiles at Japan. Phase 1 of ComWar is complete. Enter Jake Mahegan and his team of highly trained operatives. Their mission is to locate the nerve center of ComWar—aka Computer Optimized Warfare—and to shut down the operation through any means necessary. Mahegan knows it's a virtual suicide mission. There are three ComWar headquarters, each hidden deep underground in Russia, Iran, and North Korea. Each contains a human biometric nuclear key that the team must capture to shut down the imminent nuclear strikes. Splitting up the team is Mahegan's only chance to prevent the next wave of cyber attacks. But even that won't stop the sleeper cell agents—here in the United States . . . When Phase 2 ends, World War III begins.

The Willpower Instinct HarperCollins

Discover the story behind *The Wonderful Wizard of Oz*, the book that inspired the iconic film, through the eyes of author L. Frank Baum's intrepid wife, Maud, in this richly imagined novel from the #1 New York Times bestselling author of *The Eighty-Dollar Champion* and *The Perfect Horse*. "A breathtaking read that will transport you over the rainbow and into the heart of one of America's most enduring fairy tales."—Lisa Wingate, author of *Before We Were Yours* Hollywood, 1938: As soon as she learns that M-G-M is adapting her late husband's masterpiece for the screen, Maud Gage Baum, now in her seventies, sets about trying to finagle her way onto the set. Nineteen years after Frank's passing, Maud is the only person who can help the producers stay true to the spirit of the book—she's the only one left who knows its secrets. But the moment she hears Judy Garland rehearsing the first notes of "Over the Rainbow," Maud recognizes the yearning that defined her own life story, from her youth as a suffragist's daughter to her hardscrabble prairie years with Frank, which inspired *The Wonderful Wizard of Oz*. Judy reminds Maud of a young girl she cared for in South Dakota, a dreamer who

never got a happy ending. Now, with the young girl under pressure from the studio as well as from her ambitious stage mother, Maud resolves to protect Judy—the way she tried so hard to protect the real Dorothy.
