Maureen Cavanagh's gripping memoir *If You Love Me* is the story of a mother who suddenly finds herself on the frontlines of the opioid epidemic as her daughter battles—and ultimately reckons with—substance use disorder. Fast-paced and heartwarming, devastating and redemptive, Maureen's incredible odyssey into the opioid crisis—first as a parent, then as an advocate—is ultimately a deeply moving mother-daughter story. When Maureen and her ex-husband Mike see their daughter Katie's needle track marks for the first time, it is a complete shock. But, slowly, the drug use explains everything—Katie's constant exhaustion, erratic moods, and all those spoons that have gone missing from the house. Once Mike and Maureen get Katie into detox, Maureen goes to sleep that night hoping that in 48 hours she'll have her daughter back. It's not that simple. Like the millions of parents and relatives all over the country—some of whom she has helped through her nonprofit organization—Maureen learns that recovery is neither straightforward nor brief. She fights to save Katie's life, breaking down doors on the seedy side of town with Mike, kidnapping Katie outside a convenience store, and battling the taboo around substance use disorder in her picturesque New England town. Maureen is launched into the shadowy world of overcrowded, for-profit rehabilitation centers that often prey on worried parents. As Katie runs away from one program after another, never outrunning her pain, Maureen realizes that even while she becomes an expert on getting countless men and women into detox and treatment centers, she remains powerless to save her own daughter. Maureen's unforgettable story brings the opioid crisis out of the shadows and into the house next door.

Everyone knows the only thing more painful than relationships is not having them--or is it the other way around? Whatever, says author and cartoonist Nick Galifianakis. In his first book, *If You Loved Me, You'd Think This Was Cute: Uncomfortably True Cartoons About You*, he makes the case that either way, the only recourse is to embrace our frailties and laugh. Taken from Carolyn Hax's nationally syndicated advice column, this compilation spins the pain of dating, mothers-in-law, "beneficial" friends and more into ... the pain of self-recognition. The intricately drawn pen-and-ink panels and pointed captions explore some of life's most uncomfortable truths, exposing the humanity in our mistakes, the underbelly of our triumphs and the sheer heroism of trying and trying again. Throughout this character study of men and women (and the dogs who love them), Galifianakis mines our hopes and insecurities for a unifying truth: If we can't laugh at ourselves, he'll do it for us. "Nick snuck me into my first comedy club when I was only a back-acned teenager. The back acne went away but the comedy stuck. I know that last sentence sounds like a lyric from a Joan Baez song, but trust me, it's original." --Zach Galifianakis, from the foreword "Nick's cartoons are funny, witty, and smart. But what makes them so special are how universal and true they are, making the laughs they bring all the more poignant. Relationships, in all their glory, have never been captured quite so succinctly and with such charm." --Amy B. Harris, writer/producer for *Sex and the City* "Nick Galifianakis understands relationships unbelievably well, for a guy. My guess is he actually menstruates." --Gene Weingarten, two-time Pulitzer Prize winner, Washington Post humor columnist

"This was the year I learned to no longer depend on other people to get by, nor be stubbornly independent without any help from anyone or anything. This was the year I instead learned to say: you can depend on me. I will be your stability, you can always count on me. I said it to myself and to others, over and over until I believed it. I will stand like a lighthouse in the storm and repeat over and over: you can depend on me. This was the year I stopped begging for things to happen, and instead made them happen myself. This was the year I stopped living my life according to someone else's needs, and instead explored my own. This was the year I learned to stop begging people to love me. If someone wants to go, let them go. This was the year I learned that every person who shows up in your life is there to teach you a lesson, and they will stay until you have learned what you need to learn. Then they will leave, whether you want them to or not, and you must let them. This was the year I learned that you must dare to leave something or someone completely, leaving that space empty and aching, in order to open up space for something new. And you must know that there is a new lesson and a new person, in a new place with a new life waiting for you. This was the year I learned that what's coming is always better than what has been. Don't hold on to things that are over. Let them go, bravely." The 5th book from Swedish author and songwriter, Charlotte Eriksson, is a story about cold love, told from every angle. "No matter what, he loved me some days. I'm sure he did. At least now I love myself, and I don't think I would if he still loved me. I don't think I would love myself if I still loved him."

**If You Really Loved Me** Andrews McMeel Publishing  
This book was written to share the basic fundamental principles of Love. When I say Love I don't mean romantic Love or familial Love, I'm talking about 100% real Love. This book will help anyone who is looking for Love in any form by directing them inward, which is where Love already exists. If we change the system for love that was put in place years and years ago by Fear we can begin to experience the true benefits of Love. I thought you said You Loved me is the question that our inner selves has been asking for way too long. Our inner self asks because we say that we Love ourselves but our behavior shows the polar opposite. I hope this book helps each one of us who choose to really discover Love.
