insightful approach to setting priorities for enhancing the quality of school education in South Asia.

Cambridge International AS and A Level Biology Coursebook with CD-ROM Cambridge University Press

Complete support for the 20th Century section of the IGCSE History syllabus with best-selling books and digital resources from an author you can really trust. This new edition of Ben Walsh's best-selling GCSE Modern World History provides a comprehensive textbook for Cambridge IGCSE History covering the 20th Century core content and developing the necessary skills. It provides a winning combination of features that will meet the needs of all students: - Clear, engaging and provocative author text brings the 20th Century period to life and summarises complicated history clearly without being simplistic - Focus Tasks (exactly targeting each focus point of the 20th Century part of the syllabus) steadily deepen students' understanding of the content while progressively building their history skills - Original and relevant source material - written and visual - is used for historical investigation not just for illustration - Exam Focus and Revision Tips help students acquire both the necessary content knowledge and the essential conceptual understanding In its previous editions this book has provided students with what they need to achieve their best possible results, and provided teachers with what they need to teach a rewarding and worthwhile course. It's a winning combination. It is endorsed by Cambridge International Examinations. Contents How this book will help you to succeed in Cambridge IGCSE History Section 1: Core Content Option B - International Relations since 1919 Part 1 The Inter-War Years 1919-1939 1 Were the peace treaties of 1919-23 fair? 2 To what extent was the League of Nations a success? 3 Why had international peace collapsed by 1939? Part 2 The Cold War and the Gulf, 1945-2000 4 Who was to blame for the Cold War? 5 How effectively did the USA contain the spread of Communism? 6 How secure was the USSR's control over Eastern Europe, 1948-c.1989? 7 Why did events in the Gulf matter c.1970-2000? Exam Focus: core content option B Section 2: Depth Studies 9 Germany, 1918-45 8 Russia, 1905-41 10 The USA, 1919-41 Exam Focus: depth studies This book is supported by online Teaching and Learning resources powered by Dynamic Learning. These provide extensive ICT-based activities for all key topics which will help refine students' historical thinking and focus their revision.

Cambridge IGCSE Computer Science Morgan James Publishing Fully revised and updated content matching the new Cambridge International Examinations Biology 9700 syllabus for first teaching in 2014 and first examination in 2016. The PDF ebook of the fourth edition of the AS and A Level Biology coursebook comprehensively covers all the knowledge and skills students need to acquire during this CIE course. Written by renowned and leading experts in Biology teaching, the ebook is easy to navigate with colour-coded sections and clear signposting throughout. Self assessment questions allow learners to track their progression through the course and exam-style questions at the end of every chapter provide opportunity for learners to prepare thoroughly for their examinations. Contemporary contexts and applications are discussed throughout enhancing the relevance and interest for learners. Edexcel Award in Algebra Level 3 Workbook Cambridge University Press All the tips, ideas and advice given to, and requested by, MA students in Media and Communications, are brought together in an easy-to-use accessible guide to help students study most effectively. Based upon many years of teaching study skills and hundreds of lecture slides and handouts this introduction covers a range of general and generic skills that the author relates specifically towards media and communications studies. As well as the mechanics of writing and presentations, the book also shows how students can work on and engage with the critical and contemplative elements of their degrees whilst retaining motivation and refining timekeeping skills. Of course the nuts and bolts of reading, writing, listening, seminars and the dreaded dissertation and essays

are covered too. In addition advice on referencing, citation and academic style is offered for those with concerns over English grammar and expression. Aimed primarily at postgraduate students, there is significant crossover with undergraduate work, so this book will also prove of use to upper level undergraduate readers whether using English as a first or second language. Cambridge O Level Principles of Accounts Cambridge University Press Send students into their exam with the confidence to achieve their maximum potential using step-by-step guidance that helps to practise skills learned and improve exam technique. - Avoid common misconceptions with frequent mistakes highlighted throughout - Build students' skills constructing and writing answers with a range of practice and exam-style questions - Easily identify areas for improvement with the answers in the back of the book - Help students target their revision and focus on important concepts and skills with key objectives at the beginning of every chapter - Ensure that students maximise their time in the exam with examiner's tips and suggestions on how to approach questions - Contextualise knowledge with authentic case studies This Study and Revision Guide has been updated for the latest syllabus for examination from 2020. Cambridge IGCSE® and O Level Geography Coursebook with CD-ROM Hodder Education

A memoir of Cassie's life leading up to, and during her Expedition around the world. At age twenty-seven, Cassie De Pecol accomplished something remarkable. She became the first woman on record to travel to every country on Earth, and did it faster than anyone in history, male or female. She was inspired by her experiences on the Discovery Channel's Naked and Afraid both the three weeks she spent in the Panamanian wilderness and the cyberbullying she endured after the show. And it opened her eyes to the need for women to make a difference in the world. In Expedition 196, Cassie shares the secrets behind her personal triumphs and miraculous achievements. It's the story of a dreamer and a doer who went from restless college dropout to fearless adventurer to philanthropist and humanitarian activist dedicated to female empowerment and global sustainability. Thrilling, inspiring, and unforgettable, Expedition 196 views the world through the eyes of one extraordinary young woman whose heart took her farther than most people can even imagine.
