From New York Times Bestselling Author, Penelope Douglas, comes the latest standalone love-hate romance... "We were perfect together. Until we met." Misha I can't help but smile at the lyrics in her letter. She misses me. In fifth grade, my teacher set us up with pen pals from a different school. Thinking I was a girl, with a name like Misha, the other teacher paired me up with her student, Ryen. My teacher, believing Ryen was a boy like me, agreed. It didn't take long for us to figure out the mistake. And in no time at all, we were arguing about everything. The best take-out pizza. Android vs. iPhone. Whether or not Eminem is the greatest rapper ever... And that was the start. For the next seven years, it was us. Her letters are always on black paper with silver writing. Sometimes there's one a week or three in a day, but I need them. She's the only one who keeps me on

track, talks me down, and accepts everything I am. We only had three rules. No social media, no phone numbers, no pictures. We had a good thing going. Why ruin it? Until I run across a photo of a girl online. Name's Ryen, loves Gallo's pizza, and worships her iPhone. What are the chances? F\*ck it. I need to meet her. I just don't expect to hate what I find. Ryen He hasn't written in three months. Something's wrong. Did he die? Get arrested? Knowing Misha, neither would be a stretch. Without him around, I'm going crazy. I need to know someone is listening. It's my own fault. I should've gotten his phone number or picture or something. He could be gone forever. Or right under my nose, and I wouldn't even know it. \*Punk 57 is a stand alone New Adult romance. It is suitable for ages 18+.

### Beautiful Outlaw

Sometimes a goodbye turns into a second chance. Max: Harper Campbell was beautiful, smart, and innocent. I'd loved her even before I knew I did. There was just one problem. She was my best friend's sister. She was off-limits in ways I couldn't begin to explain, but I couldn't help myself. We were just kids when we fell in love—young and carefree. The world was right there at our fingertips. Then tragedy struck, and I felt I was to blame. Knowing I would be a constant reminder of the heartbreak I'd caused, I did the only thing I thought I could—I left. Harper: I'd loved him for as long as I could remember, and losing him almost broke me. I tried to move on. I tried to forget. But how do you forget the one person you loved with all your heart and soul? I never thought I'd see him again, but with one unexpected encounter, he was back. I never believed in second chances. I'd always thought there was no way to go back and fix the mistakes we'd made, but I learned that it wasn't about changing the past. BRUTE (a Dogs of War Motorcycle Club Romance) Waterhouse Press

Examining a series of El Niño-induced droughts and the famines that they spawned around the globe in the last third of the 19th century, Mike Davis discloses the intimate, baleful relationship between imperial arrogance and natural incident that combined to produce some of the worst tragedies in human history. *Late Victorian Holocausts* focuses on three zones of

---

drought and subsequent famine: India, Northern China; and Northeastern Brazil. All were affected by the same global climatic factors that caused massive crop failures, and all experienced brutal famines that decimated local populations. But the effects of drought were magnified in each case because of singularly destructive policies promulgated by different ruling elites. Davis argues that the seeds of underdevelopment in what later became known as the Third World were sown in this era of High Imperialism, as the price for capitalist modernization was paid in the currency of millions of peasants' lives.
