The International Harvester Company has been building its own proprietary truck engines since the introduction of their first truck in 1907. International tended to use proprietary diesel engines. In the 1970s, IHC built the DVT 573 V-8 diesel of 240 and 260 hp but these were not highly regarded and relatively few were sold. Their DT 466 engine started in 1974 and was very successful.

“ THE DT466 WAS THE RIGHT ENGINE AT THE RIGHT TIME ” By the time the engines started

production in 1971, the initial plan was for the 300 line and the 414 and 436 to be used mainly in the ag

division, tractors and combines. The 466 was held back mostly for construction equipment, though that

would soon change.
