March 19, 2020. The Restoration Industry Association (RIA) and The Institute of Inspection, Cleaning, and Restoration Certification (IICRC) have collaborated to put together a comprehensive guide document for those restoration contractors working in response to the COVID-19 pandemic. On March 19, representatives from each association came together in a virtual town hall to discuss the development of the document,

the purpose of it, and some of the key points laid out in it.

The ANSI/IICRC S520 is a procedural standard for the remediation of mold damaged structures and contents. The ANSI/IICRC S520 is based on reliable remediation and restoration principles, research and practical experience, and attempts to combine essential academic principles with practical elements of water damage restoration for technicians facing "real-life" mold remediation challenges.
