The first volume in The Black Legion series, now available in trade paperback. When Horus fell, his Sons fell with him. A broken Legion, beset by rivalries and hunted by their erstwhile allies, the former Luna Wolves have scattered across the tortured realm of the Eye of Terror. And of Abaddon, greatest of the Warmaster's followers, nothing has been heard for many years. But when Horus's body is taken from its resting place, a confederation of legionaries seek out the former First Captain, to convince him to embrace his destiny and continue what Horus began.

Inject style, personality and comfort into your rented home, whatever your style or budget. You've got the keys from your landlord, moved into your new home, and the boxes are unpacked. Now you want to put your stamp on the place, but how do you do this when you can't paint the walls, refurbish the kitchen or replace the old, tired flooring? And can you really live with magnolia walls? What about those outdated kitchen cupboards? Not to mention the tattered lampshades, old sofa and sparse furniture... In this invaluable book, award-winning interiors blogger Medina Grillo shares her favourite tips, tricks and DIY projects for transforming a rented space. Discover ways to add a splash of colour with removable wallpaper, learn how to hang artworks without damaging the walls, and turn your hand to upcycling those furniture bargains you picked up at the flea market. With chapters covering all aspects of the home, from walls, flooring and lighting to storage and accessories, Home Sweet (Rented) Home will enable every reader to make their house feel like home, whether they are a DIY expert or have never before lifted a paintbrush. Filled with photography and illustrations, it is the perfect read for any renter looking to live in a beautiful and stylish home.

Designing User Interfaces for an Aging Population Sendpoints

A guide to propagation from the author of The New Shade Garden, with over 500 photographs: "My bible for rejuvenating plants." —Anne Raver, The New York Times For people who love gardens, propagation—the practice of growing whatever you want, whenever you want—is gardening itself. In Making More Plants, one of America's foremost gardening authorities, presents innovative, practical techniques for expanding any plant collection, along with more than 500 photographs. Based on years of research, this is a practical manual as well as a beautiful garden book, presenting procedures Ken Druse has personally tested and adapted, as well as photographed step by step. "This is a book for all seasons, and will appeal to anyone intrigued by how plants grow." —Virginia McClain Miller, Fine Gardening

Making More Plants Routledge

Who, exactly, is a haute bohemian? Leave it to the discriminating, gimlet eye of photographer Miguel Flores-Vianna, who enjoys an international, cult-like following. He has journeyed through four continents to capture an extraordinary group of fashion designers, landscape architects, artists and art historians, potters, and interior designers, where they live—country cottages, beach bungalows, canal-side lofts, and East Village apartments, as well as assorted estancias, ch teaux, and palazzi. Some of these spaces are grand, others are modest, but all are original, stylish, charming, and above all authentic, in the sense that they reflect their owners' care and taste. His work is introduced by Amy Astley, editor of AD.

Box Furniture Oc é ano

Now in paperback, the critically acclaimed Ritz and Escoffier. In a tale replete with scandal and opulence, Luke Barr, author of the New York Times bestselling Provence, 1970, transports readers to turn-of-the-century London

and Paris to discover how celebrated hotelier C é sar Ritz and famed chef Auguste Escoffier joined forces at the Savoy Hotel to spawn a scandalously modern luxury hotel and restaurant, signaling a new social order and the rise of the middle class. In early August 1889, C é sar Ritz, a Swiss hotelier highly regarded for his exquisite taste, found himself at the Savoy Hotel in London. He had come at the request of Richard D'Oyly Carte, the financier of Gilbert & Sullivan's comic operas, who had modernized theater and was now looking to create the world's best hotel. D'Oyly Carte soon seduced Ritz to move to London with his team, along with Auguste Escoffier, the chef de cuisine known for his elevated, original dishes. The two created a hotel and restaurant like no one had ever experienced, in often mysterious and always extravagant ways, where British high society mingled with American Jews and women. Barr deftly re-creates the thrilling Belle Epoque era just before World War I, when British aristocracy was at its peak, women began dining out unaccompanied by men, and American nouveaux riche and gauche industrialists convened in London to show off their wealth. In their collaboration at the still celebrated Savoy Hotel, the pair welcomed loyal and sometimes salacious clients, such as Oscar Wilde and Sarah Bernhardt; Escoffier created the modern kitchen brigade and codified French cuisine in his seminal Le Guide culinaire, which remains in print today; and Ritz, whose name continues to grace the finest hotels, created the world's first luxury hotel. The pair also ruffled more than a few feathers. Fine dining and luxury travel would never be the same—or more intriguing.

Ganar Diversion Books

The Sabbath World have been lost to the Imperium for many long centuries. Now, a crusade fights to reclaim them. In its midst are Colonel-Commissar Ibram Gaunt and his " Ghosts ", the brave men of the Tanith First-and-Only The Sabbath World have been lost to the Imperium for many long centuries. Now, a crusade fights to reclaim them. In its midst are Colonel-Commissar Ibram Gaunt and his " Ghosts ", the brave men of the Tanith First-and-Only. As they survive battle after battle, Gaunt and his men uncover an insidious plot to unseat the crusade ' s warmaster, a move that threatens to destabilise the war effort and undo all the good work and sacrifice of millions of soldiers. With no one to trust and nowhere to turn, Gaunt must find a way to expose the conspiracy and save his men from a needless death. The authors of The Story of French are back with a new linguistic history of the Spanish language and its progress around the globe. Just how did a dialect spoken by a handful of shepherds in Northern Spain become the world's second most spoken language, the official language of twenty-one countries on two continents, and the unofficial second language of the United States? Jean-Beno î t Nadeau and Julie Barlow, the husband-and-wife team who chronicled the history of the French language in The Story of French, now look at the roots and spread of modern Spanish. Full of surprises and honed in Nadeau and Barlow's trademark style, combining personal anecdote, reflections, and deep research, The Story of Spanish is the first full biography of a language that shaped the world we know, and the only global language with two names—Spanish and Castilian. The story starts when the ancient Phoenicians set their sights on "The Land of the Rabbits," Spain's original name, which the Romans pronounced as Hispania. The Spanish language would pick up bits of Germanic culture, a lot of Arabic, and even some French on its way to taking modern form just as it was about to colonize a New World. Through characters like Queen Isabella, Christopher Columbus, Cervantes, and Goya, The Story of Spanish shows how Spain's Golden Age, the Mexican Miracle, and the Latin American Boom helped shape the destiny of the language. Other, more somber episodes, also contributed, like the Spanish Inquisition, the expulsion of Spain's Jews, the destruction of native cultures, the political instability in Latin America, and the dictatorship of Franco. The Story of Spanish shows there is much more to Spanish than tacos, flamenco, and bullfighting. It explains how the United States developed its Hispanic personality from the time of the Spanish conquistadors to Latin American immigration and telenovelas. It also makes clear how fundamentally Spanish many American cultural artifacts and customs actually are, including the dollar sign, barbecues, ranching, and cowboy culture. The authors give us a passionate and intriguing chronicle of a vibrant language that thrived through conquests and setbacks to become the tongue of Pedro Almod ó var and Gabriel Garc í a M á rquez, of tango and ballroom dancing, of millions of Americans and hundreds of millions of people throughout the world.

A History of Europe Abrams

The man who founded Ikea at the age of seventeen in 1943 reveals how he built his business into the largest and most well-known furniture manufacturer in the world.

Despite being a universal experience, eating occurs with remarkable variety across time and place: not only do we not eat the same things, but the related technologies, rituals, and even the timing are in constant flux. This lively and innovative history paints a fresco of the Italian nation by looking at its storied relationship to food.

The mighty interstellar hero Astro Mouse and his bright first mate Light Bulb took a wrong turn on their way to the Moon (to see if it was made of cheese), getting lost in space. They go to infinity and beyond trying to find their way home with the help of their adopted, sentient caca. When they land on a planet populated by powdered sugar, the space crew thinks they might just

have found their new home. But a quartet of notorious no-goods vacationing there, Skunk Girl, Captain Fastidious, Arkade, and Meduso, calling themselves the Troublesome 4, might just prove problematic for the rodent and appliance super space duo.

Thousands of Lies Jones & Bartlett Learning

" A poignant expression of the durability, grace, and potential of the human spirit " set in a post-nuclear dystopia where words are worth killing for (Jean M. Auel, author of the Earth ' s Children series). By the late twenty-first century, civilization has nearly been destroyed by overpopulation, economic chaos, horrific disease, and a global war that brought a devastating nuclear winter. On the Oregon coast, two women—writer Mary Hope and painter Rachel Morrow—embark on an audacious project to help save future generations: the preservation of books, both their own and any they can find at nearby abandoned houses. For years, they labor in solitude. Then they encounter a young man who comes from a group of survivors in the South. They call their community the Ark. Rachel and Mary see the possibility of civilization rising again. But they realize with trepidation that the Arkites believe in only one book—the Judeo-Christian bible—and regard all other books as blasphemous. And those who go against the word of God must be cleansed from the Earth . . . In this " thought-provoking " novel of humanity, hope, and horror, M.K. Wren displays " her passionate concern with what gives life meaning (Library Journal).

From the New York Times bestselling author and top pollster Dr. Frank Luntz comes an unprecedented examination of communication excellence and how top performers win in all areas of human endeavor by utilizing superb communication skills. From Mike Bloomberg and Arnold Schwarzenegger to business icons Rupert Murdoch, Steve Wynn, and Fred Smith; to the CEOs of MGM Resorts, J. Crew, and Gibson Guitar; to legendary sports superstars like Larry Bird, Jimmy Connors, and Mike Richter; to media legends Roger Ailes, Don Imus, and dozens more, Luntz tells their stories—in their own words—and demonstrates how their style of operation and communication is absolutely essential to their success. Luntz makes it clear that following the rules of effective communication is indispensable in any successful human endeavor. Dr. Luntz offers more than seventy new "words that work" for private one-on-one meetings with your boss, for public presentations to hundreds of colleagues, or for television appearances that reach millions. There are more than three dozen specific lessons and recommendations—and each one directly illustrates the nine essential action-oriented principles of winning at every level: People-Centered, Paradigm-Breaking, Prioritizing, Perfection, Partnerships, Passion, Persuasion, Persistence, and Principled Actions. Do you have what it takes Win is an unprecedented examination of the art, science, and language of winning, and a must-have for people who want to understand and emulate the winners of today. THE DEFINITION OF WINNING The ability to grasp the human dimension of every situation The ability to know what questions to ask and when to ask them The ability to see the challenge, and the solution, from every angle The ability to communicate their vision passionately and persuasively The ability to connect with others and create an enduring chemistry and 10 other universal attributes of winners.

It is true that book always enjoys more attention than its faithful supporter-bookshelf. This book, however, is a tribute to this essential piece of furniture in our life, presenting creative bookshelf designs from around the globe which would provide fresh ideas for readers. An illustrated foldout was carefully made to introduce a brief historical development of bookshelf

A Gift Upon the Shore Bloomsbury Publishing USA

DON'T WAIT TO READ THIS BOOK: The world's leading expert on procrastination uses his groundbreaking research to offer understanding on a matter that bedevils us all. Writing with humour, humanity and solid scientific information reminiscent of Stumbling on Happiness and Freakonomics, Piers Steel explains why we knowingly and willingly put off a course of action despite recognizing we'll be worse off for it. For those who surf the Web instead of finishing overdue assignments, who always say diets start tomorrow, who stay up late watching TV to put off going to sleep, The Procrastination Equation explains why we do what we do—or in this case don't—and why in Western societies we're in the midst of an escalating procrastination epidemic. Dr. Piers Steel takes on the myths and misunderstandings behind procrastination and motivation. With accessible prose and the benefits of new scientific research, he provides insight into why we procrastinate even though the result is that we are less happy, healthy, and even wealthy. Who procrastinates and why? How many ways, big and small, do we procrastinate? How can we stop doing it? The reasons are part cultural, part psychological, part biological. And, with a million new ways to distract ourselves in the digitized world, more of us are potentially damaging ourselves by putting things off. But Steel not only analyzes the factors that weigh us down but the things that motivate us—including understanding the value of procrastination.

With step-by-step instructions, detailed illustrations, and handy checklists, it’s time to say goodbye to a messy home and wasted storage space!

Astro Mouse and Light Bulb Vol. 2 Hachette Books

Ella is nearing thirty, and not yet living the life she imagined. Her artistic ambitions as a student have given way to an unintended career as a care worker. One spring, Bryn - a retired carpenter - hires her to help him care for Jill, his wife of many years. A car accident caused a brain injury that has left Jill verbally diminished; she moves about the house like a ghost of her former self. As Ella is drawn ever deeper into the couple's household, she is profoundly moved by the tenderness Bryn shows toward the wife he still fiercely loves. Ella is startled by the yearning this awakens in her, one that complicates her feelings for her girlfriend, Alix, and causes her to look at relationships of all kinds - between partners, between employer and employee, and above all between men and women - in new ways. Tightly woven, humane and insightful, tracing the most intimate reaches of a young woman's heart and mind, *Say Say* is a riveting story about what it means to love, in a world where time is always running out.

The Talon of Horus Macmillan

This monograph presents a comprehensive survey of Los Carpinteros' work since 2003, their most critically acclaimed period.
