Del Poker ...**

As The Mental Game of Poker teaches, the
emotions of tilt, fear, confidence, and
motivation can all be controlled, and even
mastered through the injection of logic and
intense self examination and improvement
techniques. To be sure, co-author Barry Carter
expertly weaved these teachings into poker-
specific situations and examples throughout.

Mental poker is the common name for a set of
cryptographic problems that concerns playing a fair
game over distance without the need for a trusted
third party. The term is also applied to the
theories surrounding these problems and their
possible solutions. The name comes from the card
game poker which is one of the games to which this
kind of problem applies.

Poker Mental Game Guide By Jared Tandler
Logical, thoughtful, and eye-opening, The
Mental Game of Poker is not only for poker
players, but for any person looking to take
their mindset to the next level. I like to
think of poker as a microcosm of life in
some respects.
