Academic Writing, Real World  
Topics fills a void in the writing-  
across-the-curriculum textbook  
market. It draws together articles  
and essays of actual academic  
prose as opposed to journalism; it  
arranges material by topic instead

of by discipline or academic  
division; and it approaches topics  
from multiple disciplinary and  
critical perspectives. With  
extensive introductions, rhetorical  
instruction, and suggested  
additional resources  
accompanying each chapter,  
Academic Writing, Real World  
Topics introduces students to the  
kinds of research and writing that  
they will be expected to undertake  
throughout their college careers  
and beyond. This concise edition  
provides all the features of the  
complete edition in a more  
compact and affordable format.  
Key Features: - Contemporary,  
cutting-edge readings on relevant  
topics - Extensive cross-  
referencing between the rhetoric

---

and the reader to help students make connections - Full-length essays rather than excerpts - Chapter introductions that put readings in context and promote interdisciplinary connections - Sample student essays to demonstrate student contribution - “ As You Read ” guides to each chapter that encourage readers to locate points of contact among readings - Questions after each reading that enable comprehension, help students identify rhetorical moves, and prompt oral and written response

**The Sundance Writer: A Rhetoric, Reader, Research Guide, and Handbook** Walch

**Publishing Paragraph Development** helps students edit their own writing for clarity and accuracy and offers a three-phase strategy for building writing skills through planning, writing, and revising. The approach in each chapter is direct and functional: a model is provided and graphically explained, then students use the model to write their own paragraphs.-- Offers controlled information-transfer exercises, a

choice of writing topics, and peer consultation and writing-evaluation methods.
