A funny, heartwarming memoir about saying goodbye to your childhood home, in this case a quirky, one-of-a-kind, family-run miniature golf course in the woods of Wisconsin When June Melby was ten years old, her parents decided on a whim to buy the miniature golf course in the small Wisconsin town where they vacationed every summer. Without any business experience or outside employees, the family sets out to open Tom Thumb Miniature Golf to the public. Naturally, there are bumps along the way. In My

Family and Other Hazards, Melby recreates all the squabbling, confusion, and ultimately triumph, of one family's quest to build something together, and brings to life the joys of one of America's favorite pastimes. In sharp, funny prose, we get the hazards that taunted players at each hole, and the dedication and hard work that went into each one's creation. All the familiar delights of summer are here—snowcones and popcorn and long days spent with people you love. Melby's relationship with the course is love-hate from the beginning, given the summer's freedom it robs her of, but when her parents decide to sell the course years later, her panicked reaction surprises even her. Now an adult living in Hollywood, having flown the Midwest long ago, she flies back to the course to help run it before the sale goes through, wondering if she should try to stop it. As the clock ticks, she reflects on what the course meant to her both as a child and an adult, the simpler era that it represents, and the particular pains of losing your childhood home,

even years after you've left it.

Kasher in the Rye Macmillan

In this hilarious and ultimately moving memoir, comedians and real-life married couple Annabelle Gurwitch and Jeff Kahn prove that in marriage, all you need is love—and a healthy dose of complaining, codependence, and pinot noir. After thirteen years of being married, Annabelle and Jeff have found “We’re just not that into us.” Instead of giving up, they’ve held their relationship together by ignoring conventional wisdom and fostering a lack of intimacy, by using parenting as a competitive sport, and by dropping out of couples therapy. The he-said/she-said chronicle of their intense but loving marriage includes an unsentimental account of the medical odyssey that their family embarked upon after their infant son was diagnosed with VACTERL, a very rare

series of birth defects. Annabelle and Jeff’s unforgivingly raw, uproariously funny story is sure to strike both laughter and terror in the hearts of all couples (not to mention every single man or woman who is contemplating the connubial state). Serving up equal parts sincerity and cynicism, *You Say Tomato, I Say Shut Up* is a laugh-out-loud must-read for everyone who has come to realize that being “in love” can only get you so far. On *Cohabitation* He says: “Within days of Annabelle’s arrival, I became very aware that she demanded solitude and had the housekeeping habits of a feral animal.” She says: “The guy had some sort of nudity radar. When I would take my clothes off for even a second, Jeff would be in front of me cheering as if he’d scored box seats at Fenway Park.” On *Sex* He says: “I want to have sex every day, but Annabelle only wants to do it once a week. So we compromise: we have sex once a week.” She says: “Jeff says talking about money before you have sex is a turnoff, but it’s only a turnoff if you’re talking about not having money. Talking about money before you have sex when you have money is actually a turn-on.” On *Pregnancy* He says: “For God’s sake, all I wanted to do was have sex without a

condom for a little while; now we were moments from bringing a new life into the world!” She says: “My ass was expanding so fast it was like a Starbucks franchise. On every corner of my ass there was a new branch of ass opening up.”

Swimming in a Sea of Death

A tour de force, voice-driven debut that examines how one woman finally found the middle ground between Heaven and Hell—an NPR Best Book of the Year. As a young girl, Maggie Rowe took the idea of salvation very seriously. Growing up in a moderately religious household, her fear of eternal damnation turned into a childhood terror that drove her to become an outrageously dedicated Born-again Christian—regularly slinging Bible verses in cutthroat scripture memorization competitions and assaulting strangers at shopping malls with the “good

news" that they were going to hell. Finally, at nineteen, crippled by her fear, she checked herself in to an Evangelical psychiatric facility. And that is where her journey really began. Surrounded by a ragtag cast of characters, including a former biker meth-head struggling with anger management issues, a set of identical twins tormented by erotic fantasies, a World War II veteran and artist of denial who insists that he's only "locked up for a tune-up," and a warm and upbeat chronic depressive who becomes the author's closest ally, Maggie launches a campaign to, in the words of Martin Luther, "Sin bravely in order to know the forgiveness of God."

bestseller I Quit Sugar or Katie Couric's controversial food industry documentary Fed Up, A Year of No Sugar is a "delightfully readable account of how [one family] survived a yearlong sugar-free diet and lived to tell the tale...A funny, intelligent, and informative memoir." -Kirkus It's dinnertime. Do you know where your sugar is coming from? Most likely everywhere. Sure, it's in ice cream and cookies, but what scared Eve O. Schaub was the secret world of sugar—hidden in bacon, crackers, salad dressing, pasta sauce, chicken broth, and baby food. With her eyes opened by the work of obesity expert Dr. Robert Lustig and others, Eve challenged her husband and two school-age daughters to join her on a quest to quit sugar for an entire year. Along the way, Eve uncovered the real costs of our sugar-heavy American diet—including diabetes, obesity, and increased incidences of health problems such as heart disease and cancer. The stories, tips, and recipes she shares throw fresh light on questionable nutritional advice we've been

following for years and show that it is possible to eat at restaurants and go grocery shopping—with less and even no added sugar. Year of No Sugar is what the conversation about "kicking the sugar addiction" looks like for a real American family—a roller coaster of unexpected discoveries and challenges. "As an outspoken advocate for healthy eating, I found Schaub's book to shine a much-needed spotlight on an aspect of American culture that is making us sick, fat, and unhappy, and it does so with wit and warmth."—Suvir Sara, author of Indian Home Cooking "Delicious and compelling, her book is just about the best sugar substitute I've ever encountered."—Pulitzer Prize-winning author Ron Powers **Girls' Studies** Sourcebooks, Inc. It's the unlikely but not unlucky story of a man who couldn't safely open a bag of Skittles, but still became a fitness guru with fans around the world. Born two months early, underweight and under-prepared for life, Anner entered the world with cerebral palsy and an uncertain future. So how did

this hairless mole-rat of a boy blossom into a viral internet sensation? He lives by the mantra when life gives you wheelchair, make lemonade-- and shares his fumbles with unflinching honesty and characteristic charm.

In this eagerly awaited autobiography, comedian and prime-time television star George Lopez tells the heartbreaking yet humorous story of his inspirational rise from dead-end kid in the Valley to giving a command performance before the president of the United States. It is a rare story that touches us so deeply with its humor, sadness, and powerful message that it transcends the walls of race,

culture, and class that divide us. Why You Crying? is just such a story. Abandoned by his migrant-worker father at the tender age of two months, deserted by a wild, mixed-up mother at the age of ten years, Lopez grew up angry, alone, teased, and tormented in California's San Fernando Valley, raised by grandparents who viewed love as a four-letter word. Inspired by his idols, Freddie Prinze Sr. and Richard Pryor, Lopez sets out on a tumultuous twenty-year journey into the manic world of stand-up comedy -- trying to learn a skill nobody can teach; scoring one night and bombing the next; fighting anger, alcohol, depression, and doubt all while battling the barriers built to keep Chicanos from breaking through, especially on network TV. Today, the George Lopez show is a prime-time hit on ABC and his sold-out stand-up performances attract thousands of fans of all ages, each drawn to the sidesplitting riffs mined from a life so sad it had to be funny. Why You Crying? takes an outsider from the San Fernando Valley to Warner Bros. studios to inside the Emmys to

plush Pebble Beach and all the way to the halls of Harvard. Along the way it's pure G. Lo -- raw, real, and, ultimately, uplifting. The Bond St. Martin's Griffin A hilarious and sometimes poignant look at the absurdities of weight-loss culture from an appealing and original voice. I'm Not The New Me is about coming to terms with a family heritage of fat and drastic surgeries, and about self-esteem issues that are nobody's business but your own. It's wondering what's left of yourself after you lose weight--and just who the hell you are if you gain it back. It's about the absurdities of online identities and fat girl clichés, and the sheer terror of appearing live and in person in your very own life. **Don't Let Me Down** Vendome Press In 1997 Mark Salzman, bestselling author *Iron and Silk* and *Lying Awake*, paid a

reluctant visit to a writing class at L.A.'s Central Juvenile Hall, a lockup for violent teenage offenders, many of them charged with murder. What he found so moved and astonished him that he began to teach there regularly. In voices of indelible emotional presence, the boys write about what led them to crime and about the lives that stretch ahead of them behind bars. We see them coming to terms with their crime-ridden pasts and searching for a reason to believe in their future selves. Insightful, comic, honest and tragic, True Notebooks is an object lesson in the redemptive power of writing.

Last Exit to Brooklyn Springer Science & Business Media

In 2001, with funding from the MacArthur Foundation, sociologists Patrick J. Carr and Maria J. Kefalas moved to Iowa to understand the rural brain drain and the exodus of young people from America's countryside. They met and followed working-class

"stayers"; ambitious and college-bound "achievers"; "seekers," who head off to war to see what the world beyond offers; and "returners," who eventually circle back to their hometowns. What surprised them most was that adults in the community were playing a pivotal part in the town's decline by pushing the best and brightest young people to leave. In a timely, new afterword, Carr and Kefalas address the question "so what can be done to save our communities?" They profile the efforts of dedicated community leaders actively resisting the hollowing out of Middle America. These individuals have creatively engaged small town youth—stayers and returners, seekers and achievers—and have implemented a variety of programs to combat the rural brain drain. These stories of civic engagement will certainly inspire and encourage readers struggling to defend their communities. From the Trade Paperback edition.

In her sparkling memoir, journalist Alison Singh Gee learns that love, riches, and a place to call home can be found in the most unexpected places. "Heartbreaking and uplifting... a searing book about race and prejudice in America... brims with insights that only someone who has

lived on both sides of the racial divide could gain."--Cleveland Plain Dealer "A triumph of storytelling as well as a triumph of spirit."--Alex Kotlowitz, award-winning author of *There Are No Children Here* As a child in 1950s segregated Virginia, Gregory Howard Williams grew up believing he was white. But when the family business failed and his parents' marriage fell apart, Williams discovered that his dark-skinned father, who had been passing as Italian-American, was half black. The family split up, and Greg, his younger brother, and their father moved to Muncie, Indiana, where the young boys learned the truth about their heritage. Overnight, Greg Williams became black. In this extraordinary and powerful memoir, Williams recounts his remarkable journey along the color line and illuminates the contrasts between the black and white worlds: one of privilege, opportunity and comfort, the other of deprivation, repression, and struggle. He tells of the hostility and prejudice he encountered all too often, from both blacks and whites, and the

surprising moments of encouragement and acceptance he found from each. *Life on the Color Line* is a uniquely important book. It is a wonderfully inspiring testament of purpose, perseverance, and human triumph. Winner of the Los Angeles Times Book Prize

Both a memoir and an investigation, *Swimming in a Sea of Death* is David Rieff's loving tribute to his mother, the writer Susan Sontag, and her final battle with cancer. Rieff's brave, passionate, and unsparing witness of the last nine months of her life, from her initial diagnosis to her death, is both an intensely personal portrait of the relationship between a mother and a son, and a reflection on what it is like to try to help someone gravely ill in her fight to go on living and, when the time comes, to die with dignity. Rieff offers no easy answers. Instead, his intensely personal book is a meditation on what it means to confront

death in our culture. In his most profound work, this brilliant writer confronts the blunt feelings of the survivor -- the guilt, the self-questioning, the sense of not having done enough. And he tries to understand what it means to desire so desperately, as his mother did to the end of her life, to try almost anything in order to go on living. Drawing on his mother's heroic struggle, paying tribute to her doctors' ingenuity and faithfulness, and determined to tell what happened to them all, *Swimming in a Sea of Death* subtly draws wider lessons that will be of value to others when they find themselves in the same situation.

Dungeons 'n' Durags Grand Central Publishing

New York's urban neighborhoods are full of young would-be emcees who aspire to "keep it real" and restaurants like Sylvia's

famous soul food eatery that offer a taste of "authentic" black culture. In these and other venues, authenticity is considered the best way to distinguish the real from the phony, the genuine from the fake. But in *Real Black*, John L. Jackson Jr. proposes a new model for thinking about these issues--racial sincerity. Jackson argues that authenticity caricatures identity as something imposed on people, imprisoning them within stereotypes--turning them into racial objects and inanimate things, instead of living, breathing human beings. Contending that such assumptions deny people agency--not to mention humanity--in their search for identity, Jackson counterposes sincerity, an internal and more productive analytical model for thinking about race. Moving in and

around Harlem and Brooklyn, Jackson offers a kaleidoscope of subjects and stories that directly and indirectly address how race is negotiated in today's world--including tales of name-changing hip-hop emcees, book-vending numerologists, urban conspiracy theorists, corrupt police officers, mixed-race neo-Nazis, and high-school gospel choirs forbidden to catch the Holy Ghost. Enlisting "Anthroman," his cape-crusading critical alter ego, Jackson records and retells these interconnected sagas in virtuosic detail and, in the process, shows us how race is defined and debated, imposed and confounded every single day.
