The trappings of high society
are brought to life in this
sparkling novel by the
Newberry medalist whom

Kirkus Reviews called “a master of pure story.” We are none of us what we seem. Gregor has an eye for the expensive. It’s a talent that makes him a fine appreciator of art and a stellar butler. Handsome and barely in his thirties, Gregor’s choice of work baffles even his employer, wealthy playboy Theo Mondleigh. If only he knew how Gregor spent his free time. While Theo’s parents strong-arm him into marriage, Gregor’s looking for a match of his own. His one requirement: money, and a lot of it. When Gregor’s not working, his days are spent charming the wealthiest single

women he can find. His latest mark is Alexis. She’s got money, youth, and the disenchantment to match, but the more time he gambles spending with her, the deeper he finds himself falling in love. She’s charming, intelligent, and engaged to the one man that could strip Gregor of his veneer of wealth. When worlds collide, much more is at stake than their fledgling love. *Eternal* HarperCollins Eleanor Quinn was America’s sweetheart. Cynthia and John Lennon's relationship spanned ten crucial years of the Beatles phenomenon. But as well as

new insight into the Beatles years, Cynthia has a compelling personal story of marriage, motherhood and the man who was to become the most idolised and admired of all the Beatles. Cynthia is candid about the cruel and the loving sides of John. She tells of the end of their marriage and the beginning of his relationship with Yoko Ono in more detail than ever before, and reveals the many difficulties estrangement from John - and then his death - brought for herself and Julian. Cynthia is a remarkable survivor and this is her extraordinary story and

unique insight into a man loved and idolised all over the world. [806 Open Road Media](#) Nature vs. Nurture Takes the Battle to the Boardroom - And to Natalie Chen. What's the first thing they teach you in business school? Never let emotions decide your fate. That's how people get hurt. That's how millions lose their jobs. That's how I almost lost everything. When I accepted one of the most highly coveted internships in America, I never expected to fall in love with my boss by the end of the first month. I never expected that my boss, Eric

Mann, used to go by another name a long, long time ago. And the woman the world forgot is screaming to come out and speak of the atrocities once wrought upon her life. Do I follow my heart and help her expose her family's deepest, darkest secrets to the world? Or do I follow my head and get as far as possible from this debacle? If I'm telling you this, we already know which path I chose.
