Charlotte is the consummate actress, comedienne, entertainer. Her work on stage and screen is always hilarious and somehow also gets you right in the gut. Her story is every bit as brilliant. Read it and smile." -Comedy Legend, Carl Reiner "To think of Charlotte Rae is to smile. Consequently, when I began to read "The Facts of My Life," I was unprepared for the emotional impact it would have on me. By the time I finished the first chapter, dealing as it does with her severely troubled son Andy, I was in tears. "As an old friend of Charlotte's, I thought I knew her fairly well. But as I read on, I discovered that the

'facts of her life' were constantly surprising (as well as amusing and engrossing)! There is so much that I don't know about Charlotte and so much that I now want to know, when the book is finally completed and published, I'll be first in line to get my copy!" -Sheldon Harnick (Composer, Fiddler on the Roof) Charlotte Rae's career spans more than seventy years, from the golden age of television to Shakespeare in the Park, the New York Cabaret scene of the late 1940's and 50's to her hit series, The Facts of Life and well beyond. Off stage and screen, Charlotte's life has been one of joy and challenge, raising an autistic son, coming to terms with alcoholism, the heartache of a broken marriage, the revelation of a gay husband and the sudden challenge of facing middle-age with financial and emotional uncertainties—an crisis she ultimately turned into the determination that brought her stardom. The Facts of My Life is the first opportunity for Charlotte fans to explore the fascinating story of her extraordinary life: poignant and hilarious, a story of courage and triumph, one that speaks for a generation of women breaking barriers, taking on challenges, overcoming personal

tragedy, and paving the way for others. Images Univ. Press of Mississippi " A lively memoir . . . a first-hand work of cinema history . . . the testament of a pivotal figure in American moviemaking. " —Martin Scorsese The list of films Irwin Winkler has produced in his more-than-fifty-year career is extraordinary: Rocky, Goodfellas, Raging Bull, De-Lovely, The Right Stuff, Creed, and The Irishman. His films have been nominated for fifty-two Academy Awards, including five movies for Best Picture, and have won twelve. In A Life in Movies, his charming and insightful memoir, Winkler tells the stories of his career through his many films as a producer and then as a writer and director, charting the changes in Hollywood over the past decades. Winkler started in the famous William Morris mailroom and made his first film—starring Elvis—in the last days of the old studio system. Beginning in the late 1960s, and then for decades to come, he produced a string of provocative and influential films, making him one of the most critically lauded, prolific, and commercially successful producers of his era. This is an engrossing and candid book, a beguiling exploration of what it means to be a producer, including purchasing rights, developing scripts, casting actors, managing directors, editing film, and winning awards. Sally Phipps was only three years old and the veteran winner of several beautiful baby contests when she appeared as the Baby in the film "Broncho Billy And The Baby." It was made at the Niles California Essanay Studio in late 1914. This book follows her amazing life and a career that culminated in her receiving the Rosemary (for remembrance) Award shortly before her death in 1978. Her memories of the early years at Essanay include sitting on Charlie Chaplin's lap and enduring a frightening stage coach accident. In her teens, she was a Fox Studio star appearing in 20 films, including a cameo in the classic "Sunrise." There were bad times also. She was on the set of her Fox two-reel comedy "Gentlemen Prefer Scotch" in 1927 when word reached her of the scandalous death of her father, a state senator. But in that same year, she was selected as one of the 13 Wampas Baby Stars, starlets that were considered destined for future success. Despite her popularity in Hollywood, she left for New York where she became the darling of gossip columnists, particularly Walter Winchell. She appeared in two Broadway shows, made a Vitaphone comedy short, and married and divorced one of the Gimbel

department store moguls before she darted off for India and around the world travel. Back in New York, there was another marriage, two children, and later a stay in Hawaii. Earl Wilson wrote about her in 1938 when she was working for the Federal Theatre Project during the WPA period -- headlining his column "Wampas Ex-Baby Lives On WPA \$23 - And Likes It." Her images - especially her pinup photographs - have become highly collectible. The book features 150 pictures from Sally's personal and professional life, including glamorous portraits and pinups.

This is true story about real people is set in Edinburgh City and Dundee, where a petite Scottish Lassie called Rosie Gilmour, mother to Finlay Sinclair, receives news of the death of her son - who tragically has taken his own life by hanging. Rosie pretends her son is still alive by talking to him, for that takes away the unbearable pain of her loss. But once she

begins to face up to the fact that Finlay is not coming back, her conversations become more of a challenge than she can handle. When memories of her past are triggered by everyday life events, they take her mind back and forth in time - back to her own childhood days in 1960, when she flirted with the fairground boys, and to the day she gave birth to Finlay - "ME LADDIE". Rosie's Scottish accent becomes more apparent whenever her emotions are heightened and she begins to recite poetry. She goes on to reveal doubts about her own self-worth and how she re-unites her role as mother - a role she had denied herself for seven years prior to Finlay's death. Rosie learns how to forgive herself and how to accept her loss with using practical coping strategies that sometimes but not always work for her. Many voices of different natures and walks of life appear in Rosie's, story with each one offering a part of their own belief to try and console her in her misery - except that she turns her back on any advice or support offered. Rosie is convinced that she can cope with her loss on her own and "needs no help from anyone, thank you" - until a sweet, gentle, soft-spoken voice

begins to travel with her throughout her ordeal, leaving her no other choice but to listen. Eventually moving to the countryside in Angus, Rosie finds the isolation gives her life a new meaning offering her the opportunity to re-value her beliefs about her own self values and decides the time has come to give her son a memorial service and invite a chosen few dance companions whom she met on a regular basis in Edinburgh to honour this day. Rosie begins to accept she will never be the same person she once had been and shall never be again, believing now her journey through grief taught her many lessons making her a stronger and better person than she imagined she could ever be.

"Be yourself. The world worships the original." - Ingrid Bergman
Since the early 20th century, film has been embraced as arguably the preeminent international art form. Not only is Hollywood cinema immensely popular around the world, but other nationalities (Bollywood being the greatest current example) have their own thriving industries. Major actors and actresses are not only icons in their parent countries but reach

tremendous international fame. However, most actors who become internationally famous do so via the success of the films they make in their native land, without actually leaving their country. One of the most famous early examples is Charlie Chaplin, who reached incredible fame in Asia and Western Europe during the silent cinema era despite having never left the confines of Hollywood. Chaplin's example illustrates how the vast majority of film stars who reach international fame do so through the global success of the films they make within a given industry. This dynamic highlights the uniqueness of Ingrid Bergman's career and her significance as an international film star. Not only were films like Casablanca (1942) famous around the world, but she made films in five different languages and film industries. In this regard, she was the rare star who was willing to literally act in films produced in different countries. Bergman's fame cannot be doubted, but the international quality of her career has prevented most people from gaining a complete understanding of her filmography. Moreover, the immense success of her most famous films obscured her other achievements; one of Bergman's persistent lamentations late in her career was that even though she appeared in other films she deemed more significant, the only film of hers that people wanted to discuss was Casablanca. As a result, her early films in Sweden, the Italian Neorealist films she made with famous director and future husband Roberto Rossellini, and her French film with Jean Renoir have all been relegated to the margins. Bergman is

thus recognized as a Hollywood star rather than an actress who should be identified with an array of different film industries, reducing the enormous scope of her career to a relatively small proportion of her filmography. At the same time, Bergman's personal life reflects the dynamics of the film industry and the relationship between celebrities and American culture more generally. At times during her career, Bergman was the darling of Hollywood, but at other times she was literally a pariah. It is all too common to remember Bergman for her performance in *Casablanca*, forgetting the fact that she was effectively exiled from Hollywood for several years during her romance with Roberto Rossellini. Her life and career amply demonstrated the expectations American culture held for their film stars during the mid-20th century.

One of the first film actors to be identified with horror roles was Paul Wegener. A distinguished stage actor, Wegener was fascinated by film and its potential to portray the uncanny and the macabre. Sometimes acting as director and writer, as well as performer, Wegener played in a series of fantastic films in the 1910s, the most famous of which are *The Student of Prague* and *The Golem*. His directing career faltered in the 1920s, but he continued to play

mad scientists, monsters, and various grotesque characters. The book has detailed essays on seventeen of his most significant genre films and includes first-hand descriptions of such rarities as *The Lost Shadow*, *Svengali*, *Hans Trutz*, and *Rampan the Beast Man*. In addition to a biography of Wegener, there is also a detailed filmography of all his movies, including the obscure films he directed in the 1930s.
