Lilus Kikus and Other Stories by Elena Poniatowska Bloomsbury Publishing

A mentally retarded adult has a brain operation that turns him into a genius.

The Legacy of Christopher Columbus in the Americas Macmillan

Meet Akhila: forty-five and single, an income-tax clerk, and a woman who has never been allowed to live her own life - always the daughter, the sister, the aunt, the provider - until the day she gets herself a one-way ticket to the seaside town of Kanyakumari. In the intimate atmosphere of the all-women sleeping car - the 'Ladies Coupe' - Akhila asks the five women the question that has been haunting her all her adult life: can a woman stay single and be happy, or does she need a man to feel complete? This wonderfully atmospheric, deliciously warm novel takes the reader into the heart of women's lives in contemporary India, revealing how the dilemmas that women face in their relationships with husbands, mothers, friends, employers and children are the same world over.

Flowers for Algernon Walter de Gruyter

In this inspiring guide to successful leadership, New York Times bestselling author John C. Maxwell shares his tried and true principles for maximum personal growth. Are there tried and true principles that are always certain to help a person grow? John Maxwell says the answer is yes. He has been passionate about personal development for over fifty years, and for the first time, he teaches everything he has gleaned about what it takes to reach our potential. In the way that only he can communicate, John teaches . . . The Law of the Mirror: You Must See Value in Yourself to Add Value to Yourself The Law of Awareness: You Must Know Yourself to Grow Yourself The Law of Modeling: It's Hard to Improve When You Have No One But Yourself to Follow The Law of the Rubber Band: Growth Stops When You Lose the Tension Between Where You are and Where You Could Be The Law of Contribution: Developing Yourself Enables You to Develop Others This third book in John Maxwell's Laws series (following the 2-million seller The 21 Irrefutable Laws of Leadership and The 17

Indisputable Laws of Teamwork) will help you become a lifelong learner whose potential keeps increasing and never gets "used up."

Let the Nations be Glad Routledge

The first English edition of the work of one of Mexico's most admired women writers.

Tinisima Ingram

A “ colorful family saga ” set against the dramatic historical backdrop of twentieth-century Puerto Rico, from an author nominated for the National Book Award (Kirkus Reviews). Elvira Vernet narrates Eccentric Neighborhoods as she attempts to solve the mystery of who her parents truly are. Her mother, the beautiful and aristocratic Clarissa Rivas de Santillana, was born into a rarefied world of privilege, one of five daughters on the family ’ s sugar plantation. Elvira ’ s father, Aurelio Vernet, and his three brothers and two sisters were raised by Santiago, a Cuban immigrant who ruled his family with an iron hand. As Puerto Rico struggles for independence—and Aurelio takes his place among the powerful political gentry—a legacy of violence, infidelity, faith, and sacrifice is born. Set against the backdrop of a country coming of age, Eccentric Neighborhoods is a lush, transcendent novel, a family saga about mothers and daughters, husbands and wives, parents and children. In this magnificent follow-up to The House on the Lagoon, Rosario Ferr é delivers a work of historical fiction influenced by magical realism and infused with forgiveness and love.

Spanish Basic Course Ingram

Emotional Intelligence Does IQ define our destiny? Daniel Goleman argues that our view of human intelligence is far too narrow, and that our emotions play a major role in thought, decision making and individual success. Self-awareness, impulse control, persistence, motivation, empathy and social deftness are all qualities that mark people who excel: whose relationships flourish, who are stars in the workplace. With new insights into the brain architecture underlying emotion and rationality, Goleman shows precisely how emotional intelligence can be nurtured and strengthened in all of us. Working with Emotional Intelligence Do you want to be more successful at work? Do you want to improve your chances of promotion? Do you want to get on better with your colleagues? Daniel Goleman draws on unparalleled access to business leaders around the world and the thorough research that is his trademark. He demonstrates that emotional intelligence at work matters twice as much as cognitive abilities such as IQ or technical expertise in this inspiring sequel.

The Future of Spanish in the United States Ingram

Imagina las posibilidades The Imagina: espanol sin barreras textbook program provides a smooth transition between first-year and second-year Spanish texts. Achtung-Panzer! Yale University Press

The book series Beihefte zur Zeitschrift für romanische Philologie, founded by Gustav Gröber in 1905, is among the most renowned publications in Romance Studies. It covers the entire field of Romance linguistics, including the national languages as well as the lesser studied Romance languages. The editors welcome submissions of high-quality monographs and collected volumes on all areas of linguistic research, on medieval literature and on textual criticism. The publication languages of the series are French, Spanish, Portuguese, Italian and Romanian as well as German and English. Each collected volume should be as uniform as possible in its contents and in the choice of languages.

Vistas 6e SAM Thieme

This report is part of WHO's response to the 49th World Health Assembly held in 1996 which adopted a resolution declaring violence a major and growing public health problem across the world. It is aimed largely at researchers and practitioners including health care workers, social workers, educators and law enforcement officials.

Art of the Twentieth Century Center Street

Exceptionally insightful speech-language pathology textbook highlights individual cases to augment learning! Speech-Language Pathology Casebook by Ryan Branski, Sonja Molfenter, and an impressive array of contributors presents a diverse spectrum of cases covering communication, voice, and swallowing disorders in children and adults. Readers are provided with rich and varied narratives underscoring the fact that clinical intervention of speech-language disorders is an art form based on science. Evidence-based assessments and treatments cover a variety of settings including medical inpatient, outpatient, and skilled nursing facility; home health; school; community-based; and private practice. Eighty cases following a standardized format encompass a wide range of congenital and acquired disorders spanning the age continuum. Each case includes a clinical history and description, evaluations/testing, diagnosis, treatment, outcomes, questions and answers, suggested readings, and references. With invaluable firsthand insights from practitioners, this unique resource enhances the ability to develop effective, patient-informed interventions. Key Highlights Discussion of problems frequently omitted from typical curricula, but increasingly relevant to contemporary clinical practice, ranging from telepractice to transgender voice modification Speech-related issues in children associated with cleft palate, autism spectrum disorder, stuttering, bilingual language delays, severe intellectual disability, congenital porencephaly, FASD, apraxia, and many others Medical conditions in adults that impact speech-language, such as traumatic brain injury, ALS, right hemisphere disorder, stroke, autoimmune encephalopathy, dementia, Parkinson's disease, autism, and more Videos, audio, bulleted key points, and handy comparative charts provide additional pearls The detailed case narratives enable speech-language students to connect and apply theory and knowledge acquired in the classroom to real-life clinical practice.

Instructors and speech-language pathologists will also benefit from this excellent teaching and clinical reference.

Essentials for Child Development Associates Working with Young Children UNM Press

Magic, sexual tension, high comedy, and intense drama move through an enchanted yet harsh autobiography, in the story of a young girl who leaves rural Puerto Rico for New York's tenements and a chance for success.

Sex at the Margins Open Road Media

'Mission is not the ultimate goal of the church. Worship is. Missions exist because worship doesn't. Worship is ultimate.' John Piper's contemporary classic draws on key biblical texts to demonstrate that worship is the ultimate goal of the church and that proper worship fuels missionary outreach. Piper offers a biblical defence of God's supremacy in all things, providing a sound theological foundation for missions. He examines whether Jesus is the only way to salvation and issues a passionate plea for God-centredness in the missionary enterprise, seeking to define the scope of the task and the means for reaching 'all nations'. Let the Nations Be Glad! is a trusted resource for missionaries, pastors, church leaders, youth workers, seminary students, and all who want to connect their labours to God's global purposes. This third edition has been revised and expanded throughout and includes new material on the 'prosperity gospel'.

Imaginez 2e SE(LL) + SSPlus(wSAM and VTxt)(e) UNM Press

This reader, a companion to The Open University's four-volume Art of the Twentieth Century series, offers a variety of writings by art historians and art theorists. The writings were originally published as freestanding essays or chapters in books, and they reflect the diversity of art historical interpretations and theoretical approaches to twentieth-century art. Accessible to the general reader, this book may be read independently or to supplement the materials explored in the four course texts. The volume includes a general introduction as well as a brief introduction to each piece, outlining its origin and relevance.

Teaching Culture Palabra

The power of the commons as a free, fair system of provisioning and governance beyond capitalism, socialism, and other -isms. From co-housing and agroecology to fisheries and open-source everything, people around the world are increasingly turning to 'commoning' to emancipate themselves from a predatory market-state system. Free, Fair, and Alive presents a foundational re-thinking of the commons — the self-organized social system that humans have used for millennia to meet their needs. It offers a compelling vision of a future beyond the dead-end binary of capitalism versus socialism that has almost brought the world to its knees. Written by two leading commons activists of our time, this guide is a penetrating cultural critique, table-pounding political treatise, and practical playbook. Highly readable and full of colorful stories, coverage includes: Internal dynamics of commoning How the commons worldview opens up new possibilities for change Role of language in reorienting our perceptions and political strategies Seeing the potential of commoning everywhere. Free, Fair, and Alive provides a fresh, non-academic synthesis of contemporary commons written for a popular, activist-minded audience. It presents a compelling narrative: that we can be free and creative people, govern ourselves through fair and accountable institutions, and experience the aliveness of authentic human presence.

Eccentric Neighborhoods Inter-Varsity Press

This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured

vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

Imagina Springer

This timely practical reference addresses the lack of Spanish-language resources for mental health professionals to use with their Latino clients. Geared toward both English- and Spanish-speaking practitioners in a variety of settings, this volume is designed to minimize misunderstandings between the clinician and client, and with that the possibility of inaccurate diagnosis and/or ineffective treatment. Coverage for each topic features a discussion of cultural considerations, guidelines for evidence-based best practices, a review of available findings, a treatment plan, plus clinical tools and client handouts, homework sheets, worksheets, and other materials. Chapters span a wide range of disorders and problems over the life-course, and include reproducible resources for: Assessing for race-based trauma. Using behavioral activation and cognitive interventions to treat depression among Latinos. Treating aggression, substance use, abuse, and dependence among Latino Adults. Treating behavioral problems among Latino adolescents. Treating anxiety among Latino children. Working with Latino couples. Restoring legal competency with Latinos. The Toolkit for Counseling Spanish-Speaking Clients fills a glaring need in behavioral service delivery, offering health psychologists, social workers, clinical psychologists, neuropsychologists, and other helping professionals culturally-relevant support for working with this under served population. The materials included here are an important step toward dismantling barriers to mental health care.

Imagina Pack A + SAM + AK Houghton Mifflin Harcourt

U.S. leadership will be a strong factor in the persistence of Spanish in its midst as a living language will be a powerful factor in the strengthening of the language on the international stage. In this volume, a number of specialists, all professors of Latino origins currently working in U.S. universities, analyze a variety of factors, from different perspectives, that play a role in the present and future vitality of Spanish as a second language in the U.S. The result is a rich and complex work surrounding a crucial issue that will influence the future of Spanish as an international language.
