So you've got a copy of iMovie HD and

iDVD 5, a camcorder, and plenty of footage-but how do you get all this video footage into a watchable movie? Maybe you don't want to spend a lot of time learning all the ins and outs of the software, but just want to get your movie finished. Realizing that many users won't want to waste a single minute reading about all they can do with

iMovie and iDVD, best-selling author Jeff Carlson cuts straight to the chase, using simple project-based instruction and big, colorful screen shots to guide them through the process of making their first movie on an interactive DVD. By focusing on that first project, rather than exploring every option and feature, Jeff demonstrates
