Cisco Unified Communications Manager Express is a customizable solution that is affordable, simple to deploy, and scalable. Provide localized call control, mobility, and conferencing alongside data applications on Cisco Integrated Services Routers.
Implementing Cisco Unified Communications Manager, Part 1 ...
SIP IP Phone does not get dial tone. A common cause for SIP IP Phones that are not able to get a dial tone is that there is another phone with the same extension. As of Cisco Unified Communications Manager Express 4.2, shared line is not supported on SIP Phones. Thus, SIP phones can not share the same extension among multiple phones.
