Improving Adolescent Literacy Content Area

ERIC - Search Results

elementary years and should be tailored to the more complex forms of literacy that are required of adolescent students in the middle and high school years. A growing research base on adolescent literacy supports an emphasis on direct instruction in the reading and writing skills needed to perform these more complex literacy tasks.

However,

Teaching Reading and Writing in the Content Areas ...

Next steps. If secondary schools are to take seriously the teaching of literacy in the content areas, then they must allow the content areas to develop their own expertise and to exercise their own professional judgement as to the kinds of reading and writing that are most important to teach in their classes.
