A stunning debut novel with an intriguing literary hook: written in part as a letter from a victim to her abductor. Sensitive, sharp, captivating! Gemma, 16, is on layover at Bangkok Airport, en route with her parents to a vacation in Vietnam. She steps away for just a second, to get a cup of coffee.

Ty--rugged, tan, too old, oddly familiar--pays for Gemma's drink. And drugs it. They talk. Their hands touch. And before Gemma knows what's happening, Ty takes her. Steals her away. The unknowing object of a long obsession, Gemma has been kidnapped by her stalker and brought to the desolate Australian Outback. *STOLEN* is her gripping story of survival, of how she has to come to terms with her living nightmare--or die trying to fight it.

Five teens victimized by sex trafficking try to find their way to a new life in this "sincere and moving" (Booklist) companion to the #1 New York Times bestselling *Tricks* from Ellen Hopkins, author of *Crank*. In her bestselling novel, *Tricks*, Ellen Hopkins introduced us to five memorable characters tackling these enormous questions: Eden, the preacher's daughter who turns tricks in Vegas and is helped into a child prostitution rescue; Seth, the gay farm boy disowned by his father who finds himself without money or resources other than his own body; Whitney, the privileged kid coaxed into the life by a pimp and whose dreams are ruined in a heroin haze; Ginger, who runs away from home with her girlfriend and is arrested for soliciting an undercover cop; and Cody, whose gambling habit forces him into the life, but who is shot and left for dead. And now, in *Traffick*, these five are faced with the toughest question of all: Is there a way out? How these five teenagers face the aftermath of their decisions and experiences is the soul of this story that exposes the dark, ferocious underbelly of the child trafficking trade. Heartwrenching and hopeful, *Traffick* takes us on five separate but intertwined journeys through the painful challenges of recovery, rehabilitation, and renewal to forgiveness and love. All the way home.

The Rules of Survival Margaret K. McElderry Books

How do you live your life if your past is based on a lie? Find out in this "satisfied and moving story" (Publishers Weekly, starred review) in both verse and prose from #1 New York Times bestselling author, Ellen Hopkins. For as long as she can remember, it's been just Ariel and Dad. Ariel's mom disappeared when she was a baby. Dad says home is wherever the two of them are, but Ariel is now seventeen and after years of new apartments, new schools, and new faces, all she wants is to put down some roots. Complicating things are Monica and Gabe, both of whom have stirred a different kind of desire. Maya's a teenager who's run from an abusive mother right into the arms of an older man she thinks she can trust. But now she's isolated with a baby on the way, and life's getting more complicated than Maya ever could have imagined. Ariel and Maya's lives collide unexpectedly when Ariel's mother shows up out of the blue with wild accusations: Ariel wasn't abandoned. Her father kidnapped her fourteen years ago. In bestselling author Ellen Hopkins's deft hands, Ariel's emotionally charged journey to find out the truth of who she really is balances beautifully with Maya's story of loss and redemption. This is a memorable portrait of two young women trying to make sense of their lives and coming face to face with themselves—for both the last and the very first time.

Glass Harper Collins

Does it get better? The New York Times bestselling author of *Crank* and *Tricks* explores the highly charged landscapes of bullying and forgiveness in this "strong and worthy" (Kirkus Reviews) novel. Matthew Turner knows it doesn't

get better. His younger brother Luke was bullied mercilessly after one of Matt's friends outed Luke to the whole school, and when Luke called Matt—on the brink of suicide—Matt was too wrapped up in his new girlfriend to answer the phone. Now Luke is gone, and Matt's family is falling apart. No matter what his girlfriend Hayden says about forgiveness, there's no way Matt's letting those he blames off the hook—including himself. As Matt spirals further into bitterness, he risks losing Hayden, the love of his life. But when her father begins to pressure the school board into banning books because of their homosexual content, he begins to wonder if he and Hayden ever had anything in common. With brilliant sensitivity and emotional resonance, bestselling author Ellen Hopkins's *Rumble* explores bullying and suicide in a powerful story that examines the value of forgiveness and reconciliation.

When Samantha Schutz first left home for college, she was excited by the possibilities -- freedom from parents, freedom from a boyfriend who was reckless with her affections, freedom from the person she was supposed to be.
