This is the compelling story of a brutal crime and the two teenagers—Ryo, the son of the murdered man, and Yukiho, the daughter of the main suspect—whose lives remain inextricably linked over the twenty-year search for the truth behind the crime. In Osaka in 1973, the body of a murdered man is found in an abandoned building. Investigating the crime, Detective Sasagaki is unable to find the killer. Over the next twenty years, through the lens of a succession of characters, Higashino tells the story of two teens, Ryo and Yukiho, whose lives are most affected by the crime, and the obsessed detective, Sasagaki, who continues to investigate the murder, looking for the elusive truth. *Under the Midnight Sun* is a complex, psychological novel about crime and its after-effects by one of the most read and most accomplished contemporary mystery authors. This is a love story, a story about growing up, a story about what it's like to be a woman (East and West), a story about the history of the post-imperial Middle East during the last 30 years or so, perplexed and bloody years, and a story about home.

Geoff Winingham began photographing the popular fiestas of Mexico in 1984. Returning to the same Mexican villages several times a year, he formed personal relationships with families who permitted him to photograph them in the intimacy of their homes, and local officials who gave him special access to all phases of the celebrations. The fiestas provide tangible links to the pre-Hispanic cultures of middle America, intertwining some of the great Pagan festivals of these ancient peoples with Catholic ritual and tradition. *In the Eye of the Sun* is a remarkable visual chronicle of Mexican life. The book also includes an introduction by Richard Rodriguez and an essay by J.M.G. Le Clezio.

The books in this two-volume series present the most important tools and information on how to utilize the "Book of Changes" (*I Ching*). "The" *Book of Sun and Moon*, "an alternative-though accurate-translation for the title of the" *I Ching*, "is both a book of divination and calculation. Its use in divination means to apply intuition concerning the oracle of the hexagrams (the sixty-four images of broken and unbroken Yin-and-Yang lines). Its ability to calculate and determine possible outcomes for any situation involves examining the logical correlations associated with each of the hexagrams and what images they change into and head toward. Using the "Book of Sun and Moon" is like being a detective or tracker. The images are the clues and tracks, and a good detective or tracker needs not only tools of deduction and observation, but also a strong sense of intuition. Hence, the "Book of Sun and Moon" provides the main tools for both. Some questions put to the "Book of Sun and Moon" may only seem to need an understanding of the oracle portion, while others may only seem to require the use of logic and calculation. Without applying both intuition and logic, however, you are only receiving half the picture and limiting the amount of information the "Book of Sun and Moon" can provide. Volume I contains background historical information and explanations of the "I Ching's" construction and uses for divination and calculation. Volume II contains the translations of the original "Book of Sun and Moon," along with specific correlations for the hexagrams and trigrams for interpretation, as well as Stuart Alve Olson's commentaries derived from

various Chinese sources. These new editions of the "Book of Sun and Moon" provide a distinctly Daoist perspective on the work, which sets them apart from the majority of other translations of the "I Ching" that contain commentaries based on Confucian ideals and philosophy.

"The City of the Sun" is a philosophical work by the Italian Dominican philosopher Tommaso Campanella. It is an important early utopian work. The book is presented as a

dialogue between "a Grandmaster of the Knights Hospitaller and a Genoese Sea-Captain". Inspired by Plato's Republic and the description of Atlantis in Timaeus, it describes a theocratic society where goods, women and children are held in common. One of the most significant aspects of this community is the distribution of work. Once again Campanella engages in an explicit polemic with Aristotle, who had excluded artisans, peasants and those involved in manual labor from the category of full citizenship and from the highest levels of virtue.

Berlin in the 1920s is a city of seedy night clubs and sumptuous art galleries, where nothing is quite what it seems. It is home to Emmeline, a young art student; Julius, an art expert who loves paintings more than people; and Frank, a Jewish lawyer looking for a way to protect both his family and his principles as the Nazis begin their rise to power. Rachmann, a mercurial art dealer-- and newly discovered paintings by Vincent van Gogh-- will provide a scandal that turns all their lives upside down. -- adapted from jacket

The illustrated story of a lonely alien sent to observe Earth, where he meets all sorts of creatures with all sorts of perspectives on life, love, and happiness, while learning to feel a little better about himself—based on the enormously popular Twitter account. Here is the unforgettable story of Jomny, an alien sent to study Earth. Always feeling apart, even among his species, Jomny feels at home for the first time among the earthlings he meets. There is a bear tired of other creatures running in fear, an egg struggling to decide what to hatch into, a turtle hiding itself by learning camouflage, a puppy struggling to express its true feelings, and many more. The characters are unique and inventive—bees think long and hard about what love means, birds try to eat the sun, nothingness questions its own existence, a ghost comes to terms with dying, and an introverted hedgehog slowly lets Jomny see its artistic insecurities. At the same time, Jomny's curious presence allows these characters to open up to him in ways they were never able to before, revealing the power of somebody who is just there to listen. Everyone's a Aliebn When Ur a Aliebn Too is also the story behind the widely-shared and typo-filled @jonnysun twitter account. Since the beginning, Sun intentionally tweeted from an outsider's perspective, creating a truly distinct voice. Now, that outsider has taken shape in the character of Jomny, who observes Earth with the same intelligent, empathetic, and charmingly naïve voice that won over his fans on social media. New fans will find it organic, and old fans will delight at seeing the clever words that made them fans in the first place. Through this story of a lost, lonely and confused Alien finding friendship, acceptance, and love among the animals and plants of Earth, we will all learn how to be a little more human. And for all the earth-bound creatures here on this planet, we will all

learn how sometimes, it takes an outsider to help us see ourselves for who we truly are.

Novel, translated by Joachim Neugroschel. Bataille's scandalous *STORY OF THE EYE*, written under the pseudonym Lord Auch, centers around the exploits of a young couple exploring the utmost boundaries of the sacred and profane. This hallucinatory melding of sex and religion has lost none of its transgressive power since its original publication in the 1920s, and prefigures Bataille's later studies of death and sensuality, including *EROTISM* and *THE TEARS OF EROS*, also published by City Lights and available from SPD.

**NEW YORK TIMES BESTSELLER** • "As sweet and funny and sad and true and heartfelt a memoir as one could find." —from the foreword by Augusten Burroughs Ever since he was young, John Robison longed to connect with other people, but by the time he was a teenager, his odd habits—an inclination to blurt out non sequiturs, avoid eye contact, dismantle radios, and dig five-foot holes (and stick his younger brother, Augusten Burroughs, in them)—had earned him the label "social deviant." It was not until he was forty that he was diagnosed with a form of autism called Asperger's syndrome. That understanding transformed the way he saw himself—and the world. A born storyteller, Robison has written a moving, darkly funny memoir about a life that has taken him from developing exploding guitars for KISS to building a family of his own. It's a strange, sly, indelible account—sometimes alien yet always deeply human.

An electrifying story of the sensational murder trial that divided a city and ignited the civil rights struggle In 1925, Detroit was a smoky swirl of jazz and speakeasies, assembly lines and fistfights. The advent of automobiles had brought workers from around the globe to compete for manufacturing jobs, and tensions often flared with the KKK in ascendance and violence rising. Ossian Sweet, a proud Negro doctor-grandson of a slave-had made the long climb from the ghetto to a home of his own in a previously all-white neighborhood. Yet just after his arrival, a mob gathered outside his house; suddenly, shots

rang out: Sweet, or one of his defenders, had accidentally killed one of the whites threatening their lives and homes. And so it began—a chain of events that brought America's greatest attorney, Clarence Darrow, into the fray and transformed Sweet into a controversial symbol of equality. Historian Kevin Boyle weaves the police investigation and courtroom drama of Sweet's murder trial into an unforgettable tapestry of narrative history that documents the volatile America of the 1920s and movingly re-creates the Sweet family's journey from slavery through the Great Migration to the middle class. Ossian Sweet's story, so richly and poignantly captured here, is an epic tale of one man trapped by the battles of his era's changing times. *Arc of Justice* is the winner of the 2004 National Book Award for Nonfiction.

From the best-selling author of *The Map of Love*, here is a bracing firsthand account of the Egyptian revolution—told with the narrative instincts of a novelist, the gritty insights of an activist, and the long perspective of a native Cairene. Since January 25, 2011, when thousands of Egyptians gathered in Tahrir Square to demand the fall of Hosni Mubarak's regime, Ahdaf Soueif—author, journalist, and lifelong progressive—has been among the revolutionaries who have shaken Egypt to its core. In this deeply personal work, Soueif summons her storytelling talents to trace the trajectory of her nation's ongoing transformation. She writes of the passion, confrontation, and sacrifice that she witnessed in the historic first eighteen days of uprising—the bravery of the youth who led the revolts and the jubilation in the streets at Mubarak's departure. Later, the cityscape was ablaze with political graffiti and street screenings, and with the journalistic and organizational efforts of activists—including Soueif and her family. In the weeks and months after those crucial eighteen days, we watch as Egyptians fight to preserve and advance their revolution—even as the interim military government, the Supreme Council of the Armed Forces, throws up obstacles at each step. She shows us the council delaying abdication of power, undermining efforts toward democracy, claiming ownership of the revolution while ignoring its martyrs. We see elections held and an Islamist voted into power. At each scene, Soueif gives us her view from the ground—brave, intelligent, startlingly immediate. Against this stormy backdrop, she interweaves memories of her own Cairo—the balcony of her aunt's flat, where, as a child, she would watch the open-air cinema; her first job, as an actor on a children's sitcom; her mother's family land outside the city, filled with fruit trees and

palm groves, in sight of the pyramids. In so doing, she affirms the beauty and resilience of this ancient and remarkable city. The book ends with a postscript that considers Egypt's more recent turns: the shifts in government, the ongoing confrontations between citizen and state, and a nation's difficult but deeply inspiring path toward its great, human aims—bread, freedom, and social justice. In these pages, Soueif creates an illuminating snapshot of an event watched by the world—the outcome of which continues to be felt across the globe.
