Geralt 's encounter with a beast reveals the truth behind fairy tales in this graphic novel adaptation of Andrzej Sapkowski's original short story. Geralt takes a short cut down a beaten path, where he makes a grim discovery of two corpses. Backtracking their trail, he 's led to a derelict mansion secured with elevated walls and a

---

gate—mysterious and ramshackle, yet adorned with a rare elegance Geralt could not ignore. He is met with the mansion's owner—not quite human, but a beast with the faculties of a man. With Geralt unfazed by his monstrous appearance and displays of aggression, the beast invites him inside. A kind but wary host, he shares stories of his family, his life . . . and his curse. If the weight of his misdeeds could condemn him to the body of a beast—a retribution spoken of only in fairy tales, could there be another grain of truth in these tales of fantasy—one that could help him elude his fate and lead him to salvation? This graphic novel is the first in a series of adaptations from Sapkowski's acclaimed short story collection *The Last Wish*! Script adaptation by Jacek Rembi (Frostpunk) with art by Jonas Scharf (Bone Parish, *War for the Planet of the Apes*).

Roll Up Your Sleeves & Fix the Problem! ABC Hurricane Shutters, a Florida-based company, was on the verge of Chapter 11 bankruptcy, having recorded losses in each of the preceding three years. In *From Red to Black: A Business Turnaround*, Robert S. Curry shares his thought process, action steps, and profit improvement recommendations throughout his turnaround engagement at the shutter company. After Bob's first meeting with the owner, he developed a detailed plan for recovery and was engaged the next day.

---

Within four months, the company had made a complete turnaround with nearly every "must-do" completed. Thanks to Bob's efforts, ABC was well on its way to becoming the most profitable hurricane shutter company in Florida. While every business in distress is unique, Bob's philosophy is that everyone in the company has to roll up their sleeves and work hard to fix the problems or find a new place to work. Effective communication is paramount. He begins every engagement by listening and says of this particular business turnaround, "I spent the first two weeks listening to managers and staff, all of whom had a perception of what was wrong with the company. My father told me a long time ago, 'God gave you two ears and one mouth, so listen, and you will learn!' And so that's what I did-and always do." The takeaway lessons in this illustrative story are sure to spark your ideas on how to turn a troubled company around and help you take proactive steps toward financial stability and profit. As Bob always says, there is no substitute for a strong leader to make a company profitable. Read *From Red to Black*, and you will learn how to be that leader.

and in this companion volume he has collected many attractive tales. They are mainly from Madame d'Aulnoy and other French sources, the Norse and the unfailing German. Mr. Lang has condensed the story of "Sigurd" from William Morris' version of the "Volsunga Saga." The "Twelve Dancing Princesses," the "Death of Koschei the Deathless," the "Master Thief," "Kari Woodengown," "Dapplegrim," "Minnikin," and "Rapunzel" are among the less familiar tales here. The preface of the book gives credit to Mrs. Lang for these beautiful stories which she did out of old romances, the editing being the work of Andrew Lang. Which ever one may deserve the "lion's share" of the authorship we welcome this charming collection of tales which are worthy the author from whom we have been accustomed, for many years, to expect the most beautiful of modern fairy tales. There is no danger of being forced to take the editor's advice: if we do not like one story to try another. From the moment we fell under the spell of William and the Werwolf there was not a doubt in our minds that every one of these classic romances must be read in regular order from beginning to end. A book of such rare literary merit, so exquisitely bound and illustrated is a valuable addition to young people's libraries. Ever feel swept up in a sea of novelty? When did the new become more important than the true? Andrew Gilchrist found a remedy to today's nausea of novelty in the most familiar elements of narrative and music. He has composed a new arrangement from the ideas of Marshall McLuhan, Northrop Frye, Bernard Lonergan, and Jordan Peterson, weaving together a promising relationship between what we believe and how we live. This book starts a conversation at the crossroads of art, literature, religion, and psychology. And it begins with the

oldest of stories. A boy fell in love with a girl and sung her a song. Each chapter in this book charts a series of helpful symbols and sounds, drawing attention to the melodies, rhythms and tempos that make up our most common experiences. The scientific revolution gave birth to a new understanding of the relationship between observer and observed, lover and beloved. That birth has changed the song. However, we have not welcomed this new daughter into the family with a proper name or fully recognized her part in our spiritual development. With her wisdom, we too might find hope and delight in the back and forth journey between tradition and innovation. Could her compelling voice

---

and playful character help us prepare for  
the greatest roles of our lives?
