Songs in the Mountain Carrie Ann Ryan

Caroline Meeber, known as Sister Carrie to her family, moves to Chicago at the tender age of eighteen to try to make something of herself. Living with her sister and brother-in-law, she quickly finds that life, and work, are hard in the big city. She soon takes up with a traveling salesman she met on the train into town. Months later her eye is turned by one of the

salesman ' s acquaintances, George Hurstwood, and vice-versa. A series of events lead Carrie and Hurstwood to New York City, where both struggle to live out the aspirations that brought them there. Theodore Dreiser was one of the earliest naturalist writers, but he wrote Sister Carrie while the United States was still very Victorian in its morals. The book therefore caused a stir from the beginning: Carrie Meeber was clearly, even in the disguised language of the time, a sexually active, unmarried female, who wasn ' t made to suffer for her indiscretion to the extent considered necessary at the time. Dreiser ' s depiction of rough language merely added to the controversy. The first printing sold only 456 copies in two years; it was to be another five years before Dreiser could convince another publisher to carry the book. Today it ' s considered a classic and one of the " greatest of all American urban novels. " The text of Sister Carrie was unchanged until 1981, when the University of Pennsylvania Press published a new version with 36,000 words restored. The edition was not

without controversy: the cuts were originally made before the first printing at the suggestion of Dreiser ' s wife, or his friend Arthur Henry, and Dreiser had approved all of them. Although the new Pennsylvania Edition, as it is called, made a good case for restoring the changes, it is the 1907 text that remains the most widely available today, and it is that text in this edition. This book is part of the Standard Ebooks project, which produces free public domain ebooks.

An ebook box set of Stephen King's early works, including three #1 bestsellers: Carrie, 'Salem's Lot, and The Shining. In Carrie, a teenage girl is tormented and teased to the breaking point by her more popular schoolmates. But Carrie has a gift and she uses this gift to inflict a terrifying revenge. In 'Salem's Lot, Ben Mears has returned to Jerusalem's Lot, an old mansion, long the subject of town lore, to work on his new book. But when two young boys venture into the woods and only one comes out alive, Mears begins to realize that there is something evil growing within the borders of this small New England town. In The Shining, Jack Torrance's new job as the off-season caretaker at the Overlook Hotel is the perfect chance for a fresh start. But as the harsh winter weather sets in, the idyllic location feels ever

more remote . . . and more sinister. And the only one to notice the strange and terrible forces gathering around the Overlook is Danny Torrance, a uniquely gifted five-year-old.

These Sagas were from a time when men were knighted for achieving great feats, and great their feats were. Often dismissed by the King ' s court and shunned by their peers, they went a-viking with a small band of loyal followers, or sometimes alone, to seek their fortune and fame in a way that only a Viking would know how. On their return home they were, more often than not, proclaimed as heroes to be honoured by their kings and given their rightful places in the court and the nation.

The preface of the book gives credit to Mrs.Lang for these beautiful stories which she did out of old romances, the editing being the work of Andrew Lang. Which ever one may deserve the "lion's share" of the authorship we welcome this charming collection of tales which are worthy the author from whom we have been

accustomed, for many years, to expect the most beautiful of modern fairy tales. There is no danger of being forced to take the editor's advice: if we do not like one story to try another. From the moment we fell under the spell of William and the Werwolf there was not a doubt in our minds that every one of these classic romances must be read in regular order from beginning to end. A book of such rare literary merit, so exquisitely bound and illustrated is a valuable addition to young people's libraries. This book is fully illustrated and annotated with a rare extensive biographical sketch of the author, Andrew Lang, written by Sir Edmund Gosse, CB, a contemporary poet and writer.

In his "Blue Fairy-Book" Mr. Andrew Lang did not exhaust the fairy treasury, and in this

companion volume he has collected many attractive tales. They are mainly from Madame the unfailing German. Mr. Lang has condensed the story of "Sigurd" from William Morris' version of the "Volsunga Saga." The "Twelve Dancing Princesses," the "Death of Koschei the Deathless," the "Master Thief," "Kari Woodengown," "Dapplegrim," "Minnikin," and "Rapunzel" are among the less familiar tales here. This book is fully illustrated and annotated with a rare extensive biographical sketch of the author, Andrew Lang, written by Sir Edmund Gosse, CB, a contemporary poet and writer.

From birth, human beings are striving to make sense of the world. They learn through interaction, modelling first hand experience and independent action. Most children arrive at school with the notion that being independent and having the desire to take responsibility has been seen, in their homes, as a good thing. However, what often happens is that responsibility may be denied them in school and further bids for independence are viewed as negative behaviour. This book argues that independence in the classroom should be seen as beneficial for learners and also for teachers. Jill Williams makes a compelling case for a climate in which decision making is valued, where children are enabled to solve problems and where children and adults respect each others point of view, arguing that this will be a climate in which independence flourishes. In turn the benefits in terms of

teaching and learning will be apparent for both the children and the teachers. The notion of independence in the classroom is explored through vivid cameos showing positive relationships between teachers and learners, inspirational classroom organization and management and examples of children taking their learning forward in an environment where they have choices. The careful monitoring, assessment and discussion of teaching and learning which is presented highlights the benefits for both learners and teachers when there is a focus on independence.

Hartstown, Virginia, holds stunning natural beauty and a close-knit mountain community. Deep in the heart of Appalachian coal country, Hartstown also suffers more than its fair share

of tragedy. Beth Azen discovers a strange ability that leads her deep into the ancient mysteries of the mountains around her. Mark Hersch finds more than he ever imagined on his lifelong quest to heal the damage left by decades of mining. Together, they discover the deadly nature of true loneliness. A gripping tale of sorrow and redemption. Inspired by *Far Southwest Virginia: A Postcard and Photographic Journey*, also from Spiral Publishing. An excerpt from *Songs in the Mountains*: "Can you hear me?" Beth whispered, her cheeks turning red. She tried again, a bit louder. "Hello? I hear you talking. Is anyone there?" The song continued without even a pause. Beth scrubbed her fingers through her hair, then got as close to shouting as she dared in the closed space with people right outside the door. "Either tell me what you want or leave me alone!" The voices stopped. Beth tried to hold perfectly still, not sure if she wanted an answer or for the whole thing to be over. She could probably adjust to not having music anymore, but not to the constant noise. The low, empty circuit hum in her ears intensified, and a voice floated up like a distant station on her great-uncle's old tube radio. "Been wonderin' if anyone was there." The woman spoke with a thick dialect that was hard to understand, but Beth thought it had to be from close by. "Been tryin' to get through for a

powerful long time." Beth opened her mouth twice before any words made it out.

Geralt's encounter with a beast reveals the truth behind fairy tales in this graphic novel adaptation of Andrzej Sapkowski's original short story. Geralt takes a short cut down a beaten path, where he makes a grim discovery of two corpses. Backtracking their trail, he's led to a derelict mansion secured with elevated walls and a gate—mysterious and ramshackle, yet adorned with a rare elegance Geralt could not ignore. He is met with the mansion's owner—not quite human, but a beast with the faculties of a man. With Geralt unfazed by his monstrous appearance and displays of aggression, the beast invites him inside. A kind but wary host, he shares stories of his family, his life . . . and his curse. If the weight of his misdeeds could condemn him to the body of a beast—a retribution spoken of only in fairy tales, could there be another grain of truth in these tales of fantasy—one that could help him elude his fate and lead him to salvation? This graphic novel is the first in a series of adaptations from Sapkowski's acclaimed short story collection *The Last Wish!* Script adaptation by Jacek Rembi? (Frostpunk) with art by Jonas Scharf (Bone Parish, War for the Planet of the Apes).
