Satirical Thriller Random House  
Lucy desperately wants a baby.  
Sam is determined to write a hit

---

movie. The problem is that both their efforts seem to be unfruitful. What Sam and Lucy are about to go through is absolutely inconceivable. The question is, can their love survive?

### **Red Dwarf Omnibus**

Random House

Why are we all so hostile? So quick to take offence? Truly we are living in the age of outrage. A series of apparently random murders draws amiable, old-school Detective

Mick Matlock into a world of sex, politics, reality TV and a bewildering kaleidoscope of opposing identity groups. Lost in a blizzard of hashtags, his already complex investigation is further impeded by the fact that he simply doesn't 'get' a single thing about anything anymore.

Meanwhile, each day another public figure confesses to having 'misspoken' and prostrates themselves before the judgement of Twitter. Begging for forgiveness, assuring the public "that is not who I am". But if nobody is who they are anymore - then who the f##k are we? Ben Elton returns with a blistering satire of the world

---

as it fractures around us. Get ready for a roller-coaster thriller, where nothing - and no one - is off limits.

Gridlock Bantam Press

Lucy desperately wants a baby. Sam is determined to write a hit movie. The problem is that both their efforts seem to be unfruitful. And given that the average IVF cycle has about a one in five chance of going into full production, Lucy's chances of getting what she wants are considerably better than Sam's. What Sam and Lucy are about

to go through is absolutely inconceivable. The question is, can their love survive?

Inconceivable confirms Ben Elton as one of Britain's most significant, entertaining and provocative writers.

of oil and steel. Choked on carbon monoxide and strangled with a pair of fluffy dice. How did it come to this? How did the ultimate freedom machine end up paralyzing us all? How did we end up driving to our own funeral, in somebody else's gravy train? Deborah and Geoffrey know, but they have transport problems of their own, and anyway, whoever it was that murdered the city can just as easily murder them.

### Inconceivable Effects

Inconceivable  
A Novel  
The author of the hit

Redemption Song  
returns with a sparkling new novel about looking for love in all the wrong places—and with all the wrong people. Bernita Brown is a quick-thinking, tireless social worker who is good at practically everything—except love. When her first marriage ends in divorce—a painful experience Bernita refuses to think about—she dives into a series of sad relationships and

overwhelming commitments to community and church. But not even church can keep her from being courted by dogs. Bernita's married pastor begins making passes at her, then blames her for his backsliding. Along the way, the ghost of Bernita's aunt Babe weighs in with plenty of advice (after all, Aunt Babe says, "You don't need to be alive to tell folks how to live"). But

---

when a marvelous man finally enters Bernita's life, only time can tell whether she will be able to trust him. Written with Berry's signature warmth, *When Love Calls, You Better Answer* addresses a host of powerful topics, from abusive relationships to corrupt church leaders. Bernita's story will inspire readers to find the love they need, especially the love that can only come from

within. *A Novel Open Road Media* Among the elementary human stories, parenthood has tended to go without saying. Compared to the spectacular attachments of romantic love, it is only the predictable sequel. Compared to the passions of childhood, it is just a background. But in recent decades, far-reaching changes in typical family forms and in procreative possibilities (through

reproductive technologies) have brought out new questions. Why do people want (or not want) to be parents? How has the 'choice' first enabled by contraception changed the meaning of parenthood? Looking not only at new parental parts but at older parental stories, in novels and other works, this fascinating book offers fresh angles and arguments for thinking about parenthood today. ---

'A work of formidable imaginative scope' Daily Telegraph The first casualty when war comes is truth . . . Flanders, June 1917: a British officer and celebrated poet, is shot dead. , He is killed not by German fire, but while recuperating from shell shock well behind the lines. A young English soldier is arrested and, although he protests his innocence, charged with his murder. Douglas Kingsley is a conscientious objector, previously a detective

with the London police, now imprisoned for his beliefs. He is released and sent to France in order to secure a conviction. Forced to conduct his investigations amidst the hell of The Third Battle of Ypres, Kingsley soon discovers that both the evidence and the witnesses he needs are quite literally disappearing into the mud that surrounds him. Ben Elton's tenth novel is a gut-wrenching historical drama which explores some fundamental

questions: What is murder? What is justice in the face of unimaginable daily slaughter? And where is the honour in saving a man from the gallows if he is only to be returned to die in a suicidal battle? Inconceivable OUP Oxford For amiable City trader Jimmy Corby money was the new Rock n' Roll. His whole life was a party, adrenaline charged and cocaine fuelled. If he hadn't met Monica he would probably have ended up either dead or in rehab. But Jimmy was as lucky in love

---

as he was at betting on dodgy derivatives, so instead of burning out, his star just burned brighter than ever. Rich, pampered and successful, Jimmy, Monica and their friends lived the dream, bringing up their children with an army of domestic helps. But then it all came crashing down. And when the global financial crisis hit, Jimmy discovers that anyone can handle success. It's how you handle failure that really matters.

This Other Eden Arrow  
"This does indeed deserve comparisons with Blackadder" Radio Times

"A knockabout, well-researched take on the working and domestic life of Shakespeare." The Guardian  
It ' s the 1590s. William Shakespeare – brought to life on screen by the inimitable David Mitchell – is at the start of his career. But no one is taking him seriously. In London, he is mercilessly mocked by his rivals and at home in Stratford he is belittled by his sullen teenage daughter. Yet he is determined to find an ending for his newest creation Romeo and Juliet. Luckily, inspiration is forthcoming. The trials and tribulations of his closest

friends and family reveal the plot twists he ' d been missing. And not only for this famous tragedy but for many of his finest plays. With sparkling wordplay, hilarious gags and his trademark wit, Ben Elton celebrates the great William Shakespeare and reveals the startling stories behind the playwright ' s best-known plays.

Inconceivable Random House  
In Inconceivable Effects, Martin Blumenthal-Barby reads theoretical, literary and cinematic works that appear noteworthy for the ethical questions they

---

raise. Via critical analysis of writers and filmmakers whose projects have changed our ways of viewing the modern world—including Hannah Arendt, Franz Kafka, Walter Benjamin, the directors of Germany in Autumn, and Heiner Mueller—these essays furnish a cultural base for contemporary discussions of totalitarian domination, lying and politics, the relation between law and body, the relation between law and justice, the question of violence, and our ways of conceptualizing "the human." A consideration of

ethics is central to the book, but ethics in a general, philosophical sense is not the primary subject here; instead, Blumenthal-Barby suggests that whatever understanding of the ethical one has is always contingent upon a particular mode of presentation (Darstellung), on particular aesthetic qualities and features of media. Whatever there is to be said about ethics, it is always bound to certain forms of saying, certain ways of telling, certain modes of narration. That modes of presentation differ across genres and media goes without saying;

that such differences are intimately linked with the question of the ethical emerges with heightened urgency in this book. A heart-stopping thriller and killer comic romance Random House Humour. Lucy desperately wants a baby. Sam is determined to write a hit movie. The problem is that both their efforts seem to be unfruitful. I. What Sam and Lucy are about to go through is absolutely inconceivable. The question is, can their love survive? The Whole Damn Dynasty Random House

---

A collection of scripts from the television series as well as miscellaneous items such as Baldrick's family tree and an index of Blackadder's finest insults.

The Strange Case of the Dutch Painter Penguin UK

Chart Throb. The ultimate pop quest. Ninety five thousand hopefuls. Three judges. Just one winner. And that's Calvin Simms, the genius behind the show. Calvin always wins because Calvin writes the

rules. But this year, as he sits smugly in judgement upon the mingers, clingers and blingers whom he has pre-selected in his carefully scripted 'search' for a star, he has no idea that the rules are changing. The 'real' is about to be put back into 'reality' television and Calvin and his fellow judges (the nation's favourite mum and the other bloke) are about to become ex-factors themselves. Ben Elton, author of Popcorn and Dead Famous returns to

blistering comic satire with a savagely hilarious deconstruction of the world of modern television talent shows. Chart Throb. One winner. A whole bunch of losers. Upstart Crow Random House Stark is a secret consortium with more money than God, and the social conscience of a dog on a croquet lawn. What's more, it knows the Earth is dying. Deep in Western Australia where the Aborigines used to milk the trees, a planet-sized plot is taking shape. Some green

---

freaks pick up the scent: a pommie poseur; a brain-fried Vietnam vet; Aboriginals who have lost their land...not much against a conspiracy that controls society. But EcoAction isn't in society: it just lives in the same place, along with the cockroaches. If you're facing the richest and most disgusting scheme in history, you have to do more than stick up two fingers and say 'peace'.  
Time and Time Again  
Samuel French  
Incorporated Plays  
Bestselling author Ben Elton's most personal

novel to date, *Two Brothers* transports the reader to the time of history's darkest hour. Berlin 1920 Two babies are born. Two brothers. United and indivisible, sharing everything. Twins in all but blood. As Germany marches into its Nazi Armageddon, the ties of family, friendship and love are tested to the very limits of endurance. And the brothers are faced with an unimaginable

choice... Which one of them will survive?  
Yes Indeed A&C Black  
SMALL, WELL  
APPOINTED FUTURE.  
SEMI DETACHED. If the end of the world is nigh, then surely it's only sensible to make alternative arrangements. Certainly the Earth has its points, but what most people need is something smaller and more manageable. Of course there are those who say that's

---

planetary treason, but who cares what the weirdos and terrorists think? Not Nathan. All he cares is that his movie gets made and that there's somebody left to see it. In marketing terms the end of the world will be very big. Anyone trying to save it should remember that.

### Inconceivable Random House

Here are the first two novels of the cult series Red Dwarf in

one volume – Red Dwarf and Better Than Life – plus the first draft of the original TV pilot script. It all when Dave Lister is celebrating his twenty-fourth birthday on a Monopoly board pub crawl round London, and somehow ends up three million years from Earth, marooned in the wrong dimension of the wrong reality, and down to his last two cigarettes. Together with a dead man, a senile computer,

deranged sanitation mechanoid with an overactive guilt chip and the best-dressed entity in all six known universes, the last remaining member of the human race begins his epic journey home. Love in Idleness Random House  
Imagine a world where everyone knows everything about everybody. Where 'sharing' is valued above all, and privacy is considered a dangerous perversion. Trafford

---

wouldn't call himself a rebel, but he's daring to be different, to stand out from the crowd. In his own small ways, he wants to push against the system. But in this world, uniformity is everything. And even tiny defiances won't go unnoticed. Ben Elton's dark, savagely comic novel imagines a post-apocalyptic society where religious intolerance combines with a sex-obsessed, utterly egocentric culture. In this world, nakedness is modesty, independent thought subversive, and ignorance is wisdom. A chilling vision of what's to come? Or something rather closer to home?
