Rosemary and Rue Penguin Toby's getting married! Now in paperback, the fifteenth novel of the Hugo-nominated, New York Times-bestselling October Daye urban fantasy series. It's hard to be a hero. There's always something needing October

"Toby" Daye's attention, and her own desires tend to fall by the wayside in favor of solving the Kingdom's problems. That includes the desire to marry her long-time suitor and current fiancé, Tybalt, San Francisco's King of Cats. She doesn't mean to keep delaying the wedding, it just sort of...happens. And that's why her closest friends have taken the choice out of her hands, ambushing her with a court

wedding at the High Court in Toronto. Once the High King gets involved, there's not much even Toby can do to delay things... ..except for getting involved in stopping a plot to overthrow the High Throne itself, destabilizing the Westlands entirely, and keeping her from getting married through nothing more than the sheer volume of chaos it would cause. Can Toby save the Westlands and make it to her

own wedding on time? Or is she going to have to choose one over the other?

Daye is finally

doing all right. She's settling into her new role as the Countess of Goldengreen; she's actually dating again; she's even agreed to take on Quentin as her official squire. Life is looking up all around-and that inevitably means it's time for things to take a turn for the worse. Someone has kidnapped the sons of Duchess Dianda Lorden, regent of the Undersea Duchy of Saltmist. wants to make it through this in one piece. Toby's search will take her from the streets of San Francisco to the lands beneath the waves, and her deadline is firm: she must find the boys in three days' time, or all of the Mists will pay the price. Improbable, adjective: 1. Not very likely to happen; not probable. 2.

Probably not a very good idea anyway. 3. See also "bad plan." As the youngest of the three Price children, Antimony is used to people not expecting much from her. She's been happy playing roller derby and hanging out with her cousins, leaving the globe-trotting to her older siblings while she stays at home and tries to decide what she wants to do with her life. She always knew that one day, things would have to change. She

didn't think they'd change so fast. Annie's expectations keep getting shattered. She didn't expect Verity to declare war on the Covenant of St. George on live television. She didn't expect the Covenant to take her sister's threat seriously. And she definitely didn't expect to be packed off to London to infiltrate the Covenant from the inside...but as the only Price in her generation without a strong resemblance to

the rest of the family, she's the perfect choice to play spy. They need to know what's coming. Their lives may depend on it. But Annie has some secrets of her own, like the fact that she's started setting things on fire when she touches them, and has no idea how to control it. Now she's headed halfway around the world, into the den of the enemy, where blowing her cover could get her killed. She's pretty sure things can't

get much worse.
