At once informative, comic, and plaintive, Seeing Red—Hollywood ' s Pixeled Skins is an anthology of critical reviews that reexamines the ways in which American Indians have traditionally been portrayed in film. From George B. Seitz ' s 1925 The Vanishing American to Rick Schroder ' s 2004 Black Cloud, these 36 reviews by prominent scholars of American Indian Studies are accessible, personal, intimate, and oftentimes autobiographic. Seeing Red—Hollywood ' s Pixeled Skins offers indispensable perspectives from American Indian cultures to foreground the dramatic, frequently ridiculous difference between the

experiences of Native peoples and their depiction in film. By pointing out and poking fun at the dominant ideologies and perpetuation of stereotypes of Native Americans in Hollywood, the book gives readers the ability to recognize both good filmmaking and the dangers of misrepresenting aboriginal peoples. The anthology offers a method to historicize and contextualize cinematic representations spanning the blatantly racist, to the well-intentioned, to more recent independent productions. Seeing Red is a unique collaboration by scholars in American Indian Studies that draws on the stereotypical representations of the past to suggest ways of seeing American Indians and indigenous peoples more clearly in the twenty-first century.

A compelling political memoir of leadership and speaking truth to power by one of the most inspiring women of her generation Jody Wilson-Raybould was raised to be a leader. Inspired by the example of her grandmother, who persevered throughout her life to keep alive the governing traditions of her people, and raised as the daughter of a hereditary chief and Indigenous leader, Wilson-Raybould always knew she would take on leadership roles and responsibilities. She never anticipated, however, that those roles would lead to a journey from her home community of We Wai Kai in British Columbia to Ottawa as Canada's first Indigenous Minister of Justice and Attorney General in the Cabinet of then newly elected prime minister, Justin Trudeau. Wilson-Raybould's experience in Trudeau's Cabinet reveals important lessons about how we must continue to strengthen our political institutions and culture, and the changes we must make to meet challenges such as racial justice and climate change. As her initial optimism about the possibilities of enacting change while in Cabinet shifted to struggles over inclusivity, deficiencies of political will, and concerns about adherence to core principles of our democracy, Wilson-Raybould stood on principle and, ultimately, resigned. In standing her personal and professional ground and telling the truth in front of the nation, Wilson-Raybould demonstrated the need for greater independence and less partisanship in how we govern. "Indian" in the Cabinet: Speaking Truth to Power is the story of why Wilson-Raybould got into federal politics, her experience as an Indigenous leader sitting around the Cabinet table, her proudest achievements, the very public SNC-Lavalin affair, and how she got out and moved forward. Now sitting as an Independent Member in Parliament, Wilson-Raybould believes there is a better way to govern and a better way for politics--one that will make a better country for all.
