J.K. Lasser's Your Income Tax 2016 Open Road Media  
An "intimate, lovely novel, most of whose concerns swirl about the pain and joys of motherhood," from the New York Times – bestselling author of The Rules of Magic (People). Rae Perry has been in love with Jessup since high school. Two weeks before her eighteenth birthday, they ran away from Boston together and have been moving ever since—five states in seven years. Now they are in Southern California in what they call "earthquake weather," a time when anything can happen, and Jessup is restless again. This time, Rae fears, he plans to leave without her. Lila Grey is a fortune-teller. More than a quarter century ago, on a cold and icy night in New York City, she gave birth to a daughter she never saw again. Lila is determined to find her lost child, even if it means an end to her happy life with Richard, the loving husband she refuses to let into her past. It is Lila who tells Rae she is pregnant—but the other symbol she reads in Rae's tea leaves, she refuses to reveal. From that moment forward, their fates are inextricably linked. While Rae searches for the strength to navigate an uncertain future alone, Lila sets out to resolve her history once and for all. This luminous novel, a New York Times Notable Book, is an enthralling tribute to the profound mysteries of motherhood and childbirth from a writer who, in the words

of Amy Tan, "takes seemingly ordinary lives and lets us see and feel extraordinary things."

Practice Set for Hoffman/Smith's South-Western Federal Taxation 2014: Individual Income Taxes, 37th Open Road Media

The CQ Press Guide to Urban Politics and Policy in the United States will bring the CQ Press reference guide approach to topics in urban politics and policy in the United States. If the old adage that "all politics is local" is even partially true, then cities are important centers for political activity and for the delivery of public goods and services. U.S. cities are diverse in terms of their political and economic development, demographic makeup, governance structures, and public policies. Yet there are some durable patterns across American cities, too. Despite differences in governance and/or geographic size, most cities face similar challenges in the management of public finances, the administration of public safety, and education. And all U.S. cities have a similar legal status within the federal system. This reference guide will help students understand how American cities (from old to new) have developed over time (Part I), how the various city governance structures allocate power across city officials and agencies (Part II), how civic and social forces interact with the organs of city government and organize to win control over these organs and/or their policy outputs (Part III), and what patterns of public goods and services cities produce for their residents (Part IV). The thematic and narrative structure allows students to dip into a topic in urban politics for deeper historical and comparative context than would be possible in either an A-to-Z encyclopedia entry or in an urban studies course text. FEATURES: Approximately 40 chapters organized in major thematic parts in one volume available in both print and electronic formats. Front matter includes an Introduction by the Editors along with biographical backgrounds about the Editors and the Contributing Authors. Back matter includes a compilation of relevant topical data or tabular presentation of major historical developments (population grown; size of city budgets; etc.) or historical figures (e.g., mayors), a bibliographic essay, and a detailed index. Sidebars are provided throughout, and chapters conclude with References & Further Readings and Cross References to related chapters (as links in the e-version). This Guide is a valuable reference on the topics in urban politics and policy in the United States. The thematic and narrative structure allows researchers to dip into a topic in urban politics for a deeper historical and comparative context than would be possible in either an A-to-Z encyclopedia entry or in an urban studies course text.

South-Western Federal Taxation 2014: Individual Income Taxes  
Springer

Broadway musicals are one of America's most beloved art forms and play to millions of people each year. But what do these shows, which are often thought to be just frothy entertainment, really have to say about our country and who we are as a nation? Now in a new second edition, *The Great White Way* is the first book to reveal the racial politics, content, and subtexts that have haunted musicals for almost one hundred years from *Show Boat* (1927) to *Hamilton* (2015). This revised edition includes a new introduction and conclusion, updated chapters, as well as a brand-new chapter that looks at the blockbuster musicals *The Book of Mormon* and *Hamilton*. Musical mirror their time periods and reflect the political and social issues of their day. Warren Hoffman investigates the thematic content of the Broadway musical and considers how musicals work on a structural level, allowing them to simultaneously present and hide their racial agendas in plain view of their audiences. While the musical is informed by the cultural contributions of African Americans and Jewish immigrants, Hoffman argues that ultimately the history of the American musical is the history of white identity in the United States. Presented chronologically, *The Great White Way* shows how perceptions of race altered over time and how musicals dealt with those changes. Hoffman focuses first on shows

leading up to and comprising the Golden Age of Broadway (1927 – 1960s), then turns his attention to the revivals and nostalgic vehicles that defined the final quarter of the twentieth century. He offers entirely new and surprising takes on shows from the American musical canon—*Show Boat* (1927), *Oklahoma!* (1943), *Annie Get Your Gun* (1946), *The Music Man* (1957), *West Side Story* (1957), *A Chorus Line* (1975), and *42nd Street* (1980), among others. In addition to a new chapter on *Hamilton* and *The Book of Mormon*, this revised edition brings *The Great White Way* fully into the twenty-first century with an examination of jukebox musicals and the role of off-Broadway and regional theaters in the development of the American musical. New archival research on the creators who produced and wrote these shows, including Leonard Bernstein, Jerome Robbins, Stephen Sondheim, and Edward Kleban, will have theater fans and scholars rethinking forever how they view this popular American entertainment.

#### **South-Western Federal Taxation 2021: Individual Income Taxes**

South Western Educational Publishing

The mission of this book is to inform all American citizens how their senators and representatives vote in Washington. Do your senators and your representative fulfill the responsibilities of government in the Constitution and vote in your favor? If that is true, they are your friends. Or do your senators and your representatives violate the Constitution and vote against your best interest? If that is true, they are your enemies. If you vote for and reelect your enemies, they will be your enemies the next two or six years. President Obama's legacy of deficit spending is characterized by average deficit spending of more than a trillion dollars annually. During those eight years, every American household went to bed each evening fifty dollars deeper in debt, regardless of how hard they worked or whether they spent any money. The national debt more than doubled during President Obama's eight years in office. Each person's share of debt increased from \$30,000 to \$70,000.

Jacob loves playing dress-up, when he can be anything he wants to be. Some kids at school say he can't wear "girl" clothes, but Jacob wants to wear a dress to school. Can he convince his parents to let him wear what he wants? This heartwarming story speaks to the unique challenges faced by children who don't identify with traditional gender roles.

#### **West's Federal Taxation** Albert Whitman & Company

In 1986, Andy Hoffman quit an engineering job, declined acceptances for graduate school at Harvard and Berkeley and accepted a carpenter's job in Nantucket. Unbeknownst to him, he had entered the world of high-end custom building. Within four years, he was supervising the construction of a

29,000 square-foot mansion on a 180-acre estate in Fairfield County Connecticut. This is a book about his personal and professional growth along that journey, from apprentice to builder through the tutelage of a seasoned and hard-nosed builder. It describes how uniquely high-end homes are built for select clients, a glimpse into the lives of the blue-collar workers, architects, engineers and clients that come together to make these projects a reality. At its core, this is a coming-of-age story, a celebration of the pursuit of creative impulses and a story about defying the "rules" and finding a personal calling in life.

Scholastic Inc.

A "wondrous" novel of fear, desire, loss, and discovery on Martha's Vineyard by the New York Times–bestselling author of *Practical Magic* and *Seventh Heaven* (Chicago Tribune).

Elizabeth Renny has only made two decisions of consequence in her seventy-plus years. While the first, marrying her husband, had adequate results, the second—deciding she could fly from her bedroom window—is less successful. But her flight sets in motion a series of events that will forever change the lives of six residents of Martha's Vineyard: a young boy who refuses to grow, a wife stifled by her irrational anxiety, a husband tempted by the unknown, a girl flirting with disaster, a gentle giant tortured by his size, and an old woman with nothing to lose. Praised as "an intelligent novel" by the New York Times and "achingly vivid" by *Newsday*, *Illumination Night* is a sparkling and heartbreaking narrative that explores marriage, friendship, youth, yearning, disillusionment, and desire, a book as bright and memorable as the festival of lanterns for which it is named.

The New York Times–bestselling author and cancer survivor tells how to hold on to joy in times of sorrow in this "absolutely beautiful book" (Sue Monk Kidd). The prize-winning author of such modern literary classics as *Practical Magic*, *The World That We Knew*, and *The Marriage of Opposites*, Alice Hoffman is also a cancer survivor. In *Survival Lessons*, she shares her transformative journey, showing us how to re-envision our own lives and relationships with our friends and family, and the significance of the everyday choices we make. Sorrow and joy are both part of the human experience, and the beauty of the world is easy to overlook during periods of crisis, illness, or loss. Here, Hoffman offers wit, wisdom, and comfort in "an optimistic instruction manual [for] anyone struggling with self-care in a time of trouble" (Story Circle Book Reviews). "In this gem of a book, Alice Hoffman acknowledges the sorrows of life, while reminding us of its joys. *Survival Lessons* is filled with love, insight, and lots of practical advice—including a crazy-good brownie recipe." —Will Schwalbe, New York Times–bestselling author of *The End of Your Life Book Club* "Hoffman's storytelling artistry enlivens each intimate, thoughtfully distilled, charming, and nurturing lesson in living." —Booklist "[*Survival Lessons*] is not about [Hoffman's] breast cancer per se but about making choices that will improve readers' lives and relationships and remind them 'of the beauty of life.'" —Library Journal "Full of smart intentions and kind reminders . . . Uplifting

advice we'll gladly take." —Better Homes & Gardens

More than one million service-members will leave the military and transition into civilian life over the next several years, according to a recent Government Accountability Office report. Robert R. Ulin, who retired from the Army as a colonel, knows that it's hard to make a smooth transition to employment as a civilian. Geared for veterans age forty-five to fifty-five, he wrote this guidebook to help you: • prepare for the job search; • sell your skills at interviews; • adjust to a culture where leadership is persuasive instead of directive; • leverage your talents to climb the corporate ladder. You'll also get a variety of tools in the appendixes, including a transition self-assessment, a transition task list, a job-hunting process for the military mind, and a transition checklist. As a veteran, you know you can see tasks through to completion and exhibit strong leadership skills and professionalism, but it's not always easy to translate these skills into a civilian world. Take the first step in becoming your own commander, and get an action plan to successfully navigate Transitions.

With eloquence and wit, Wayne Hoffman explores the unlikely camaraderie between a young Jewish man and an Orthodox rabbi, in this rich, insightful novel about love, honesty, faith, and belonging. In Yiddish, there is a word for it: bashert—the person you are fated to meet. Twentysomething Benji Steiner views the concept with skepticism. But the elderly rabbi who stumbles into Benji's office one day has no such doubts. Jacob Zuckerman's late wife, Sophie, was his bashert. And now that she's gone, Rabbi Zuckerman grapples with overwhelming grief and loneliness. Touched by the rabbi's plight, Benji becomes his helper—driving him home after work, sitting in his living room listening to stories. Their friendship baffles everyone, especially Benji's sharp-tongued, modestly observant mother. But Benji is rediscovering something he didn't know he'd lost. Yet the test of friendship, and of both men's faith, lies in the difficult truths they come to share. With each revelation, Benji learns what it means not just to be Jewish, but to be fully human—imperfect, striving, and searching for the pieces of ourselves that come only through another's acceptance. "A story that is beautifully told, profound and funny." --Jonathan Rosen, author of *Joy Comes In The Morning* "A stirring story about the face of love on many different levels." --Carolyn Hessel "An unforeseen tale of friendship and faith." --Dave King, author of

The Ha-Ha Wayne Hoffman is a writer and editor whose cultural reporting has appeared in the Washington Post, Village Voice, The Forward, The Advocate, and elsewhere. Wayne is currently deputy editor of Nextbook Press. He lives in New York City and the Catskills.

#### *The CQ Press Guide to Urban Politics and Policy in the United States* Cengage Learning

This essential book takes students and instructors through steps undertaken in a start-to-finish engineering project as conceived and presented in the engineering capstone course. The learning experience follows an industry model to prepare students to recognize a need for a product or service, create and work in a team; identify competition, patent overlap, and necessary resources, generate a project proposal that accounts for business issues, prepare a design, develop and fabricate the product or service, develop a test plan to evaluate the product or service, and prepare and deliver a final report and presentation. Throughout the book, students are asked to examine the business viability aspects of the project. The Engineering Capstone Course: Fundamentals for Students and Instructors emphasizes that a design must meet a set of realistic technical specifications and constraints including examination of attendant economics, environmental needs, sustainability, manufacturability, health and safety, governmental regulations, industry standards, and social and political constraints. The book is ideal for instructors teaching, or students working through, the capstone course.
