[The War Manual](#) Transaction Publishers

This book considers the elimination of child labour which remains a grave problem in many areas despite early attempts at legislation by governments throughout the world. The author demonstrates the historical change in emphasis taking place in the Philippines, from intervention to direct action at local level. The crucial roles of advocacy and community mobilization are both highlighted also.

[Indonesia Incorporated](#) Simon and Schuster

The Jakarta Post was born in 1983 when Suharto's repressive New Order regime was at its height and the media was muzzled. Five rival media companies came together to start an English-language daily that some saw as an experiment doomed to fail. But the newspaper's punchy editorials, clean presentation of the news, and quirky columns and features quickly made a mark with the growing expatriate community. Over the years, the Post developed a unique editorial culture of expatriates and multicultural Indonesians. And by the time Suharto was ousted, the newspaper had earned a reputation for testing the limits of censorship and for breaking stories. Reporting Indonesia: The Jakarta Post Story traces the birth and growth of a newspaper in a developing country against the backdrop of the tumultuous events of the past 25 years in the world's fourth-largest nation. The story of The Jakarta Post illuminates conflicting themes about journalism in Indonesia while taking the reader behind the scenes to reveal the boardroom conflicts and stresses in the newsroom. It is required reading for all students of journalism and media studies, as well as anyone interested in the struggles of independent media in the developing world. About the Author Bill Tarrant has been a correspondent, bureau chief and editor for Reuters in Asia for the past 22 years. He was among a group of editors that helped start The Jakarta Post in 1983. He is currently Deputy Editor, Politics and General News, for Thomson Reuters in Asia based in Singapore. He is married with two daughters.

Stand up to the plate and brace yourself for the curve-balls in this collection. These are the stories of our generation. Take a swing if you dare!

[The Public Library Service](#) iUniverse

This thematically arranged anthology encourages the reader's response to a diverse selection of literature, including the essay. Four introductory chapters illustrate ways of responding to and writing about literature, with numerous examples of student writing. Eight thematic chapters follow, with a balance of new and traditional voices, including less frequently anthologized selections from canon writers as well as many works by women, minorities, and writers from other countries. A final chapter presents three poets for in-depth study: Elizabeth Bishop, Robert Frost, and Langston Hughes; in addition, a 32-page full-color section pairs 16 poems with the works of art that inspired them or vice versa.

For scholars working on almost any aspect of American thought, The Bloomsbury Encyclopedia to Philosophers in America presents an indispensable reference work. Selecting over 700 figures from the Dictionary of Early American Philosophers and the Dictionary of Modern American Philosophers, this condensed edition includes key contributors to philosophical thought. From 1600 to the present day, entries cover psychology, pedagogy, sociology, anthropology, education, theology and political science, before these disciplines came to be considered distinct from philosophy. Clear and accessible, each entry contains a short biography of the writer, an exposition and analysis of his or her doctrines and ideas, a bibliography of writings and suggestions for further reading. Featuring a new preface by the editor and a comprehensive introduction, The Bloomsbury Encyclopedia to Philosophers in America includes 30 new entries on twenty-first century thinkers including Martha Nussbaum and Patricia Churchland. With in-depth overviews of Waldo Emerson, Margaret Fuller, Noah Porter, Frederick Rauch, Benjamin Franklin, Thomas Paine and Thomas Jefferson, this is an invaluable one-stop research volume to understanding leading figures in American thought and the development of American intellectual history.

[Have You Seen My Giraffe?](#) Institute of Southeast Asian Studies

This book is the authors account of the challenges facing this businessman in the bureaucracy as he tries to make economic sense of the vast, and money-losing State-Owned Enterprises (SOE's) in Indonesia. His mission: to reform and privatise the SOEs in order to take pressure off the national budget, attract investment, improve management skills, and change a bureaucratic culture for a commercial one focused on competition. The book covers an 18 month period, from March 1997 to the end of 1998, a period when Indonesia's economy was in crisis and the country's economic policies were being overhauled. The author recounts his experiences and lessons learnt which provides a model and method for others in similar situations.

[Panic Terror](#) Xlibris Corporation

The first scientific analysis of Indonesian voting behavior from democratization in 1999 to the most recent general election in 2014.

[Emil L. Fackenheim](#) Bloomsbury Publishing

Volume 2 is arranged alphabetically by periodical title, rather than by abbreviation.

[Mercer Commentary on the New Testament](#) Xlibris Corporation

"As the euphoria fades from the Jokowi presidency, this timely book reviews the processes that brought him to the top, and the processes that have undermined his initial standing. The nineteen articles by ten writers provide views from along the way, starting with a chapter on the Jakarta governor elections from November 2012 and preceding through the key events up to a contemporary assessment in February 2015. Several major clues to the current disillusion are provided in accounts of the legislative elections and the presidential campaigns. Key topics are vote buying, the Islamic factor, economic platforms, pluralism, economic challenges. Max Lane points to deep alienation from politics and the emergence of new unions and a new political arena. The ISEAS team provides a range of events and analyses that will be most useful to all students of current Indonesian politics; clear, concise, insightful." - David Reeve, Conjoint Associate Professor UNSW, ILTI Academic Coordinator ACICIS. "This book effectively captures the dynamics of Indonesian politics by focusing on the various phenomena surrounding the 2014 elections. It begins this political journey with an analysis of the implementation of local autonomy, and the birth of a leader brave enough to challenge extant political elites. It further explores the application of political culture in campaigns, the shortcomings of elected leaders, and the inadequacy of a state obliged to accommodate various interest groups. Beyond all these, this book proves that the political culture approach remains crucial in investigating Indonesia's political realities." - Sukardi Rinakit, Political Analyst, Special Staff to President Joko Widodo

[Pragmatist Neurophilosophy: American Philosophy and the Brain](#) NBD Biblion Publishers

Competitive elections have become an institutionalized feature of contemporary Indonesia's politics. This, together with other considerations, makes it reasonable to call Indonesia the world's third largest democracy. Nonetheless, democratic elections in Indonesia are both more complex and interesting than is commonly understood. This book explores how local elections in Indonesia have affected the development and dynamics of Indonesia's fledgling democracy. Based on fine-grained analyses of elections in five localities, the book shows how Indonesia's transition to direct elections of local government executives has transformed party politics and elite development at local levels of governance. Employing the methods of political anthropology and informed by a critical reading of theories of democracy and decentralization, the book presents detailed analyses of elections in five localities across four Indonesian provinces. The book calls attention to the ambiguous relation between formal democratic reforms and political behavior. It illustrates how local elite politics has evolved within the context of political and administrative reforms, whose announced goals are to improve the representativeness and responsiveness of political institutions. This book provides a window onto local political processes that will be of interest to students and scholars of politics in Southeast Asia and beyond.

[The Holy Word for Morning Revival - Lessons on the God-Ordained Way, Volume 3](#) St. Martin's Press

In 2014, Joko Widodo--popularly known as Jokowi--was elected the seventh president of the Republic of Indonesia, going on to win a second five-year term in 2019. Raised amid poverty in a riverside slum and with a background in the furniture export trade, Jokowi broke the mold for political leaders in the world's third-largest democracy. His meteoric rise came without the benefit of personal connections to the traditional elites who have dominated Indonesian politics for three-quarters of a century, making this a true "rags to riches" story. This new official biography tells the story of how the boy from the riverbank made it to the presidential palace in record time. Readers will learn how his personal background and heritage have created a distinctive style of politics and informed his ambitious development goals--including massive infrastructure projects, universal healthcare and a reimagining of Indonesia's educational system. It also looks at how a man raised with a traditionally Javanese worldview negotiates the tensions, contradictions and conflicts of this vast archipelagic nation. Written by a political insider with unparalleled access to the president and an intimate first-hand knowledge of his decision-making processes, this book is essential reading for anyone looking to understand the political present--and the future--of Southeast Asia's largest nation.

[Trade Unions and Child Labour](#) A&C Black

As Christians we have been fighting in a war that we have not trained for and we are not prepared for. It is time for us to train for the battles ahead. This manual is designed to help churches and ministries ramp up their prayer coverage. It applies a military model and the principle of agreement to corporate prayer. The ideas and principles can be applied in any type of group setting.

The Revelation of Jesus Christ - The Book Of The Last Days is Is one biblical commentary of the The Book of Revelation. A faithful study the Scriptures written by Horatius Bonar (1808-1889). The Revelation of Jesus Christ, which God gave unto Him, to show unto His servants things which must shortly come to pass and He sent and signified it by His angel unto His servant John—who bore record of the Word of God, and of the testimony of Jesus Christ, and of all things that he saw. Blessed is he who reads, and those who hear the words of this prophecy, and keep those things which are written therein—for the time is at hand!. Revelation 1:1-3.
