Wine and Society McGraw-Hill/Glencoe

Princess Jehosheba wants nothing more than to please the harsh and demanding Queen Athaliah, daughter of the notorious Queen Jezebel. Her work as a priestess in the temple of Baal seems to do the trick. But when a mysterious letter from the dead prophet Elijah predicts doom for the royal household, Jehosheba realizes that the dark arts she practices reach beyond the realm of earthly governments. To further Athaliah and Jezebel's strategies, she is forced to marry Yahweh's high priest and enters the unfamiliar world of Yahweh's temple. Can her new husband show her the truth and love she craves? And can Jehosheba overcome her fear and save the family--and the nation--she loves? With deft skill, Mesu Andrews brings Old Testament passages to life, revealing a fascinating story of the power of unconditional love.

Post Cinematic Affect JHU Press

'Community' continues to be a persistent theme in political, philosophical and policy debates. The idea of community poses fundamental questions about social inclusion and exclusion, particular versus general interests, identity and belonging. As well as extensive theoretical literature in the social sciences, there is a rich body of social research aimed at exploring the nature of community, and evaluating its contribution to people's lives and well-being. Drawing on a wealth of international empirical examples and illustrations, this book reviews debates surrounding the idea of community. It examines changing patterns of community life and evaluates their importance for society and for individuals. As well as urban, rural and class-based communities, it explores other contemporary forms of community, such as social movements, communes and 'virtual' gatherings in cyberspace. Truly multidisciplinary, this book will be of interest to students of sociology, geography, political science and social policy and welfare. Grounded in a wide-ranging review of empirical research, it provides an overview of sociological debates surrounding the idea of community and relating them to the part community plays in people's everyday conceptions of identity.

American Grand Strategy in the Age of Trump Brookings Institution Press

Essentials of Social Psychology provides a clear, concise and engaging introduction to the field. Covering all the major topics and theoretical perspectives, this exciting new book provides straightforward explanation of key terms and concepts in a lively and student-friendly manner. Debates and controversies are brought to life and the wider practical relevance of the subject is emphasised throughout. Pedagogical features that appear across the book include Research Classic sections which describe classic studies, Research Applications boxes that highlight more contemporary developments in social psychological research and their practical applications, Real World features that look at the everyday relevance of social psychological concepts are dealt with in popular media. An international balance of research alerts students to the cross cultural dimensions of social psychology. Essentials of Social Psychology is accompanied by MyPsychLab, an interactive online study resource designed to help students to consolidate and further their understanding. Together, the book and online support make this an ideal resource for those studying the subject for the first time, or as part of a more general programme of study.

Indulge UCL Press

Offers entries on 24 of the significant archetypes of horror and the supernatural, from the classical epics of Homer to the novels of Stephen King.

USA Today Bestseller. Book 2 of Cassandra & Logan's story. It wasn't his fault she lay broken and battered. He wasn't responsible for the injuries covering her bruised body. Her heart, however, told a different story. She endured the pain of its jagged edges as it shattered against her chest, ripping through the hope she once held. Her spirit was broken, and only one man was to blame for that. Cassandra Clarke had known better than to trust her all to a man like Logan West. She'd thought he was different—a better man than he'd portrayed to others. A man worth risking it all for. But she was wrong, and would never make that mistake again. What happens when you question everything you longed to believe—deny all emotions you still hold for a man unworthy of them? Faced with Logan's persistence, Cassandra must find the strength to keep her guard up or risk falling again for the one man her body feels...is irreplaceable. Book 1 Inevitable is currently \$.99 Book 3, Indestructible is out now.

**Packaged** John Wiley & Sons

"Pompian is handing you the magic book, the one that reveals your behavioral flaws and shows you how to avoid them. The tricks to success are here. Pompian takes a practical approach to the science of behavioral finance and puts it to use in the real world. He reveals 20 of the most prominent individual investor biases and helps you properly modify your asset allocation decisions based on the latest research on behavioral anomalies of individual investors.

Scenes of Subjection: Terror, Slavery, and Self-Making in Nineteenth-Century America Pearson Education India

Publisher description

**Essentials of Social Psychology** Harper Collins

Hilary Robinson gave up on fairy tales when she was still a little girl. Headstrong and stubborn, she refuses to depend on anyone except herself, living life her way: easy come, easy go. Faultless loyalty and unwavering confidence is what the world may see, but deep down she's drowning in reckless behavior—with consequences she's tired of running from. A man of many talents, Caleb Townsend has always lived hard and with no regrets. He knows the game better than most but plays by his own rules, which include a calculated hand of poker that opens enticing new possibilities. With a promising business to build and estranged family members anticipating his failure, he has everything to lose and no time for distractions. But it only takes a single conversation with the once-shy girl he remembers hanging around when they were kids to spark an undeniable attraction. With shameful secrets and old habits dying hard, they soon realize that if they don't raise the stakes, one of them will be forced to fold their hand. Some romances burn bright and fizzle fast, but this one's nothing short of an...inferno. This is a full length standalone novel that can be read before or after Inevitable.

Stirred Up Open Book Publishers

Quoting is all around us. But do we really know what it means? How do people actually quote today, and how did our present systems come about? This book brings together a down-to-earth account of contemporary quoting with an examination of the comparative and historical background that lies behind it and the characteristic way that quoting links past and present, the far and the near. Drawing from anthropology, cultural history, folklore, cultural studies, sociolinguistics, literary studies and the ethnography of speaking, Ruth Finnegan's fascinating study sets our present conventions into crosscultural and historical perspective. She traces the curious history of quotation marks, examines the long tradition of quotation collections with their remarkable recycling across the centuries, and explores the uses of quotation in literary, visual and oral traditions. The book tracks the changing definitions and control of quoting over the millennia and in doing so throws new light on ideas such as imitation, allusion, authorship, originality and plagiarism.

Genius Foods Pearson Education

Socialism is strangely impervious to refutation by real-world experience. Over the past hundred years, there have been more than two dozen attempts to build a socialist society, from the Soviet Union to Maoist China to Venezuela. All of them have ended in varying degrees of failure. But, according to socialism's adherents, that is only because none of these experiments were "real socialism". This book documents the history of this, by now, standard response. It shows how the claim of fake socialism is only ever made after the event. As long as a socialist project is in its prime, almost nobody claims that it is not real socialism. On the contrary, virtually every socialist project in history has gone through a honeymoon period, during which it was enthusiastically praised by prominent Western intellectuals. It was only when their failures became too obvious to deny that they got retroactively reclassified as "not real socialism".

To Kill a Mockingbird Springer Science & Business Media

A wedding companion to the New York Times & USA Today Bestselling Harmony Series. Some dreams are forever just that: a longing void never filled, the desire for something always out of reach. It's only when fate steps in that your world can be forever changed. Lovers enter your life in many different forms—a young crush, or an unavoidable collision. About Face London Publishing Partnership

Divided into four parts, this book examines the context of wine production, the wine consumer, and the social context of wine. It discusses themes like the historical, geographical, and cultural factors and the way they shape wine production and consumption, wine production, marketing differentiation, the contemporary wine consumer and lifestyle factors, and politics and the economics of wine. (Midwest).

Community and Everyday Life Simon and Schuster

This is a book for cinephiles, pure and simple. Author and filmmaker, Jim Piper, shares his vast knowledge of film and analyzes the most striking components of the best movies ever made. From directing to cinematography, from editing and music to symbolism and plot development, The Film Appreciation Book covers hundreds of the greatest works in cinema, combining history, technical knowledge, and the art of enjoyment to explain why some movies have become the most treasured and entertaining works ever available to the public, and why these movies continue to amaze viewers after decades of notoriety. Read about such classic cinematic masterpieces as Citizen Kane, Gandhi, Midnight Cowboy, Easy Rider, True Grit, Gone With the Wind, and The Wizard of Oz, as well as more recent accomplishments in feature films, such as Requiem for a Dream, Munich, The King's Speech, and The Hurt Locker. Piper breaks down his analysis for you and points out aspects of production that movie-lovers (even the devoted ones)

would never recognize on their own. This book will endlessly fascinate, and by the time you get to the last chapter, you're ready to start all over again. In-depth analysis and thoughtful and wide-ranging film choices from every period of cinema history will ensure that you never tire of this reading companion to film. Allworth Press, an imprint of Skyhorse Publishing, publishes a broad range of books on the visual and performing arts, with emphasis on the business of art. Our titles cover subjects such as graphic design, theater, branding, fine art, photography, interior design, writing, acting, film, how to start careers, business and legal forms, business practices, and more. While we don't aspire to publish a New York Times bestseller or a national bestseller, we are deeply committed to quality books that help creative professionals succeed and thrive. We often publish in areas overlooked by other publishers and welcome the author whose expertise can help our audience of readers.

#### Building Blocks for Liberty Crown

The computer unlike other inventions is universal; you can use a computer for many tasks: writing, composing music, designing buildings, creating movies, inhabiting virtual worlds, communicating... This popular science history isn't just about technology but introduces the pioneers: Babbage, Turing, Apple's Wozniak and Jobs, Bill Gates, Tim Berners-Lee, Mark Zuckerberg. This story is about people and the changes computers have caused. In the future ubiquitous computing, AI, quantum and molecular computing could even make us immortal. The computer has been a radical invention. In less than a single human life computers are transforming economies and societies like no human invention before.

*In the Shadow of Jezebel (Treasures of His Love Book #4)* Butterworth-Heinemann

The groundbreaking debut by the award-winning author of *Wayward Lives, Beautiful Experiments*, revised and updated. Saidiya Hartman has been praised as "one of our most brilliant contemporary thinkers" (Claudia Rankine, New York Times Book Review) and "a lodestar for a generation of students and, increasingly, for politically engaged people outside the academy" (Alexis Okeowo, The New Yorker). In *Scenes of Subjection*—Hartman's first book, now revised and expanded—her singular talents and analytical framework turn away from the "terrible spectacle" and toward the forms of routine terror and quotidian violence characteristic of slavery, illuminating the intertwining of injury, subjugation, and selfhood even in abolitionist depictions of enslavement. By attending to the withheld and overlooked at the margins of the historical archive, Hartman radically reshapes our understanding of history, in a work as resonant today as it was on first publication, now for a new generation of readers. This 25th anniversary edition features a new preface by the author, a foreword by Keeanga-Yamahtta Taylor, an afterword by Marisa J. Fuentes and Sarah Haley, notations with Cameron Rowland, and compositions by Torkwase Dyson.

#### **Infinite (Harmony Series)** MIT Press

During the 1960s and 1970s, magazines became an important new site of artistic practice, functioning as an alternative exhibition space for the dematerialized practices of conceptual art. Allen looks at the most important of these magazines in their heyday and compiles an illustrated directory of hundreds of others.

#### **Grammar and Language Workbook** Bucknell University Press

The gripping, true story of a brutal serial killer who unleashed his own reign of terror in Nazi-Occupied Paris. As decapitated heads and dismembered body parts surfaced in the Seine, Commissaire Georges-Victor Massu, head of the Brigade Criminelle, was tasked with tracking down the elusive murderer in a twilight world of Gestapo, gangsters, resistance fighters, pimps, prostitutes, spies, and other shadowy figures of the Parisian underworld. But while trying to solve the many mysteries of the case, Massu would unravel a plot of unspeakable deviousness. The main suspect, Dr. Marcel Petiot, was a handsome, charming physician with remarkable charisma. He was the "People's Doctor," known for his many acts of kindness and generosity, not least in providing free medical care for the poor. Petiot, however, would soon be charged with twenty-seven murders, though authorities suspected the total was considerably higher, perhaps even as many as 150. Petiot's trial quickly became a circus. Attempting to try all twenty-seven cases at once, the prosecution stumbled in its marathon cross-examinations, and Petiot, enjoying the spotlight, responded with astonishing ease. Soon, despite a team of prosecuting attorneys, dozens of witnesses, and over one ton of evidence, Petiot's brilliance and wit threatened to win the day. Drawing extensively on many new sources, including the massive, classified French police file on Dr. Petiot, *Death in the City of Light* is a brilliant evocation of Nazi-Occupied Paris and a harrowing exploration of murder, betrayal, and evil of staggering proportions.
