Safety officer interview questions ans answers (HSE)

Answer : It is a condition which gives you freedom from hazard,
risk, accident which may cause injury, damage and loss to
material or property damage and even death. Safety is defined
as freedom from those condition that can cause injury to persons
including death or damage to property or environment.

Question 2.

Forklift Test Questions and Answers 2020

A good answer would cover the duties and responsibilities as detailed in the
job description, and might touch on things like: how often you ' d perform
routine inspections, how often you ' d conduct training (and what you
might focus on), and how you ' d keep track of compliance and incident
reporting.
