as specifications, ratings, suggested retail prices, and dealer invoice prices. Original.

Popular Mechanics

Consumer Guide Books Pub

This specialty buying guide presents easy-to-use historical profiles of some 200 models--cars, trucks, minivans, sport utility vehicles--giving readers a

comprehensive view of each model as a used car.

**The Used Car Book,
1996-1997**

Consumer Guide Books Lemon-Aid guides steer the confused and anxious buyer through the economic meltdown unlike any other car-and-truck books on the market. U.S. automakers are suddenly awash in profits, and South Koreans and Europeans have gained market shares, while

Honda, Nissan, some and Toyota have curtailed production following the 2011 tsunami in Japan. Shortages of Japanese new cars and supplier disruptions will likely push used car prices through the roof well into 2012, so what should a savvy buyer do? The all-new Lemon-Aid Used Cars and Trucks 2012-2013 has the answers, including: More vehicles rated, with

redesigned models that don't perform as well as previous iterations downrated. More roof crash-worthiness ratings along with an expanded cross-border shopping guide. A revised summary of safety- and performance-related defects that are likely to affect rated models. More helpful websites listed in the appendix as well as an

updated list
of the best
and worst
"beaters" on
the market.
More "secret"
warranties
taken from
automaker
internal
service
bulletins and
memos than
