The Informatica Intelligent Data Platform is the industry ' s most comprehensive and modular platform. Built on a microservices-based, API-driven and AI-powered architecture, it helps you unleash the value of data across your enterprise at scale.

[Informatica cloud user guide.](#)

You can merge a duplicate pair to eliminate the duplicate record and retain the master record. Specify the record that provides the surviving data when you merge the two records. Select the account, lead, or contact record that has a duplicate. Select the check box next to the record that you want to merge with the record you are viewing.
