En la presente publicaci ó n, el orden que mostramos no es antojadizo ni aleatorio, sino que indica un camino a seguir por todo aquel que desea desempe ñ arse como perito en la materia. Hoy el panorama ha cambiado -entre otras razones por la amplia difusi ó n y recepci ó n que tuvo el Manual de Inform á tica Forense, ofrecido a los lectores por esta misma Editorial (2011)- y nuevamente nos encontramos con la Prof. Ing.
