SANS has developed a set of information security policy templates. These are free to use and fully

customizable to your company's IT security practices. Our list includes policy templates for

acceptable use policy, data breach response policy, password protection policy and more.

[Information Technology Documentation Template](#)

This Information Technology (IT) policy and procedure manual is for the small to medium sized business owner

and their employees. The main benefits to having this policy and procedure manual: ensures all staff are aware of obligations in relation to selection, use and safety when utilising information technology within the business

Think of a documentation template as your essential guide for documenting all of your data and SOPs. When your entire office is making use of templates, your documentation will be consistent. This not only makes it easier to document, but to use the documentation later on to enhance your team's productivity. The best part? IT Glue has done a lot of the work for you. The Structure of IT Glue
