Mower Tire Tubes

Reviews and Buying Guide

When buying inner tubes, make sure you get the right valve: a Schrader valve won ' t fit through the valve hole in a wheel rim drilled for a Presta valve. And a Presta

valve is too narrow to fit...

Inner tube buying guide | Wiggle Cycle Guides

Our Guide to Buying: Inner Tubes What are Cycling Inner Tubes? In a nutshell. Inner tubes are normally made of butyl rubber or Latex, they sit inside your tyre and are inflated with a pump, they sometimes puncture but are easily replaced. Inner tubes are simple but essential – unless you're riding with tubeless tyres, you'll always need an inner tube. Carrying spares is always a good idea, even if you are running tubeless, as a large slash or hole will not seal easily.
