Framework for Physical Therapy Documentation. This purpose of this session is to help students and practicing therapists develop an efficient and effective documentation strategy appropriate for use across a wide range of practice settings and patient populations.

### Inpatient Rehabilitation Therapy

#### Services: Complying with ...

Documentation must indicate that therapy treatment was individualized, or one-on-one.

Group therapies should serve as an adjunct to individual therapies. If an unexpected clinical event occurred during the course of the IRF treatment and limited the patient's participation, the medical record documentation must indicate the reasons for the break.
