This was a great book! I love this concept. This is Alice and Wonderland, but with many twists and turns that trap you in the book. I feel like I am actually part of the book. Cameron Jace is a great author and I hope to read more of his books, like Figment book 2 in the Mad in Wonderland Series. There was only mild cussing.

After accidentally
killing everyone in
her class, Alice
Wonder is now a
patient in the
Radcliffe Lunatic
Asylum. No one

insanity. Only a

professor believes
otherwise; that he
can prove her
sanity by
decoding Lewis
Carroll's
paintings,
photographs, and
find Wonderland's
real whereabouts.

Insanity by
Cameron Jace is
one of the craziest

books I have ever
read, which is a lot
to say considering
the books I tend to
read more often
than not have
wizards, vampires
or private eye
detectives in them.
This is the first book
in the Mad in
Wonderland series.
Cameron Jace re-
imagines Alice in
Wonderland
characters in a
ludicrous modern
day setting with
perfectly vague and
frabjous (a word
used in the book a
LOT) results.

Alice leads a
double life: an
Oxford university
student by day, a
mad girl in an

asylum by night. The book to you readers
line between sanity but that is where
and insanity thin you'll find it since
when she meets it's definitely...

Jack Diamond, an
arrogant college
student who
believes that
nonsense is an
