DEVIL AT THE ALTAR is book 3 and the finale of the Cutthroat 99 MC trilogy! I'll give her what she craves and take what I want. The devils left her shattered and broken. She needed a savior, but what she got was a monster. A monster who wants to hear her plead. A monster who will make her scream. They stripped everything from her and took what little she had left. She was left broken and hollow—with no-one else to turn to. When I found out what the bastards did to her. When I saw how the way they left her. Something inside of me snapped. She knew her share of monsters. She knew men like me. But I'll be goddamned if I let her go. Not before I tame her. Not before I own her. Not before I take what I want. Again and again. Until she's mine.

The extensive scope of this collection means that this documentary record of the reception of German literature in England is a valuable scholarly resource. One of the most important features of British literary and intellectual history over the past 250 years is the influence of German literature. From the second half of the 18th Century, through the first decades of the 19th, German books and ideas attracted, then gained the attention of a nation. Despite the acknowledged importance of the influence on writers such as Coleridge and Carlyle the subject, though often alluded to, was rarely studied. This collection provides a guidebook through the masses of periodical and allows the English side of the Anglo-German literary relationship to be explored in detail. In order to make the collection useful to scholars with a wide range of interest, it has been divided into three parts: Part 1 is a chronological presentation of commentary on German literature in general. It also contains collective reviews of multiple German authors, notices of important anthologies and reactions to influential works about Germany and its culture. Part 2 collects reviews of 18th Century individual German authors and Part 3 is devoted to the English reception of Goethe and Schiller. Parts 2 & 3 contain cross-references to the collective reviews of Part 1. Containing over 200 British serials and articles and reviews from all the major English literary periodicals, the collection also includes a broad sampling of opinion from the more general magazines, including some popular religious publications.

Defense attorney Kevin Corvelli fled from New York to Hawaii after the sensational death of one of his clients three years ago. Now, in the wake of another client's death—a client Kevin had fallen in love with—Kevin would run again if only he could pull himself free from a couple of high-profile, high-risk cases. The FBI is investigating the poisoning of a young woman who happened to be Governor Wade Omphrey's mistress. The governor was off the island at the time, but that doesn't mean that he didn't order the hit or that he doesn't need a hotshot lawyer like Corvelli defending him. Then the DEA raids a local meth lab and Turi Ahina is picked up in the sweep. A career criminal, Ahina has set Corvelli up with plenty of client referrals, but Corvelli owes him for much more than that ever since Ahina saved his life. Now Ahina's only way out is to turn in the big man, and he can't just tell the FBI who it is—they already know that. He needs to find him and set a trap, a trap that won't succeed without Corvelli's help. The plan is simple, as foolproof and dangerous as a suicide attempt. As the stakes rise, Corvelli gets drawn in deeper and deeper until the only way he can escape is to stick it out to the end in Douglas Corleone's most compelling legal mystery yet.
