Former Suffolk County cop Gus Murphy returns to prowl the meaner streets of Long Island's darkest precincts, with a Russian mercenary at his back, in the stunning second installment of Reed Farrel Coleman's critically acclaimed series, now in paperback. Gus Murphy and his girlfriend Magdalena are put in harm's way when Gus is caught up in the distant aftershocks of heinous crimes committed decades ago in Vietnam and Russia. Gus's ex-priest pal, Bill Kilkenny, introduces him to a wealthy businessman anxious to have someone look more deeply into the brutal murder of his granddaughter. Though the police already have the girl's murderer in custody, they have been unable to provide a reason for the killing. The businessman, Spears,

offers big incentives if Gus can supply him with what the cops cannot—a motive. Later that same day, Gus witnesses the execution of a man who has just met with his friend Slava. As Gus looks into the girl's murder and tries to protect Slava from the executioner's bullet, he must navigate a mine field populated by hostile cops, street gangs, and a Russian mercenary who will stop at nothing to do his master's bidding. But in trying to solve the girl's murder and save his friend, Gus may be opening a door into a past that was best left forgotten. Can he fix the damage done, or is it true that what you break you own...forever?

The method and plan of this dictionary of Jamaican English are basically the same as those of the Oxford English Dictionary, but oral sources have been extensively tapped in addition to detailed coverage of literature published in or about Jamaica since 1655. It contains information about the Caribbean and its dialects, and about Creole languages and general linguistic processes. Entries give the pronunciation, part-of-speech and usage of labels, spelling variants, etymologies and dated citations, as well as definitions. Systematic indexing indicates the extent to which the lexis is shared with other Caribbean countries.

Hip Hop literature, also known as urban fiction or street lit, is a type of writing evocative of the harsh realities of life in the inner city. Beginning with seminal works by such writers as Donald Goines and Iceberg Slim and culminating in contemporary fiction, autobiography, and poetry, Hip Hop literature is exerting the same kind of influence as Hip Hop music, fashion, and culture. Through more than 180 alphabetically arranged entries, this

encyclopedia surveys the world of Hip Hop literature and places it in its social and cultural contexts. Entries cite works for further reading, and a bibliography concludes the volume. Coverage includes authors, genres, and works, as well as on the musical artists, fashion designers, directors, and other figures who make up the context of Hip Hop literature. Entries cite works for further reading, and the encyclopedia concludes with a selected, general bibliography. Students in literature classes will value this guide to an increasingly popular body of literature, while students in social studies classes will welcome its illumination of American cultural diversity.

Politics and Literature at the Dawn of World War II Bloomsbury Publishing

The first (hardback) edition of this book sold out before its official publication date, and public demand has been so great that a paperback edition will now be

published. Brigadier-General Herbert Hart landed at Gallipoli on 26 April 1915, commanded the Wellington Battalion during the closing stages of that campaign, then served as a battalion and brigade commander on the Western Front between 1916 and 1918.

Throughout the war he kept a diary, in which he recorded his experiences in the great battles on Gallipoli, the Somme and Passchendaele. Hart's diary is now widely regarded as one of the most important personal sources relating to the New Zealand Expeditionary Force. Exceptionally well written, it includes gripping descriptions of

both combat and life behind the front line and on leave in France and United Kingdom. While Hart can appear quite detached at times, he is also a very human observer of the events around him, understanding the plight of his men, finding humour in the most unlikely situations and noticing unexpected details at moments of high tension. As a first-hand account of life in the firestorm of World War One, *The Devil's Own War* is hard to beat.

INSIDE BROKEN (a Devil Call MC Book) (Talon and Everly Book One) Exisle Publishing

A trail of beribboned murders. A ticking bomb. A city about to explode. July, 1858: London swelters under the oppressive heat of the hottest summer on record, and trouble is brewing. Forensic scientist Professor Adolphus Hatton and his trusty assistant, Albert Roumande, have a morgue full of cholera victims. The dead are all Irish, the poorest of London's poor. They came in their thousands ten years ago, forced into the London slums by the terrible famine. Now they live segregated from the rest of Victorian society, a race apart in this heaving city who are at once everywhere and nowhere. But they are a close knit people, and deeply politicised. From the docks in Limehouse to the taverns of St Giles, Fenian groups are talking of violence and of liberation. When a series of violent murders threatens to cause tensions to boil over, Scotland Yard calls on Hatton and Roumande to help investigate. The seemingly unconnected victims, who hail from all strata of society, are linked by the same macabre calling card: a bright Fenian green ribbon placed strategically about their corpses.

While Hatton's search for clues leads him into the spell of a blindingly beautiful woman, a widow of one of the slain, rumblings of a bombing campaign led by an agitator priest and his gang of would-be terrorists build throughout the slums. As the orchestra of veiled motives, divided loyalties, and violent retribution reaches a crescendo, Hatton's skills are tested to the limit. With Roumande, he must race across London to an island with a shipwreck and a secret on a nail-biting race against time in this gripping, elegantly executed Victorian mystery in the tradition of *The Dante Club* and *The Somnambulist*.

Mining the borderlands where history meets literature in Britain and Europe as well as America, this book shows how the imminence and outbreak of World War II ignited the imaginations of writers ranging from Ernest Hemingway, W.H. Auden, and James Joyce to Bertolt Brecht, Evelyn Waugh, Henry Green, and Irène Némirovsky. Taking its cue from Percy Shelley's dictum that great writers are to some extent created by the age in which they live, this book shows how much the politics and warfare of the years from 1939 to 1941 drove the literature of this period. Its novels, poems, and plays differ radically from histories of World War II because—besides being works of imagination-- they are largely products of a particular stage in the author's life as well as of a time at which no one knew how the war would end. This is the first comprehensive study of the impact of the outbreak of the Second World War on the literary work of American, English, and European writers during its first

years.

Vicious Vipers MC Box Set Vol 2
The extensive scope of this collection means that this documentary record of the reception of German literature in England is a valuable scholarly resource. One of the most important features of British literary and intellectual history over the past 250 years is the influence of German literature. From the second half of the 18th Century, through the first decades of the 19th, German books and ideas attracted, then gained the attention of a nation. Despite the acknowledged importance of the influence on writers such as Coleridge and Carlyle the subject, though often alluded to, was rarely

studied. This collection provides a guidebook through the masses of periodical and allows the English side of the Anglo-German literary relationship to be explored in detail. In order to make the collection useful to scholars with a wide range of interest, it has been divided into three parts: Part 1 is a chronological presentation of commentary on German literature in general. It also contains collective reviews of multiple German authors, notices of important anthologies and reactions to influential works about Germany and its culture. Part 2 collects reviews of 18th Century individual German authors and Part 3 is devoted to the English reception of Goethe and Schiller. Parts 2 & 3 contain cross-references to the collective reviews of Part 1. Containing over 200 British serials and articles and reviews from all the major English literary periodicals, the collection also includes a broad sampling of opinion from the more general

magazines, including some popular religious publications.

Its iron-will belief system is so strong, that its success will ultimately come not from its own military might, but rather from an unraveling of the international stage towards a veiled co-existence. Against this background, a sinister plan for a nuclear holocaust has been conceived. Its chief architect is not a person of self-control, but rather a psychopathic madman intent on becoming the most powerful and feared individual of all time.
