Coaching from the Inside Out Knopf

In search of a place to call home, thousands of Hmong families made the journey from the war-torn jungles of Laos to the overcrowded refugee camps of Thailand and onward to America. But lacking a written language of their own, the Hmong experience has been primarily recorded by others. Driven to tell her family 's story after her grandmother 's death, The Latehomecomer is Kao Kalia Yang 's tribute to the remarkable woman whose spirit held them all together. It is also an eloquent, firsthand account of a people who have worked hard to make their voices heard. Beginning in the 1970s, as the Hmong

were being massacred for their collaboration with the United States during the Vietnam War, Yang recounts the harrowing story of her family 's captivity, the daring rescue undertaken by her father and uncles, and their narrow escape into Thailand where Yang was born in the Ban Vinai Refugee Camp. When she was six years old, Yang 's family immigrated to America, and she evocatively captures the challenges of adapting to a new place and a new language. Through her words, the dreams, wisdom, and traditions passed down from her grandmother and shared by an entire community have finally found a voice. Together with her sister, Kao Kalia Yang is the founder of a company dedicated to helping immigrants with writing, translating, and business services. A graduate of Carleton College and Columbia University, Yang has recently screened The Place Where We Were

Born, a film documenting the experiences of Hmong American refugees. Visit her website at [www.kaokaliayang.com](http://www.kaokaliayang.com). Know Your Price Random House

Interest in Pink Floyd remains as intense as ever even 40 years after the release of Dark Side of the Moon, with lavish box-sets collecting demos and out-takes, and Roger Waters ' world tours of The Wall playing to packed stadiums. Now, Mark Blake 's superbly comprehensive and engrossing history of the group, rightly acclaimed as the definitive book on the band, has been fully revised and extended with new interviews to bring the story up to date with the recent appearances of David Gilmour and Nick Mason with Roger Waters at a London date on his The Wall tour.

Detailed summary and analysis of *The Power of Habit*.

**Pink Floyd Trivia Book Orion**

The first significant fresh reporting on the legendary band in twenty years, built on interviews with all surviving band members and revealing a never-before-seen side of the genius and debauchery that defined their heyday. Veteran rock journalist Mick Wall unflinchingly tells the story of the band that pushed the envelope on both creativity and excess, even by rock 'n' roll standards. Led Zeppelin was the last great band of the 1960s and the first great band of the 1970s—and *When Giants Walked the Earth* is the full, enthralling story of Zep from the inside, written by a former confidante of both Jimmy Page and Robert Plant. Rich and revealing, it bores into not only the disaster, addiction and death that haunted the band but also into the real relationship between Page and Plant, including how it was influenced by Page's interest in the

occult. Comprehensive and yet intimately detailed, *When Giants Walked the Earth* literally gets into the principals' heads to bring to life both an unforgettable band and an unrepeatable slice of rock history.

*When Giants Walked the Earth* Brookings Institution Press

The national bestseller celebrated as "the ultimate Johnny Cash biography . . .

Rock writer great Robert Hilburn goes deep." --

*Rolling Stone* In this, the definitive biography of an American legend, Robert Hilburn conveys the unvarnished truth about a musical superstar. Johnny Cash's extraordinary career stretched from his days at Sun Records with Elvis Presley and Jerry Lee Lewis to the remarkable creative last hurrah, at age 69, that resulted in the brave, moving "Hurt" video. As music critic for the *Los Angeles Times*, Hilburn knew Cash throughout his life: he was the only music journalist at the legendary Folsom Prison concert in 1968, and he interviewed both Cash and his wife June Carter just months before their deaths. Drawing upon a trove of never-before-seen material

from the singer's inner circle, Hilburn creates an utterly compelling, deeply human portrait of a towering figure in country music, a seminal influence in rock, and an icon of American popular culture. Hilburn's reporting shows the astonishing highs and deep lows that marked the journey of a man of great faith and humbling addiction who throughout his life strove to use his music to lift people's spirits.

**Pink Floyd Shambhala Publications**

UPDATED FOR 2017 WITH A NEW CHAPTER The definitive history of Pink Floyd, one of the world's great bands, by founder member Nick Mason. Pink Floyd is one of the most creative, successful and enduring bands of all time. As the only member to have been part of the band throughout the 50 years of its existence, and the first to write a personal take on their history, Nick Mason gives unique insights into Pink Floyd's highs and lows: from their emergence in the late 1960s underground, to the huge worldwide success of *The Dark Side of the Moon* and the rifts and pressures that developed within the group. In a new chapter Nick Mason looks back at the years following the band's final performance at Live 8 in July 2005 and reflects on the huge

---

changes that have occurred since: the irreplaceable losses, the new releases and the impact on the Floyd's continued success of both digital technology and social media. Intelligent, original and self-deprecating, *Inside Out* is the first-hand story of a band that has become a legend, as celebrated by the Victoria & Albert Museum's landmark Pink Floyd exhibition in 2017. \*\*Nominated for the 2022 BookTube Prize in Nonfiction\*\* Anthony Bourdain's long time director and producer takes readers behind the scenes to reveal the insanity of filming television in some of the most volatile places in the world and what it was like to work with a legend. In the nearly two years since Anthony Bourdain's death, no one else has come close to filling the void he left. His passion for and genuine curiosity about the people and cultures he visited made the world feel smaller and more connected. Despite his affable, confident, and trademark snarky TV persona, the real Tony was intensely private, deeply conflicted about his fame, and an enigma even to those close to him. Tony's devoted crew knew him best,

and no one else had a front-row seat for as long as his director and producer, Tom Vitale. Over the course of more than a decade traveling together, Tony became a boss, a friend, a hero and, sometimes, a tormentor. In *the Weeds* takes readers behind the scenes to reveal not just the insanity that went into filming in some of the most far-flung and volatile parts of the world, but what Tony was like unedited and off-camera. From the outside, the job looked like an all-expenses-paid adventure to places like Borneo, Vietnam, Iran, the Democratic Republic of Congo, and Libya. What happened off-camera was far more interesting than what made it to air. The more things went wrong, the better it was for the show. Fortunately, everything fell apart constantly. **Changing the World from the Inside Out** Race Point Publishing  
James R. Barrett rethinks the boundaries of American working-class history by investigating the ways in which working-class people's personal lives intersected with their activism and religious, racial, ethnic, and class identities. *A Very Irregular Head* HarperCollins  
The deliberate devaluation of Blacks and their communities has had very real, far-reaching, and negative economic and social effects. An enduring white supremacist myth claims brutal conditions in Black communities

are mainly the result of Black people's collective choices and moral failings. "That's just how they are" or "there's really no excuse": we've all heard those not so subtle digs. But there is nothing wrong with Black people that ending racism can't solve. We haven't known how much the country will gain by properly valuing homes and businesses, family structures, voters, and school districts in Black neighborhoods. And we need to know. Noted educator, journalist, and scholar Andre Perry takes readers on a tour of six Black-majority cities whose assets and strengths are undervalued. Perry begins in his hometown of Wilkinsburg, a small city east of Pittsburgh that, unlike its much larger neighbor, is struggling and failing to attract new jobs and industry. Bringing his own personal story of growing up in Black-majority Wilkinsburg, Perry also spotlights five others where he has deep connections: Detroit, Birmingham, New Orleans, Atlanta, and Washington, D.C. He provides an intimate look at the assets that should be of greater value to residents—and that can be if they demand it. Perry provides a new means of determining the value of Black communities. Rejecting policies shaped by flawed perspectives of the past and present, it gives fresh insights on the historical effects of racism and provides a new value paradigm to limit them in the future. *Know Your Price* demonstrates the worth of Black people's intrinsic personal strengths, real property, and traditional institutions. These assets are a means of

---

empowerment and, as Perry argues in this provocative and very personal book, are what we need to know and understand to build Black prosperity.

**Inside Out** Hachette UK

A NEW YORK TIMES  
NOTABLE BOOK OF THE  
YEAR • NEW YORK TIMES  
BEST SELLER • From the

indie rockstar of Japanese Breakfast fame, one of TIME's Most Influential People of 2022, and author of the viral 2018 New Yorker essay that shares the title of this book, an unflinching, powerful memoir about growing up Korean American, losing her mother, and forging her own identity.

In this exquisite story of family, food, grief, and endurance, Michelle Zauner proves herself far more than a dazzling singer, songwriter, and guitarist. With humor and heart, she tells of growing up one of the few Asian American kids at her school in Eugene, Oregon; of struggling with her mother's particular, high expectations of her; of a painful adolescence; of treasured months spent in her grandmother's tiny apartment in Seoul, where she and her mother would bond, late at night, over heaping plates of food. As she grew up, moving to the East Coast for college, finding work in the restaurant industry, and performing gigs with her fledgling band--and meeting the man who would become her husband--her Koreanness began to feel ever

more distant, even as she found the life she wanted to live. It was her mother's diagnosis of terminal cancer, when Michelle was twenty-five, that forced a reckoning with her identity and brought her to reclaim the gifts of taste, language, and history her mother had given her. Vivacious and plainspoken, lyrical and honest, Zauner's voice is as radiantly alive on the page as it is onstage. Rich with intimate anecdotes that will resonate widely, and complete with family photos, *Crying in H Mart* is a book to cherish, share, and reread.

**Creativity, Inc.** Crown

There are two ages in the history of television: before HBO and after HBO. Before the launch of Home Box Office in 1972, the industry had changed little since the birth of broadcast network television in the late 1940s. The arrival of the premium cable channel began a revolution in the business and programming of TV. For the generation that has grown up with the vast array of viewing choices available today, it is almost inconceivable that our ever-expanding media universe began with a few hours of unimpressive programming on a single cable channel. Written by an insider, this is the story of HBO's reconfiguration of television

and the company's continual reinvention of itself in a competitive and dynamic industry.

Are you wondering about becoming a coach? Are you a coach who wants to renew your focus? I invite you to walk with me and reflect on what I think it means to be a coach. I hope this walk will help you to find your own meaning. Perhaps more than anything this book is an invitation to explore 'coaching' from the inside out. Brian Duggan CEC PCC

Roger Waters Penguin

This book is about the central figure of our contemporary, 'liquid modern' times – the man or woman with no bonds, and particularly with none of the fixed or durable bonds that would allow the effort of self-definition and self-assertion to come to a rest. Having no permanent bonds, the denizen of our liquid modern society must tie whatever bonds they can to engage with others, using their own wits, skill and dedication. But none of these bonds are guaranteed to last. Moreover, they must be tied loosely so that they can be

---

untied again, quickly and as effortlessly as possible, when circumstances change – as they surely will in our liquid modern society, over and over again. The uncanny frailty of human bonds, the feeling of insecurity that frailty inspires, and the conflicting desires to tighten the bonds yet keep them loose, are the principal themes of this important new book by Zygmunt Bauman, one of the most original and influential social thinkers of our time. It will be of great interest to students and scholars in sociology and in the social sciences and humanities generally, and it will appeal to anyone interested in the changing nature of human relationships.

In the Weeds Hachette Books "Framed in seven simple yet profound "mastery areas," this book serves as an integrated coaching experience that helps leaders understand how to harness their authentic, value-creating influence and elevate their impact as individuals, in teams, and in organizations. Cashman demonstrates that his trademark "whole-person" approach - we lead by virtue of who we are - is essential to sustained success in today's talent-starved marketplace and provides a measurable return on investment. For everyone from CEOs to emerging leaders, this second edition advances the art

and science of leadership and is even more relevant today than when it was first published."- Pigs Might Fly Da Capo Press, Incorporated "Enlightening, compassionate, superb" —John Le Carré Winner of the 2018 Cundhill History Prize A New York Times Book Review Notable Book of 2017 One of the New York Times 100 Notable Books of 2017 A visionary exploration of the life and times of Joseph Conrad, his turbulent age of globalization and our own, from one of the most exciting young historians writing today Migration, terrorism, the tensions between global capitalism and nationalism, and a communications revolution: these forces shaped Joseph Conrad's destiny at the dawn of the twentieth century. In this brilliant new interpretation of one of the great voices in modern literature, Maya Jasanoff reveals Conrad as a prophet of globalization. As an immigrant from Poland to England, and in travels from Malaya to Congo to the Caribbean, Conrad navigated an interconnected world, and captured it in a literary oeuvre of extraordinary depth. His life story delivers

a history of globalization from the inside out, and reflects powerfully on the aspirations and challenges of the modern world. Joseph Conrad was born Józef Teodor Konrad Korzeniowski in 1857, to Polish parents in the Russian Empire. At sixteen he left the landlocked heart of Europe to become a sailor, and for the next twenty years travelled the world's oceans before settling permanently in England as an author. He saw the surging, competitive "new imperialism" that planted a flag in almost every populated part of the globe. He got a close look, too, at the places "beyond the end of telegraph cables and mail-boat lines," and the hypocrisy of the west's most cherished ideals. In a compelling blend of history, biography, and travelogue, Maya Jasanoff follows Conrad's routes and the stories of his four greatest works—The Secret Agent, Lord Jim, Heart of Darkness, and Nostromo. Genre-bending, intellectually thrilling, and deeply humane, The Dawn Watch embarks on a spell-binding expedition into the dark heart of Conrad's world—and through it to our own.

## **A Personal History of Modern Ireland** Aurum

The definitive history of Pink Floyd by founding member Nick Mason, this reading edition brings up-to-date the band's incredible story as told uniquely from the inside out. Including the complete text of the original in an easy-to-read format, a new chapter covering the passing of Rick Wright and the release of the group's final album, and 80 pages of images from Mason's archives plus new photos, *Inside Out* is a masterly rock memoir and an eye opener for both veteran fans and those just discovering the group.

## **Crying in H Mart** Coffee House Press

From former British barrister John Burdett comes a psychosexual novel in the tradition of *Damage* and *Presumed Innocent*. At the heart of *A Personal History of Thirst* is an ill-fated love triangle where all hunger for something and are willing to risk everything to get it, blurring the boundaries between right and wrong and love and hate to do so. Thirst tells a gripping tale of murder, revenge, infidelity, ambition, and deception that keeps shocking until the stunning courtroom climax. Ambitious London lawyer James Knight, a prosperous solicitor, has denied his

lower-class background and carefully molded his public image in order to climb the social and professional ladder of the British legal system. He will soon "take silk"—become a Queen's counsel barrister, the highest rank a lawyer can obtain. More than a decade earlier, however, James had lived on the fringe of acceptable society and rigid British ethics during his years at university, experimenting with sex and drugs in a passionate love affair with a stunning and brilliant American named Daisy Smith. James's life takes an unexpected turn early in his career when he meets a client—an accused thief named Oliver Thirst—for a drink and a chat in a pub. Although they could not be more different, James is drawn to Thirst's high intelligence and wit. Soon their illicit friendship develops into a dark and erotic ménage à trois with Daisy at the center. Now, eleven years later, one is dead and two are suspected of murder. The murder investigation at the center of this impossible-to-put-down novel uncovers the bizarre love story between the barrister, the American, and the thief. And, in the end, A

*Personal History of Thirst* answers the question: What happens when genuine love becomes mixed with perverse obsession?

## **Saucerful of Secrets** Da Capo Press

---

first-ever, all-access trip into the nerve center of Pixar Animation—into the meetings, postmortems, and “Braintrust” sessions where some of the most successful films in history are made. It is, at heart, a book about creativity—but it is also, as Pixar co-founder and president Ed Catmull writes, “an expression of the ideas that I believe make the best in us possible.” For nearly twenty years, Pixar has dominated the world of animation, producing such beloved films as the Toy Story trilogy, Monsters, Inc., Finding Nemo, The Incredibles, Up, WALL-E, and Inside Out, which have gone on to set box-office records and garner thirty Academy Awards. The joyousness of the storytelling, the inventive plots, the emotional authenticity: In some ways, Pixar movies are an object lesson in what creativity really is. Here, in this book, Catmull reveals the ideals and techniques that have made Pixar so widely admired—and so profitable. As a young man, Ed Catmull had a dream: to make the first computer-animated movie. He nurtured that dream as a Ph.D. student at the University of Utah, where many computer science pioneers got their start, and then forged a partnership with George Lucas that led, indirectly, to his co-founding Pixar in 1986. Nine years later, Toy Story was released, changing animation forever.

The essential ingredient in that movie’s success—and in the thirteen movies that followed—was the unique environment that Catmull and his colleagues built at Pixar, based on leadership and management philosophies that protect the creative process and defy convention, such as: • Give a good idea to a mediocre team, and they will screw it up. But give a mediocre idea to a great team, and they will either fix it or come up with something better. • If you don’t strive to uncover what is unseen and understand its nature, you will be ill prepared to lead. • It’s not the manager’s job to prevent risks. It’s the manager’s job to make it safe for others to take them. • The cost of preventing errors is often far greater than the cost of fixing them. • A company’s communication structure should not mirror its organizational structure. Everybody should be able to talk to anybody.
